

Wiltshire Council

Western Area Planning Committee

30 November 2011

Item 5 – Public Participation

Councillor's question

Questions from Councillor Ernie Clark, Hilperton Division

What is the anticipated date for the merger of the western and eastern planning committees? How will such a merger assist in 'localism' or support for 'Where everybody matters' as against the aspirations of Wiltshire Council to reduce public involvement in decision making? If no such plan exists will the Cabinet member give a public statement to that effect? If not, why not?

Response

I cannot give a date as there are no plans at present to merge these committees.
