**13. Please tell us WHO will benefit and HOW they will benefit from your project benefit your local community? (2000 characters)**

Chippenham Moonraker Gymnastics Club serves the people of Chippenham and the surrounding area from two separate venues, in Chippenham and Corsham, as well as working

with local schools providing curriculum gymnastics tuition and teacher mentoring. We have run the Wiltshire School Games gymnastics competition since 2013. Moving into a new venue which offers 24/7 access will allow the club to grow and provide the opportunity to participate in gymnastic activity to anyone of any age who wants to try, from pre-schoolers up to adults, in a safe and controlled environment. Sport England and Wiltshire Council priorities focus on increased participation for those aged 14-25, particularly women and girls, those who are non-sporty and not engaged in traditional sporting activity. We will expand our teen and adult programme to incorporate activities including Parkour, dance and display programmes, circus skills and gymnastics fitness circuits. We will increase access to our Leadership Academy volunteering programme for young people aged 11 to 18 enabling them to achieve qualifications in coaching, Leadership, judging and event management leading to a Level 2 certificate in Leadership through Sport. The Local Youth Network study indicates a desire for parkour in Chippenham and the surrounding area with 139 respondents expressing an interest in the activity, we will be able to provide a regular session for teens to participate within the facility following on from planned summer holiday taster activity. Increased opportunity to participate in a high quality environment may have an impact on general health and well-being. Continuing to work with schools and other education providers to combat childhood obesity and inactivity by providing a wide range of activity programming in a safe, child-friendly environment. At the current time we have over 400 children on a waiting list for a place at the club, this additional equipment will allow us to increase places in sessions to enable many of those waiting to take up a place within the club.

**14. How will you monitor this?**

We will monitor increases in participation by recording and reviewing regular attendance, and by measuring the increases in club and British Gymnastics membership figures. We will use feedback from participants to continuously improve the programme we offer to the community. We will utilise figures from open days and taster session attendance, monitoring those who attend these activities and then transfer into a regular session.

**15. If your project will continue after the Wiltshire Council funding runs out, how will you continue to fund it?**

The outright purchase of additional equipment will enable the club to increase the number of participants taking part on a weekly basis and as such the activity will become self-
