<b>What will your project involve?</b>		
<p>Use the box below to say why/how you identified the activity, what you want to do, where, when and how you plan to do it. The more detail you give us the better. Please use a separate sheet if you need to.</p> <p>When cubs and scouts from the Savernake Forest Scout Group go on camps, cooking is currently carried out under garden gazebos borrowed from parents. The gazebos, although great for garden bbq's, do not offer the protection for prolonged periods of cooking in often exposed fields for a group of 20-30 people. They don't have the strength in winds or the side walls to protect from rain. By purchasing a 2<sup>nd</sup> hand mess tent which would include walls, cooking is no longer uncomfortable but effective, the mess tent can be used time and time again including for protection from rain or sun at fundraising events like Burbage village fete where we make bird boxes and the Church Christmas tree sale where we sell soup to raise awareness and raise funds.</p>
