

August 2012 update

Wiltshire's Clinical Commissioning Group (CCG), the new GP-led commissioning organisation which will be responsible for buying local health services in Wiltshire, continues to develop its commissioning arrangements before it applies for 'authorisation' status in November 2012.

The organisation will take up commissioning leadership from April 2013. The organisation has established its Clinical Governing Board, with 14 voting members (consisting of a Chairman, three GPs who will act as 'locality representatives', an additional three GPs, a registered nurse and a secondary care specialist doctor, one Chief Accountable Officer, one Chief Finance Officer, one practice manager and two lay members) and eight non-voting members: (three 'locality' directors, Wiltshire Council's Director of Social Services, the Director of Public Health for Wiltshire, one member of HealthWatch and two lay members).

The CCG is considering its staffing structure whilst developing those commissioning functions it intends to keep in house. It is estimated that the organisation will have around 70 staff members and it will hold responsibility for managing a budget of approximately £460m to support the commissioning of high quality health services in Wiltshire. Working closely with GPs and other clinicians, the CCG will lead on the development of plans and projects which help meet the NHS's required national savings target of £20 billion.

Wiltshire CCG will take up responsibility for commissioning in 'shadow' form from October 2012, with support from the existing Primary Care Trust staff.

The page overleaf shows an explanatory diagram of how primary health care will be commissioned from April 2013.
