

**Wiltshire Council**

**Council**

**10 July 2012**

---

**Notice of Motion No. 28 – Land at Innox Hall, Trowbridge  
From Councillors Jeff Osborn and Helen Osborn**

**Officer Response to assist Council**

Officers from Leisure and Transformation have been working jointly to deliver the changing facilities needed on the Old Innox Hall site. Planning permission for these facilities has already been granted and the funds necessary to allow the facilities to be constructed have been identified.

The site at Innox Road, Trowbridge has not been identified as being within the Council's capital asset disposal programme, but no formal decision has been made by the executive relating to the future use of this site for any purpose.

In order to ensure the construction of these facilities can proceed in a timely fashion it is now necessary for the officers of Strategic Property Services to take a formal report to Cabinet (Capital Assets) Committee. This report will present the various alternative uses to which the site might theoretically be put, although the responsible cabinet members have indicated that their preference is that the delivery of the changing facilities as described above be approved.

The submission of the above report to Cabinet (Capital Assets) Committee is required to satisfy the Council's formal decision process in relation to capital assets.

It is not anticipated that the necessity of submitting the above report will delay in any way the provision of the changing facilities referred to above.

**Dr Carlton Brand  
Corporate Director**
