No

4. If yes, please state why this project cannot be funded from the Parish Precept

5. Project title?

Installation of two new full length cricket training nets

6. Project summary:

SMCC wish to install twin bay full length synthetic grass outdoor cricket training nets. We have the commitment of two qualified coaches and wish to satisfy a growing need for practise, training and coaching at all levels in the club, village and surrounding community.

7. Which Area Board are you applying to?

Malmesbury

Electoral Division

Sherston

8. What is the Post Code of where the project is taking place?

SN16 0NX

9. Please tell us which theme(s) your project supports:

Children & Young People
2012 Olympic Legacy
Health, lifestyle and wellbeing
Inclusion, diversity and community spirit
Sport, play and recreation

If Other (please specify)

10. Finance:

10a. Your Organisation's Finance:

Your latest accounts:

12/2012

Total Income:

£4769

Total Expenditure:

£3449

Surplus/Deficit for the year:

£1320

Free reserves currently held:

(money not committed to other projects/operating costs)

£9401

Why can't you fund this project from your reserves:

The project cost is £22,200 and we have £6,500 set aside from reserves to put towards this project. We have a fundraiser in November which should net us £4,000. We are also seeking funding from other organisations, see below, to fund this project.

We are a small community group and do not have annual accounts or it is our first year:

10b. Project Finance:

Total Project cost		£22200		
Total required from Area Board		£5000		
Expenditure (Itemised expenditure)	£		Income (Itemised income)	Tick if income confirmed
2 x Synthetic	22200		Club Funds	yes
				£
				6500

15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?

As this is a one off Capital Project we would anticipate that any additional costs would be purely maintenance and with new facilities we will increase our membership fees to cover any ongoing maintenance costs. Each year we have a surplus of funds and would commit to further fundraising if the facilities needed further work. This is an eagerly anticipated project and the club is completely committed to achieving our goal and maintaining it for years to come.

16. Is there anything else you think we should know about the project?

1. Which type of grant are you applying for?

Community Area Grant

2. Amount of funding required?

£0 - £500

3. Are you applying on behalf of a Parish Council?

No

4. If yes, please state why this project cannot be funded from the Parish Precept

5. Project title?

St. Mary\'s Hall Malmesbury Loft Insulation

6. Project summary:

The Hall is used by a wide variety of community groups - mostly children\'s groups, because charges are at an affordable rate. However, the Hall is very cold in the winter and heating bills are substantial, especially with recent price rises. One main reason for this is because there is little insulation in the Hall\'s roof void. This project is to purchase insulation and, with volunteers from our local community, to insulate the loft void to make the Hall warmer for users - to save on heating bills so charges can remain affordable and to promote the environment by saving fuel and reducing our carbon emission.

7. Which Area Board are you applying to?

Malmesbury

Electoral Division

Malmesbury

8. What is the Post Code of where the project is taking place?

SN160AH

9. Please tell us which theme(s) your project supports:

Total Income:

£25903

Total Expenditure:

£16100

Surplus/Deficit for the year:

£197

Free reserves currently held:

(money not committed to other projects/operating costs)

£1600

Why can't you fund this project from your reserves:

N.B. Included in the total income is a grant from the Big Lottery Fund for Â£10,000 to pay for railings, as the Hall borders a dangerous road. Our reserves are a contingency fund of Â£1,600 for emergency repairs and to ensure that the Hall can continue to operate for 3 months at least, for groups who need continuity such as the Preschool and other childrens groups.

We are a small community group and do not have annual accounts or it is our first year:

£12

11. Have you or do you intend to apply for a grant from another area board within this financial year?

No

12. If so, which Area Boards?

Malmesbury

13. Please tell us WHO will benefit and HOW they will benefit from your project benefit your local community?

St. Mary's Hall is the only community venue in Malmesbury that is currently affordable for many local groups and individuals. Per annum over 800 plus people use the Hall to meet or to participate in an event. Those using the Hall over the winter months will benefit from the insulation preventing some heat loss through the Hall roof. Insulation of the loft will mean reduced heating bills and assist in our desire to keep charges for use of the Hall at a reasonable level, which is of benefit to all users. Additionally the Hall is very cold in winter, even with heating and it is important particularly with regard to those who are more vulnerable healthwise, such as the disabled, elderly, infirm and the young- particularly PreSchool children, that a reasonable temperature is maintained. Additionally, insulation is an environmentally friendly and economic method of our reducing our carbon footprint which is of benefit to all.

14. How will you monitor this?

The use of the Hall is ongoing. Utility bills should reflect the effect of the insulation and users will feel the benefit during the winter months.

15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?

This is a one off project, which is unlikely to need to repeating for some years.

16. Is there anything else you think we should know about the project?

N/A
