

## **INCLUSION OF STAVERTON RESIDENTS.**

### **ONE LOVE COMMUNITY GROUP.**

### **DIAMOND JUBILEE STREET PARTY.**

This is a statement to show the inclusion of Staverton residents within our celebrations for The Queens Diamond Jubilee.

Please refer to our introduction for reference, since we formed two and half years we have always informed Staverton residents about our events, by putting posters in the local shop, and takeaways, and flyers through door in our designated area in Staverton when we were Hilperton and Staverton Community T.a.r.a. We have always welcomed committee members from the Staverton side of the canal, although as yet no one has come forward. When we were One Love Campaign we went canvassing in Staverton for support in the way of a petition, and obtained many signatures from Staverton residents. We also have the support from Mr Douglas at Staverton School and in the past the school has included us in their newsletter and also let us be part of one of their Christmas Fayre by allowing us to campaign for signatures on our petition and to inform the people that attended who we were and what we are trying to achieve, A much needed community facility for our area. Mr Douglas has also kindly agreed for the group to use the school's sports equipment for our Olympic Family Sports Day on Sat 21<sup>st</sup> July. We have requested use of the Staverton Sports ground for our event; we are awaiting a decision from the sports committee, at Staverton Parish Council at the end of this month after their meeting.

To publicise the event, we will be delivering flyers through doors of Staverton residents, along with posters as we always have in Staverton Convenience Store, ADP dentists, Buddamma Chinese Takeaway. Our flyer will also be included into Staverton School next newsletter to inform residents from Staverton that have children attending the school about our celebrations. We will also be requesting that the information about our event be included if possible into the Staverton Parish council website events information and newsletter if the next one is distributed before our event.

Although, we are aware that where our event is being held is technically just outside the Staverton boundary as the canal is the dividing line. We feel that by informing the residents in the way we have specified above that it is as much as we can do to include the residents of Staverton.

As One Love Community group we do not discriminate and there are no restrictions to who can join our group, regardless to official boundaries we have always considered ourselves and the residents that straddle the boundary of Hilperton and Staverton to be one, hence to our name.

We, the committee wish to thank you for taking the time to read this statement in the hope that you will consider our application for funding from the Board.

Maria Goodwin (Chair)

Irene Berry (Secretary)
