Application ID	Applicant	Project Proposal	Requested
ID 93 (hyper link)	Lavington School Cycle Challenge- Mrs Lisa Adams	Cycling training over 3 month period leading up to a charity cycle ride	£2098.07
Project description <u>Short paragraph description of the project:</u> A group of students, staff and parents from Lavington School are going to cycle from the school to Paris on the 1st August - 3rd August. This is a charity ride for Bag4Sport foundation but is a project to get the school and local community active and inspired to take on this enormous challenge of 190 mile cycle ride. The challenge has encouraged students to get active and join local athletic and cycling clubs,			

such as Castle Combe race course sessions. Also, the group are running lots of fundraising events in the community. The young people have identified that they need training and support to prepare for this incredible challenge. Students have identified that they need coaching on basic bike skills, group cycling, hydration and nutrition through specialist coached training. The challenge is an endurance event and we are currently at about 20 miles a day however we need to be averaging about 70 miles a day therefore we need to professional coaching and advice to allow to be safe on the roads, physically, mentally and social well-being to cope with the pressure. This application is for regular coaching over a 3 month period leading up to the event, as well as for 5 go-pro cameras.

The cameras are driven mainly by the insurance because having a number of cameras enables us to record each groups' cycling to ensure we have all cyclists captured in case anything was to happen. Secondly, to capture this once in a life experience and for students to be able to capture their amazing achievement. Capturing this on camera will be a great tool to inspire young people across the county about what they could achieve and promote healthy active lifestyles. We were hoping to produce a DVD to sell to participants as a keepsake and raise more money for the charity.

Recommendation of the Local Youth Network Management Group

That the application meets the grant criteria, as well as supporting the current needs assessment for the full requested amount of £2098.07 but subject to the following conditions:

The LYN Management Group has put the following condition in place, when they formed their recommendations for this aspect of the youth grant funding application. They have requested that the 5 go-pro cameras remain 'in trust' to the LYN for use throughout the community, to benefit other groups of young people and get lots of use. Therefore, there will be the inclusion of an "Informative" condition requiring Lavington School to make the equipment available to other groups in the Community Area, including schools.
