Dear Sirs,

Wilton Development Centre for Young People. The Hollows. Wilton

We wish to object to the granting of a new Premises Licence at the above address.

The Residents of The Hollows objected to the original planning permission for the Centre because the Centre was on the extreme edge of the town, instead of in the centre, serviced by an inadequate road and pavement. It was envisaged that due to the isolation of the area, with little used paths, trespass or damage to property would happen. This proved to be correct. Our property suffered criminal damage. Damage never occurred before the Centre opened. There have been incidents of near collisions between people leaving the Centre and traffic.

Late opening is obviously going to make matters worse; the longer the Centre is open the more chance of damage to property, noise and general upheaval there is going to be.

The Centre will be less a development centre and more an entertainment centre. This state of affairs is totally different to the original planning application.

Yours faithfully,

R. Whatley
