2. The project

Project Title/Name	Schools Christmas Concert
Please tell us about the project /activity you want to organise/deliver and why? <i>Important: This section is limited to 600 characters only (inclusive of spaces).</i>	The project is to enable schoolchildren from across our community area to come together at Christmas time to a community concert organised especially for them and supported by the Band of the Prince of Wales, thus integrating the military and civilian communities.
Where is this project taking place?	<i>Tidworth Garrison Theatre</i>
When will the project take place?	Wednesday 18th December 2018
What evidence is there that this project/activity needs to take place/be funded by the area board?	The project is needed to support the development of community cohesion and enable children for both military and civilian communities to come together. The schools concert is an annual event and is now part of the planning for Christmas for schools in the community area. It has become a major part of the cultural offer for young people and is becoming a local tradition. Feedback from past events has been excellent and children look forward to the event each year. Our community area is large and rural and children would not otherwise have the opportunity to come together to enjoy such a social event.

How will the local community benefit?	The local community will benefit from the opportunity to bring schools together to reinforce the fact that we are a community area supported by an area board. The event will support community cohesion and the integration of communities. Children will benefit from the provision of increased opportunities and activities and an exciting event to attend as part of the Christmas festivities.		
Does this project link to a current Community Issue? (if so, please give reference number as well as a brief description)	This project links to the identified need to do more to bring military and civilian communities together and also the objective to provide more activities for young people from across the community area.		
Does this project link to the Community Plan or local priorities? (if so, please provide details)	As above . There is also the need to develop the cultural and arts offer in the community area as identified in the JSA.		
What is the desired outcome/s of this project? To bring together 500-600 children from across the community area to enjoy a cultural event together, to showcase the Band of the Prince of Wales who are donating their services to benefit the community. To bring partners such as TCAP, Aster Communities, MOD and area board together in planning and delivering a community cultural event. To maintain the traditions of the community area.			
Who will be responsible for managing this project? Tony Pickernell , TCAP co-ordinator
