

## REPORT TO THE WESTERN AREA PLANNING COMMITTEE

<b>Date of Meeting</b>	14.08.2013		
<b>Application Number</b>	W/12/02346/FUL		
<b>Site Address</b>	Kingston Mills Kingston Road Bradford On Avon Wiltshire		
<b>Proposal</b>	Change of Use of Building N from Class B1 offices to form three residential units		
<b>Applicant</b>	Linden Homes Western Ltd		
<b>Town/Parish Council</b>	Bradford On Avon		
<b>Electoral Division</b>	Bradford On Avon South	<b>Unitary Member:</b>	Ian Thorn
<b>Grid Ref</b>	382748 160897		
<b>Type of application</b>	Full Plan		
<b>Case Officer</b>	Jemma Boustead	01225 770344 Ext 01225 770211 Jemma.Boustead@wiltshire.gov.uk	

### REASON FOR THE APPLICATION BEING CONSIDERED BY THE PLANNING COMMITTEE

Councillor Ian Thorn has supported the previous Division Member, Councillor Malcolm Hewson's request that the application be called to the Planning Committee for the following reason:

The change of use would have a significant and deleterious effect on the commercial vision for the site and the town that was accepted by the developer in the originally granted application for this site.

#### 1. Purpose of Report

To consider the above application and to recommend that planning permission be granted

#### 2. Report Summary

The main issues to consider are:

- principle of development
- design issues, impact upon the immediate area and listed building
- impact on amenity
- highway and access considerations

#### 3. Site Description

This application relates to the Kingston Mills Development in Bradford on Avon. The particular site in question is known as Building N and is located behind the Budgens building.

#### 4. Relevant Planning History

06/02394/FULES - Comprehensive mixed use re-development comprising 170 dwellings, commercial floor space and associated works. - Approved 30/10/08

06/2400/LBC - Comprehensive mixed use re-development comprising alterations to Buildings 2, 43-44, 53, 55, 70, 76, 77 second floor extensions to Building 70, demolition of Buildings 41, 42, 61, 62-65, 68, 71, 72, 73, 75, 78 and associated works - Approved 08/02/08

#### 5. Proposal

This application relates to the Kingston Mills Development in Bradford on Avon. The particular site in question is to the rear of the Budgens shop. This application seeks to change the use of the first floor from restaurant to residential to form 3 dwellings (2 two-bedroom and 1 one-bedroom). No external changes are being made to the building. The floor space of this unit is 579 sq metres.

It is important to highlight that there is another planning application for the change of use from business to residential which is subject of a separate report.

## **6. Planning Policy**

West Wiltshire District Plan 1st Alteration 2004

H1 Further Housing Development in Towns

H16 Conversions of Properties to Flats

C4 Landscape Setting

C15 Archaeological Assessment

C17 Conservation Areas

C19 Alterations in Conservation Areas

C30 Skylines

C31a Design

C38 Nuisance

Wiltshire Local Transport Plan 2011-2026: Car Parking Strategy

National Planning Policy Framework (NPPF)

## **7. Consultations**

Town Council - Object. The mixed use scheme for this site was subject to extensive consultation and negotiation and needs to be implemented as permitted in order to achieve a properly sustainable development. The Kingston Mill development has been accepted as essential to the regeneration of the town centre and the success of this would be adversely affected by these proposals. The provision of additional residential units will adversely affect the economic, social and environmental balance of the project and is therefore contrary to the NPPF and the emerging core strategy. The proposal is also contrary to Policy E5 and the arguments presented to justify the proposed change of use is flawed. The availability of the space needs to be designed as space available in the town and not in the whole of the Western Wiltshire Area. Similarly reference to Kingston Farm should be disregarded. In addition information regarding the efforts made to market the commercial space indicate a passive approach with no evidence of active promotion. The provision of 8 additional dwellings will add to the already overstretched facilities for parking and refuse on the site.

Bradford on Avon Development Trust - Object - The developers website is not up to date with current photos of the business units and does not do a good job of selling the units. The starting price of £15/sqft is well above the going rate for the town which is more like £10/£12/sqft and therefore it prices people out of the market. In October/November 2012 a considerable number of advertising boards suddenly appeared which were clearly visible to the 20,000 vehicles that cross the bridge every day. This was the first time that such an obvious and low-cost form of advertising have been tried. The loss of employment will not be supported in accordance with Core Policy 35 of the Core Strategy which will help address the historic loss of employment land in the town due to market forces and the attractiveness of Bradford on Avon to retired people, second home owners and commuters which have exerted pressure on former employment sites in the town to be converted to residential use. No proactive record of marketing has been carried out. There is evidence that prospective tenants/purchasers wishing to acquire space but who have withdrawn through a lack of agreement over terms.

Wiltshire Council Conservation Officer - No Objection

Wiltshire Council Economic and Regeneration Officer - Support

Environment Agency - No Objections subject to an informative regarding flood defence

English Heritage - The application should be determined in accordance with your specialist advice

Highways - No Objections

## **8. Publicity**

The application was advertised by site notice/press notice /neighbour notification. Expiry date: 26th February 2013

Wiltshire Council received 7 letters of objection from the general public raising the following concerns:

- Parking is already a problem on the site and more residential properties will exacerbate this problem.
- The present arrangement for the disposal of household rubbish is inadequate
- Health Centre and schools are already at full capacity

## **9. Planning Considerations**

### **9.1 PRINCIPLE OF DEVELOPMENT**

The site is located within the settlement boundary of Bradford on Avon where the principle for residential development is considered to be appropriate. As the building is existing and there are to be no external changes it is considered that there would be no implications to flood risk or archaeology or cause an impact to the landscape quality or skyline of the town. The proposal is therefore considered to comply with Policies H1, C4, C15 and C30.

Policy H16 relates to the conversion of buildings to flats. The proposal is not considered to be an over intensive sub division, would not have an adverse affect upon the external appearance of the building, complies with the parking requirements, has suitable recreation facilities within the immediate vicinity, would not cause any neighbouring amenity issues and would not be subject to flood risk. The proposal is therefore considered to comply with Policy H16.

The proposal sees the loss of a business unit and therefore Policy E5 needs to be taken into consideration which states that the loss of any employment floorspace will only be permitted where the following criteria are satisfied:

- (i) there is an adequate supply and mix of genuinely available land and premises elsewhere in the locality for employment uses;
- (ii) such proposals are compatible with neighbouring land uses and do not create bad neighbour uses;
- (iii) such proposals do not give rise to, or continue existing traffic or environmental problems.

The proposed change of use to residential is considered to be compatible with neighbouring land uses and would not give rise to or continue existing traffic problems. The loss of employment floorspace will be looked at in the following section.

### **9.2 ECONOMIC**

Historically there has been a gradual but persistent loss of employment land in the town to the extent that the town now offers a low range of employment opportunities and has a high level of out commuting to Bath. The Kingston Mill site is located within the town centre and is of mixed use and comprises approximately 160 dwellings, 7,322 sq ft retail, 12,064 sq ft restaurants/cafes and 24,524 sq ft office space. The scheme was approved on the basis that it would provide jobs for local people and be a corner stone of Bradford on Avon's town centre regeneration. The historic centre is extremely constrained in terms of development potential and the Kingston Mills site was the only remaining town centre site capable of accommodating office space of a reasonable size. It is a highly sustainable location being within easy walking distance of the train station and all town centre amenities.

Evidence collated by Wiltshire Council and independent consultants suggests that based on growth projections there is a need to deliver between 2 and 3 hectares of new employment land at Bradford on Avon up to 2026. The draft Core Strategy now includes a strategic site for mixed use development to the south east of the town at Kingston Farm. It is a strategic objective of the draft Wiltshire Core Strategy to deliver a thriving economy and also states that the loss of employment land in Bradford on Avon will not be supported.

Extensive negotiations have taken place between the Development Management Team, the manager from Economic Regeneration and the Developers. Subsequent marketing information has been submitted to the Local Planning Authority which shows how the units have been marketed (which

includes Newspapers, Estate Agents, websites, Caters Advertisers, Marketing Brochures and on site advertisement), who has had interest in the units and the reasons why they have not been taken up. This particular unit has been marketed since February 2010. The majority of the reasons why offers have not been brought forward relate to parking requirements.

The building under consideration has good views over the river and is in close proximity to other office buildings. However due to the partially enclosed walkway on the riverside, the building is relatively dark and has a low ceiling which will be even lower once a suspended ceiling has been installed. The entrance is adjacent to the residential access and needs more work before it is useable. There are also 2 parking spaces for this unit. This building was originally residential but was changed to offices in 2009.

The cost of the units has been subject of concern by different objectors. The site has been marketed at a price of £15 sq ft and when compared to prices in other towns and the current economic market this is considered to be high. However the Developer has confirmed that the quoting rent is £15 sq ft but is looking to achieve around £12 sq ft and rent free months have been included within any negotiations. Concerns have been raised by the general public that the Developer has been putting potential purchasers off, thereby increasing the potential for residential. The Local Planning Authority have requested through the people who have phoned to highlight this issue that businesses who have apparently had problems in letting premises on the Kingston Mills site come forward and to date nothing has been received. As such this matter cannot be taken into consideration when making a recommendation on this application.

The Developer has been reasonably successful in letting the majority of the retail units within the development and the remaining available units are considered not to be suitable for residential or office use. The Developer is also confident of their ability to let them. The Developer has also let some office units on the site and therefore there is clearly some market interest in smaller office units in this location and a willingness to pay a reasonably high rate in Wiltshire. The office space in this building could accommodate up to 10 members of staff and due to only 2 parking spaces, many people who have been interested in the site have been deterred.

Recent legislation issued by the Government allows units previously used for business uses to be converted to residential uses for a temporary period of three years. The unit subject of this application would not be able to convert to residential under these regulations as the unit is new, has never been used for employment and there is also a condition on the original application that restricts the employment uses changing to any other uses. However it does highlight the concerns of the Government over existing empty B1 units.

Due to the location of the site, the residential uses above, the darkness of the unit and its access to the building alongside the conversion works that need to be undertaken, it is considered that it would not be viable for a business use to be in this particular location. These matters are considered to be a material planning consideration when making a recommendation on this application and therefore as the unit is considered to be unsuitable for office use the proposed change of use to residential is considered to be appropriate.

It is not considered that by approving this application it would set a precedent for other units on the site to change to residential as site specifics have been taken into consideration (namely the siting and location of the unit in question). It has also been made clear to the Developer that no other change of use of business units to residential other than those subject of current planning applications would be welcomed. Due to the number of other available units that are available to let on the site and the units that are already being occupied, the site would still remain as a mixed use site. It is also considered that this proposal would not have an impact upon the strategic employment site at Kingston Farm where the units are larger and there is considerably more room for parking.

### 9.3 DESIGN ISSUES & IMPACT UPON THE WIDER AREA & LISTED BUILDING

There are no external changes being proposed as part of this application and therefore it is considered that there would be no impact upon character and appearance of the Conservation Area. It is therefore considered that the proposed changes would comply with Policies C17, C19 and C31a of the Local Plan.

#### 9.4 IMPACT UPON AMENITY

It is considered that the proposal would not have an impact upon neighbouring amenity in terms of overlooking or overshadowing as the building and windows/doors are existing. There are also no immediate residential properties that can be overlooked or overshadowed.

It is therefore considered that proposal would comply with Policy C38.

#### 9.5 ACCESS AND HIGHWAYS

Access to the site will not be changed as part of this application. 1 parking space is proposed for each of the 2 bedroom units and no parking spaces are proposed for the one bedroom units. It is acknowledged that parking on the site is difficult and that the proposed level of parking is under the current parking standards, however, the proposed parking is in accordance with the parking provision originally approved at Kingston Mills and therefore is considered to be acceptable.

It is acknowledged that there are current parking problems on the site, however the parking approved would have been made clear when people bought the units and this level of parking has not changed.

#### 9.6 OTHER

Many of the objections received relate to existing problems regarding parking and refuse, these issues have been acknowledged however this application is unable to overcome existing problems and therefore are not able to be taken into consideration when making a recommendation on this application.

#### 9.7 CONCLUSION

It is considered that as the proposal complies with the relevant policies of the development plan, the proposal is recommended for Approval subject to a supplemental agreement to the original Section 106 to ensure that the residential properties comply with the previous requirements.

#### **Recommendation:**

**Planning permission be granted at a future date subject to the Area Development Manager being satisfied to the completion of a supplemental planning agreement to ensure the residential properties subject of this permission comply with the original Section 106 Legal Agreement attached to 06/02394/FULES**

**The decision to grant planning permission has been taken on the grounds that the proposed development would not cause any significant harm to interests of acknowledged importance and having regard to the National Planning Policy Framework and the following policies and proposals in the West Wiltshire District Plan 1st Alteration 2004 namely Saved Policies H1, H16, C4, C15, C17, C19, C30, C31a, C38 and the Wiltshire Local Transport Plan 2011-2026: Car Parking Strategy**

**In accordance with paragraph 187 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.**

#### **Subject to the following condition(s):**

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with drawing numbers 10026(L)361 C, 3114/P/001 N received on 11th January 2013

REASON: For the avoidance of doubt and in the interests of proper planning

**Informative(s):**

- 1 This permission shall be read in conjunction with a Supplemental Planning Agreement to the original Section 106 Agreement made under Section 106 of the Town and Country Planning Act, 1990 and dated \_\_
