

## Clarendon College Olympic Torch Event Youth Funding Project

### 1. Please describe your project

Celebrating the “lunch stop” arrival for the Olympic Torch held at The Clarendon College. We aim to make this, as much as possible, a community event to celebrate and experience the Olympics and the torch itself. We would like to provide entertainment, lunch, a legacy and events for our students at the Clarendon College and selected students from our local Secondary and Primary schools.

The events will be special celebration lunches for invited guests from the local community, entertainment for all and festivals in the afternoon for Primary Schools.

### 2. Where is the project taking place?

The Clarendon College

### 3. When will the project take place?

Tuesday 22<sup>nd</sup> May 2012

### 4. How will the pupils and community benefit from the project?

- We will provide a rare opportunity for all Clarendon students and selected students from other local Secondary and Primary Schools to see the Torch as it arrives.
- Selected students from our school and local schools will have photo opportunities with the torch/Olympic Flame.
- Entertainment and competitions related to the Torch and the Olympic Legacy.
- A celebration lunch for those who are selected through their own hard work/Achievement.
- To be part of a legacy book created on the day, which can be held form future records.
- The students are making Olympic cakes which they will take to the elderly in the community to help them be part of the event.
- Primary schools will be invited to an “Olympic style Sports Festival” on that afternoon.

### 5. What is the desired outcome of this project?

We want this to be a once in a lifetime opportunity to celebrate an amazing event. To share with people in the community the Olympic event and create a legacy for other to look back on. To celebrate and reward students who have worked hard and achieved over the academic year. To bring the community together in one day to celebrate this opportunity and the splendour of having the Olympic Torch at our school. And finally, to show all, The Clarendon College at its best!

## 6. Who will project manage this initiative?

Sarah Newton and Catherine Szabo will oversee this event.
