What is your project about and what does it aim to achieve? <i>Important: This section is limited to 600 characters only (inclusive of spaces).</i>	Our village hall is very well used but we have areas of total darkness in the car park which is unsafe especially for older people. This is a safety concern for us. The lights we have at present are not sufficient as they keep getting damaged by cars. We would like some LED lights attached to the building to light up these dark areas

We have replaced the current lights on numerous occasions and this is very costly. A lot of elderly people are very unsure when leaving the hall after events. This is a concern for us in case one of them should fall down and hurt themselves
