18/06/2012

Dear Sir/Madam,

**Re: Application under the Licensing Act 2003 for a New Premises Licence at:
16 Winchester Street, Salisbury, SP1 1HB**

I am writing to you regarding the above application.

In my opinion, our community does not need another shop that sells alcohol until late night. These shops attract nothing but drunken people who are after purchasing more alcohol to become even more uncontrollable. Unfortunately, higher the alcohol level is, more severe the damage on our community.

In addition, it becomes quite noisy and unsafe in our streets when these people are out there consuming alcohol, vandalising our premises and terrorising our neighbourhood.

I hope that some of your committee members are currently living within the same area as I do and would take my concerns seriously not to issue any license to anyone for selling alcohol in my neighbourhood.

Yours faithfully,

58 Winchester Street
Salisbury
Wiltshire

Dear Sir/Madam,

Re: Application under the Licensing Act 2003 for a New Premises Licence at:
16 Winchester Street, Salisbury, SP1 1HB

I am writing to you regarding the above application.

In my opinion, our community does not need another shop that sells alcohol until late night. These shops attract nothing but drunken people who are after purchasing more alcohol to become even more uncontrollable. Unfortunately, higher the alcohol level is, more severe the damage on our community.

In addition, it becomes quite noisy and unsafe in our streets when these people are out there consuming alcohol, vandalising our premises and terrorising our neighbourhood.

I hope that some of your committee members are currently living within the same area as I do and would take my concerns seriously not to issue any license to anyone for selling alcohol in my neighbourhood.

Yours faithfully,

D. HARVEY

Your enquiry:

16 Winchester Street proposed new off licence. I understand that there are plans for a new off licence/shop opening opposite Macdonalds on Winchester street. I would like to make note my objections to such a business being opened. For one it would encourage the wrong sort of people to this area of the town, not alone the bus station, would become a particular hangout for drinking and other such anti social behaviour. We also have the John Baker house, which caters for those less fortunate, the homeless, some of who have issues with drinking. I believe this alone would warrent it not being a good idea and would add severe temptation to those individuals. I thank yo for the time to read this and hope that it is passed to the correct individuals within our council. Yours Kindly Ashley Pearce
