PEWSEY AREA COMMUNITY CAMPUS

'BRINGING MODERN SERVICES INTO THE COMMUNITY AREA'

PEWSEY AREA CAMPUS

WORKING PROPOSAL

Report to Pewsey Area Board

14th May 2012

Contents

The CAMPUS Working Group

The Pewsey Area Shadow Community Operations Board (SCOB) was formed by the Area Board on 9th May 2011, with detailed Terms of Reference at Appendix A. In broad terms, the brief was to engage with the local community and develop proposals for a 'campus' facility to host a range of community services which must be sustainable (affordable) over the next 25 years minimum. It quickly became apparent that a Pewsey Area campus should be largely clustered on the present Wilcot Road site which currently provides both Leisure and Youth services, and the new Pewsey Area Library which had some potential for wider use.

From the outset, the SCOB accepted that a campus should add value to the community and not divert from present facilities. To that end, it was accepted that we should not seek to draw effort or custom away from either the Savernake Hospital or the Bouverie Hall.

The Consultation Process

Phase 1 Consultation. The first stage of engaging with the local community was via a mass postal canvass (August/September 2011). Six thousand questionnaires were sent to all registered householders in the community area. A satisfactory return rate of 17.4% was received registering positive (71%) support for the principle of a centralised campus facility for the three primary elements of leisure, youth and community services. The full results of the canvass are at Appendix B and on-line at the WC website. Respondents suggested that opening times, access costs and car parking are important factors. Other travel considerations were; adequate bus services and secure cycle areas.

Phase 2 Consultation. The second stage, building on the results from phase 1, started with open road shows (November/December) at eight locations around the community area. These were not well attended and we concluded that evening meetings in the autumn at isolated village halls did not attract the public. Thereafter, we followed a strategy of direct consultation by detailed questionnaire, based on the three elements above. Public canvassing took place at Pewsey Coop, library, leisure centre, primary school, PV School, Pewsey Childrens Centre. youth services, Scouts, Youth Council, and parish councils. The return results are at Appendix C.

A major factor to emerge from these consultations was the need to provide satellite services to distant village outstations, including youth and community aspects.

The Primary CAMPUS Buildings

A main area of concern to the SCOB is the state of the basic leisure/youth centres building. There is strong argument in favour of rebuilding a 1960's structure; there are also some reasons for following a phased upgrade programme which underpins the building's sustainability over the next 25 years. Discussions will continue with WC property services managers on this fundamental aspect. In any event, we believe that this immediate project is the most appropriate opportunity to incorporate modern heat retention and generation systems in order to ensure that future running costs are minimised to the extent possible, and as soon as possible.

As will be argued below, the potential for increased inter-activity between the CAMPUS, PV School and the Leisure Centre underpins our vision of a new structure which will physically link all three. Moreover, in view of the proposed increase in services of all kinds at the main site, there will be a clear need for more car/cycle parking spaces.

LEISURE SERVICES

We seek to develop an attractive, modern and comprehensive facility which offers a good and diverse experience to the whole community. Given the aim of passing management and governance responsibility to the community, it will be essential for the overall building to be affordable and sustainable over the long term, as well as the running costs being kept to a minimum.

The key features required of a modern Leisure Centre Structure can be summarised as follows;

- Fit for purpose for 25 years (flexible, adaptable and adequate storage).
- Totally integrated site which is sympathetic to the neighbourhood.
- Accessible by public and private transport and meets diverse needs.
- Design allows for internal / external expansion and flexibility.
- Building to be energy efficient, particularly for ongoing running costs.
- Internal / external design to enhance security and "feeling safe".

The extensive consultation process highlighted a wide and diverse range of services and facilities that the community would like in order to persuade them to use the Pewsey Leisure Centre. The key 'needs' from the area community are shown in statistical detail at Appendix C and are summarised in the requirements below; with the exceptions of a dance studio and Squash Court(s), all were supported by simple majority of respondents:

Requirements:

- **A modern leisure centre.**
- **Café and Catering facility**
- **Swimming pool.**
- **Adaptable sports hall.***
- **Climbing Wall.**
- **All weather training area.**
- **Expanded fitness suite**
- **Dance studio**
- **Family changing area**
- **Viewing galleries**
- **Squash Court(s)**
- **Green and energy-efficient, to the extent possible.**

 * See appendix D for potential wider applications of the sports hall.

YOUTH SERVICES

Pewsey Youth Development Centre (The SHAK), is well supported with typical evening attendances of 20-40 for meetings which are routinely held on 4 nights each week. Additional events are held on weekends and school holidays as required. The youth service requirements arising from our phase 2 questionnaire are at appendix C. Most of these needs can be met from within existing facilities and staffing but there remains a small number for which new provision must be made; specifically a wheeled sports area (skateboard and BMX etc) and a mobile film projection facility. In addition, some modernisation and refitting of the small kitchen, the bar area and the toilets are needed to enhance the impression of a modern youth club.

Great Bedwyn youth club (GBYC) is based in the back function room at the working men's club and is supported by adult staff from the SHAK in Pewsey. Typically, 25 young people attend the Wednesday evening meetings. There is a small kitchen, which is shared with other user organisations. A WC staff member has been employed for the past year to specifically to support the Wednesday evening meetings, and other options are now being examined for funding to extend this support for a further year, to run alongside the oversight by SHAK staff. The Gt Bedwyn youth club is most at risk, in being solely dependant on the continued existence of the working men's club.

Requirements.

- **Flexible space for youth clubs and meetings. (currently existing)**
- **Audio centre (currently existing)**
- **Wheeled-sports arena, in the Pewsey area.**
- **Transport link for GBYC to attend SHAK, as required.**
- **Single mobile film projection system, for sharing SHAK/GBYC.**
- **A modernised kitchen at the SHAK, plus a refitted bar area and toilets.**

COMMUNITY SERVICES

Whilst the Campus within Pewsey will be split between the Leisure Centre and the Library, it is envisaged that the main hub will be at the Leisure Centre. However a mini-hub could also be situated at the library site.

The design will need to incorporate a shared reception where all members of the community can ask questions and make appointments for any of the services on offer; the staff will need to be trained accordingly. The range of service providers interested in using the campus is extremely wide and covers varying needs for all members of the community.

It is intended that within the campus, access to a wide variety of Wiltshire Services will be included, such as Social Services, (FAB), Register office, planning advice etc. Contact has also been made with voluntary groups, health services, housing associations, counselling groups, carers and elderly organisations. Strong interest has also been shown for adult education, access to good neighbour schemes, such as voluntary transport links, and community policing.

We are extremely pleased with the reactions and pledges of support we have received from all of those contacted and their enthusiasm for the campus project.

Some examples of face-to-face services that potential users "would like" in the campus (as analysed from questionnaire answers and website inputs) include:

Health Services, Adult Education / Extended Schools, Employment Centre /Advice, Advisory Services (CAB etc), Access to Wiltshire Council Services such as Social Services and Planning etc, General Community Space, Community Day Centre, Advice / Counselling eg. Relate or Bereavement etc, Meals on Wheels Centre, Crèche, Luncheon Club.

From these needs the following arises:

Requirements:

- **Hire of rooms has to be affordable, pre-bookable for regular and occasional slots**
- **All rooms need to be multi-functional, covering a whole range of different services**
- **All rooms need to be welcoming and fit for purpose**
- **At least one room needs to be soundproof and confidential.**
- **Some need has been identified for a confidential waiting area and discreet access.**
- **The large sports hall must be adaptable for use by other services eg. Elderly Day Centre / Luncheon club / large training courses.**
- **An area where various user groups can have secured lockers fitted.**
- **Consideration during the design process must ensure that all space is multi-functional.**
- **Catering facilities**
- **Crèche facilities**
- **Well kept display area to include local information, details of who to contact for volunteering, community speed watch and other schemes, and how to access all services and facilities, including times and contact numbers where necessary.**

In addition to the library and the proposed Leisure Centre changes we acknowledge that there are various parts of Pewsey Vale School, such as the kitchens, domestic science room, and woodwork room that may be able to be used in the evenings, at weekends, or in the school holidays in conjunction with the campus.

It is our intention to explore further, and indentify in great detail, our community requirements.

SATELLITE SERVICES

The community area is over 30 miles from east to west, with some 30 villages and settlements, many comparatively isolated. Roughly one third of the population lives east of the Burbage by-pass, which highlights the need to provide some level of community service on-site at these furthest 'outposts'. The most appropriate method for achieving this, (based on the mobile library concept) would be for a custom-equipped bus with two discrete offices on board – at least one of which would need to be adequately sound-proofed in order to provide a confidential interview environment. Work continues to define in more detail the overall facility.

Ideally, the 'mobile' should be equipped with suitable telephone and e-mail links with the Pewsey main 'Hub', and with other WC service centres. This is a preferred solution over a fixed satellite in, say, the Bedwyns, since it would permit any or all of the area settlements to be visited on demand, by appointments booked through the Hub central reservation system. The mobile would carry specialist officers (see above under community services) on the day,

depending on need. It is unlikely that the mobile would be required to service outstations on each day of the week – in some weeks, perhaps only one day, but experience will tell – and it would then be available to support service hubs in up to two adjacent board areas.

Requirements:

- **An appropriately-equipped mobile community service vehicle.**

THE PEWSEY LIBRARY

The new Pewsey Library is presently the jewel in our crown and access to it for a wider range of activities must be encouraged. There are two specific areas would can be exploited to advantage: The first is more use of the small conference room at the rear of the library which is currently under-utilised. It is discrete and accessible via a back door, thus allowing a high level of confidentiality. A range of the confidential community services above could use this room from time to time for confidential advice or interview, by reservation through the central hub. The facility is available in this role now and probably needs little further works services.

The second aspect we would seek to open up is the 'drop-in' WC computer suite, also at the rear of the library. Primarily designed for use by peripatetic WC staff, it's nine computer terminals are again largely under-used and some could beneficially be modified to, say, three extra public-use terminals to augment the present three in the library public area, thus increasing general public access. Some internal works services would be needed to retain a secure and confidential environment for WC users of the remaining 6 terminals, and to provide open public access to the 3 terminals thus freed-up.

In addition, there may arise a requirement to provide more 'modular' office space around the immediate periphery of the library, where it may be more appropriate than at the Wilcot Rd site.

 Requirements.

- **Re-profile up to three of the 'drop-in' terminals for Public use.**

- **There may be a need for further internal works to guarantee the integrity and confidentiality of Wiltshire Council staff working, and to permit free public access to the freed up terminals**

Work ongoing

Work continues on three other key analyses essential to establishing a viable campus project which reaches out to as many of the area community as possible. These are:

Design Principles.
Travel principles.
Equalities Analysis.
Communications Analysis (on-going throughout the project)

In addition, we shall carry out further definition with partners, services and users in order that all requirements will be accommodated within the project design. Furthermore, we shall

continue discussions to establish high-level principles for WC service delivery and other support services. We shall also consider feasibility studies which will assess existing infrastructure and services. At a point to be decided we shall liaise with potential, and chosen, professional design firms

Recommendations to the Area Board

The Pewsey Community Area Board is asked to support these proposals for the development of a community campus and to consider making the following recommendations to Cabinet:

- Support a split-site community campus including the present Leisure/Youth complex, the library and a mobile facility, as defined in this report and ensure that the campus includes as many of the services required as is possible.

- Develop and deliver this proposed Campus with minimum disruption to existing services and facilities, to the extent possible.

- Consider these proposals, and the associated business case in September 2012.

Appendix A – CAMPUS WG Terms of Reference

Draft Terms of Reference for Shadow Community Operations Board

1   Background

On 15 February 2011 Wiltshire Council's Cabinet approved the implementation of the Campus and Operational Delivery Programme. The Programme will:

M   Work with local communities to develop, facilitate and deliver community campus buildings across Wiltshire which seek to co-locate existing Council and partners services in one accessible location (or possibly more if appropriate) in a community area.
M   Carry out the development of campus facilities in line with the Campus and Operational Management workstream principles (noted in section 2 of this document).
M   Implement the Preliminary Management Project which will test the potential to develop some form of community driven strategic non -profit distributing organisation to deliver and support public services across Wiltshire.

Some of the benefits that the Council is seeking to achieve from a campus are:

M   Accessible facilities that accurately reflect the specific needs of the local area being served.
M   Reducing the Council's estate producing an estimated 40% reduction in operational costs across all estate (this is an estimation based upon an initial assessment of the impact of the Workplace Transformation Programme which preceded the Campus and Operational Delivery Programme).
M   Combining point of contact arrangements and improving accessibility to services.
M   Developing and providing sustainable and energy efficient buildings.
M   Ensuring long term flexibility in terms of the use of space is fundamental to the design.
M   Developing the synergies between the management of individual services at a community level.
M   Working with communities to develop a coherent and effective volunteering policy relevant to the local campus.
M   Reducing the current overall risk to the Council from aging, disparate and inefficient buildings.
M   Increased, beneficial and sustainable partnership working.

Fundamental to the successful implementation of the programme is the commitment to empower local people to have a direct influence on the delivery of public services in their area. This supports the concepts of Localism and the decentralisation of decision making to local communities.

The Preliminary Management Project will initially be focused on Corsham, Melksham, Pewsey, Tisbury and Wootton Bassett. This will encompass the creation of Shadow Community Operations Boards, reporting into the Area Board who will make final recommendations to Cabinet for their consideration. The Shadow Community Operations Boards, will, subject to the agreement of the Area Board, take on a key role in coordinating and leading communications, influencing, and local engagement This will cover areas such as the consultation processes, commenting on facility design and development and the ongoing indirect management and strategic planning of the resulting campus facility.

The preliminary management project will be in place from April 2011 through to April 2013 unless the Council determines otherwise.

2   Campus Management Principles

The Shadow Community Operations Board will need to work with the Council and its partners to ensure that the following approved principles are delivered:

(i)   Create an environment which empowers local people to directly influence the delivery and improvement of unique needs based services in their community.
(ii)   Ensure a singularity of vision to enable local needs to be foremost in strategic planning and operational service delivery.
(iii)   Be proactive in meeting economic challenges and widen the scope for investment in services and assets.
(iv)   Share the accountability for service delivery with the community and partners.

(v)   Secure a sustainable and innovative form of management that complements the evolving national context of the localisation of service delivery.

(vi)   Promote social inclusion and resilience by increasing accessible opportunities for volunteering and community involvement

(vii)   Make specific provision for accessible opportunities for partnership working.

(viii) Provide accessible local decision making processes and governance structures.

(ix)   Provide opportunities for a consistent and sustainable support network for the voluntary and community sector in Wiltshire.

(x)   Provide a consistent strategic vehicle for all services in a locality that is financially robust and able to respond to the changing face of the public and community service delivery rather than a range of competing initiatives based on existing service models.

3   Membership

The shadow community operations board membership will be determined by the Area Board and should consist of an appropriate, mutually agreeable representative from the following broad sectors of the local community area:

- elected representative from the area board
- local Town and Parish council representative
- education and young people
- user and community group (x 3 distinct representatives)
- wider community
- Wiltshire Council Officer from CAOD Programme (non executive member of board)
(i)   There will be one representative for each party identified.

(ii)   The board will need to nominate a chairperson at its inaugural meeting.

(iii)   The board will need to determine if the suggested representation appropriately reflects the description of the party.

(iv)   There will be up to three representatives identified by the user and community group sector and approved by the Area Board. Such representatives should be selected so as to ensure proper representation from distinct interest groups within that sector.

(v)   The Wiltshire Council liaison representative will be an officer from the Campus and Operational Delivery Programme team and will be invited to sit on the board as a non-executive party.

(vi)   Each party should endeavour to be represented at each formal meeting.

(vii)   Each executive party will have equal rights.

The above is an extract from the Shadow COB terms of reference. A full copy of the document is available online at www.wiltshire.gov.uk/pewseycommunitycampus

Appendix B – Consultation results phase 1

Pewsey Community Area Campus
Phase 1 consultation

1. **Overall, are you in favour of a campus which offers access to council and other services or facilities in no more than two Pewsey locations?**

Yes	755 (71.0%)
No	101 (9.5%)
Not sure	155 (14.6%)

2. **Which of the following would you like to see in a campus? Include existing facilities that you already use or that you think could be improved or enhanced?**

	Would like	No preference	Would not like
Modern leisure centre inc. swimming pool	793 (74.6%	110 (10.3%)	40 (3.8%)
Public meeting/function rooms/activity space	574 (54.0%	271 (25.5%)	47 (4.4%)
Library	684 (64.3%)	156 (14.7%)	42 (4.0%)
Youth services	661 (62.2%)	224 (21.1%)	40 (3.8%)
Café	504 (47.4%)	288 (27.1%)	90 (8.5%)
Adult social care	577 (54.3%)	286 (26.9%)	47 (4.4%)
Playgroup	389 (36.6%)	405 (38.1%)	69 (6.5%)
Luncheon club	293 (27.6%)	471 (44.3%)	82 (7.7%)
Creche	394 (37.1%)	397 (37.3%)	60 (5.6%)
Outdoor all weather courts	606 (57.0%)	244 (23.0%)	58 (5.5%)
Skateboard park	363 (34.1%)	319 (30.0%)	184 (17.3%)
Internet Services	531 (50.0%)	288 (27.1%)	51 (4.8%)
Other Council Services	571 (53.7%)	282 (26.5%)	53 (5.0%)
Other public sector services	589 (55.4%)	249 (23.4%)	66 (6.2%)

3 **What other services are not provided at the moment, either for yourself or people you know, that you would you like to see in a campus? For example, other public or community services, or other things not listed in question 2.**
363

4 **What are the three most important things that would enable you to access services or facilities more easily? (please tick three)**

Q4a. Opening times	683	**69.1%**
Q4b. Cost of services/sessions	603	**61.0%**
Q4c. Timing of sessions/activities	481	**48.6%**

Q4d. Créche	49	**5.0%**
Q4e. Car parking	562	**56.8%**
Q4f. Public transport	287	**29.0%**
Q4g. Design of the building	131	**13.2%**
Q4h. Environment and feel of the facility	184	**18.6%**
Q4i. Other	26	**2.6%**

5 How could the design and travel planning of a campus help you to access a campus?

	Important		Neither important nor unimportant		Unimportant	
Car parking on site	852	(80.2%)	65	(6.1%)	32	(3.0%)
Bus stops near to a campus	583	(54.8%)	194	(18.3%)	73	(6.9%)
A frequent and reliable bus service	607	(57.1%)	180	(16.9%)	72	(6.8%)
Good cycle paths and secure bike storage	441	(41.5%)	284	(26.7%)	81	(7.6%)
Other	21	(2.0%)	37	(3.5%)	25	(2.4%)

6 Please tell us your age

Under 18	7	(0.7%)
18-24	8	(0.8%)
25-39	129	(12.1%)
40-59	380	(35.7%)
60-74	323	(30.4%)
75+	181	(17.0%)

7 How would you describe your ethnicity?

White	933	(87.8%)
Mixed/multiple ethnic groups	7	(0.7%)
Black/African/Caribbean/Black British	4	(0.4%)
Asian/Asian British	60	(5.6%)
Other ethnic group	1	(0.1%)

8 Are you

Male	387	(36.4%)
Female	623	(58.6%)

9 Do you consider yourself disabled?

Yes	83	(7.8%)
No	904	(85.0%)

Freepost survey returns	977	(91.9%)
Online survey entries	86	(8.1%)

Appendix C – Consultation results phase 2

Pewsey Community Area Campus
Phase 2 consultation

Leisure services

The current Pewsey leisure centre dates from the 1960's and is clustered around the original open air swimming pool site which was raised largely by public subscription. In recent decades, investment in facilities and environment has been noticeably lacking, with the single exception of the fitness suite - modern equipment but still cramped in a small space. We need to encourage our residents to 'want' to come to Pewsey leisure centre.

1. **Which of the following services and/or qualities would persuade you to use a modern Pewsey Leisure Centre?**

	Would like	No preference	Would not like
Modern leisure centre with a light and airy feel	241 (74.8%)	75 (23.3%)	6 (1.9%)
Swimming pool	282 (81.3%)	58 (16.7%)	7 (2.0%)
Hydro-therapy pool	102 (32.5%)	192 (61.1%)	20 (6.4%)
Squash court(s)	126 (40.0%)	175 (55.6%)	14 (4.4%)
Expanded fitness suite	182 (56.7%)	124 (38.6%)	15 (4.7%)
Adaptable sports hall(s)	217 (68.2%)	92 (28.9%)	9 (2.8%)
Sprung floor	129 (41.1%)	163 (51.9%)	22 (7.0%)
Dance studio	135 (42.1%)	153 (47.7%)	33 (10.3%)
Cafe/catering facilities	259 (74.9%)	79 (22.8%)	8 (2.3%)
All-weather training area	183 (56.8%)	124 (38.5%)	15 (4.7%)
Family changing area	165 (51.1%)	132 (40.9%)	26 (8.0%)
Viewing galleries (sports hall and swimming pool)	160 (51.3%)	128 (41.0%)	24 (7.7%)
Green / eco-friendly facility. e.g. Modern heating and plant machinery, full roof insulation, green energy	223 (69.3%)	84 (26.1%)	15 (4.7%)

Others - please state:
   60 (100.0%)

2. **Do you have any other comments about leisure services?**
   114 (100.0%)

Youth services

The present Pewsey youth centre (The Shak) is sadly in need of an update and we seek your views on what we can best provide for our young people. We shall also look at the youth club in the Bedwyns with a similar purpose.

3. **Which of the following services and/or qualities would persuade you to use the facilities for young people?**

	Would like	No preference	Would not like
Modern youth centre	269 (79.8%)	64 (19.0%)	4 (1.2%)
Skateboard track, BMX track,(e.g. Wheeled sports)	199 (59.9%)	107 (32.2%)	26 (7.8%)
Breakfast/lunch/evening facilities (e.g. open Monday-Friday in term times)	191 (58.2%)	126 (38.4%)	11 (3.4%)
Saturday and school holiday clubs	174 (54.9%)	116 (36.6%)	27 (8.5%)
Saturday film showing	176 (54.5%)	127 (39.3%)	20 (6.2%)
Youth counselling	164 (51.2%)	140 (43.8%)	16 (5.0%)
Careers advice	213 (64.2%)	111 (33.4%)	8 (2.4%)
Audio/music centre	189 (59.4%)	117 (36.8%)	12 (3.8%)

Others - please state:
37 (100.0%)

4. **Do you have any other comments about youth services?**

101 (100.0%)

Other public services

Here we are looking at a range of other face-to-face services which we might offer in the Pewsey campus. We are acutely aware of the lack of such services in a very rural area such as ours and we intend, where we can, to attract these services into our campus.

5. **Which of the following face to face services would you like to see and which would you not like to see?**

	Would like	No preference	Would not like
Shared reception	117 (39.0%)	165 (55.0%)	18 (6.0%)
Register office	98 (32.1%)	184 (60.3%)	23 (7.5%)
Access to other Wiltshire Council services e.g. social services	156 (50.2%)	140 (45.0%)	15 (4.8%)
Housing association	88 (29.5%)	188 (63.1%)	22 (7.4%)
Advice services e.g. Citizens Advice Bureau (CAB) Finance and benefits (FAB)	167 (52.5%)	137 (43.1%)	14 (4.4%)
Credit union	67 (22.8%)	207 (70.4%)	20 (6.8%)
Adult education/extended schools	163 (52.6%)	134 (43.2%)	13 (4.2%)
Employment centre	164 (52.6%)	132 (42.3%)	16 (5.1%)
Volunteer centre	157 (51.6%)	136 (44.7%)	11 (3.6%)
Luncheon club	100 (33.2%)	183 (60.8%)	18 (6.0%)
'Meals on wheels' centre	142 (46.3%)	154 (50.2%)	11 (3.6%)
Good neighbour scheme e.g. Link	146 (47.6%)	146 (47.6%)	15 (4.9%)
Carer support	151 (51.0%)	135 (45.6%)	10 (3.4%)
Advice / Counselling e.g. bereavement counselling, relationship support (Relate)	144 (47.4%)	148 (48.7%)	12 (3.9%)
Health services e.g. health information service, chiropody, well-being centre, psycho-education courses, books on prescription, complementary therapies	174 (56.1%)	122 (39.4%)	14 (4.5%)
New mother support group	109 (36.6%)	175 (58.7%)	14 (4.7%)
Creche	121 (39.5%)	166 (54.2%)	19 (6.2%)
Hearing aid loop system	103 (33.9%)	190 (62.5%)	11 (3.6%)
Community day centre	149 (48.5%)	146 (47.6%)	12 (3.9%)
General community space	149 (49.8%)	136 (45.5%)	14 (4.7%)
ATM/Cash machine	135 (45.2%)	138 (46.2%)	26 (8.7%)

Others - please state:
19 (100.0%)

6. **Do you have any other comments about other public services?**
78 (100.0%)

Finally, please could you provide some information about yourself. It won't be used to identify you.

7.   **Please tell us your age:**

168 (45.8%)	Under 18
18 (4.9%)	18-24
29 (7.9%)	25-39
75 (20.4%)	40-59
46 (12.5%)	60-74
31 (8.4%)	75+

8.   **How would you describe your ethnicity?**

349 (96.1%)	White
6 (1.7%)	Mixed / multiple ethnic groups
1 (0.3%)	Asian / Asian British
7 (1.9%)	Black / African / Caribbean / Black British
0 (0.0%)	Other ethnic group

Please specify
0 (0.0%)

9.   **Are you:**

168 (46.0%)	Male
197 (54.0%)	Female

10.   **Do you consider yourself disabled?**

24 (6.6%)	Yes
339 (93.4%)	No

10.b   **If you do consider yourself to be disabled, are there any services or facilities that you do not have access to at the moment, or that you would want to support you to use a campus?**
13 (100.0%)
