<b><u>Minute No..</u></b>	<b><u>Summary of Issues Discussed and Decision</u></b>
4	<p><u>Welcome and Introductions</u></p> <p>The Chairman welcomed everyone to the meeting and introduced the Area Board Members and officers present.</p>
5	<p><u>Apologies for Absence</u></p> <p>Apologies for absence had been received from Curly Haskell – Pewsey Parish Council.</p>
6	<p><u>Minutes</u></p> <p><b><u>Decision</u></b></p> <p><b>The minutes of the meetings held on 8 March 2021 and 18 May 2021 were agreed as a correct record and would be signed by the Chairman at a future meeting.</b></p>
7	<p><u>Declarations of Interest</u></p> <p>There were no declarations of interest.</p>
8	<p><u>Chairman's Announcements</u></p> <p>The Chairman drew attention to the following written announcements included on the agenda:</p> <ul style="list-style-type: none"> <li>• Area Board Operational Model 2021 Onwards</li> <li>• The 2023 Boundary Review</li> </ul>
9	<p><u>Appointments to Outside Bodies and Working Groups</u></p> <p>The following appointments to Working Groups and Outside Bodies were made for the forthcoming year:</p> <p>Outside Bodies:</p> <ol style="list-style-type: none"> <li>a) Partnership for Older People in Pewsey (POPP) – Cllr Stuart Wheeler</li> <li>b) Pewsey – The Vale Health and Wellbeing Centre – Cllr Paul Oatway QPM</li> <li>c) Pewsey Community Area Partnership (PCAP) – Cllr Paul Oatway QPM</li> </ol> <p>Working Groups:</p> <ol style="list-style-type: none"> <li>a) Community Area Transport Group (CATG) – Cllr Jerry Kunkler</li> <li>b) Young People Group – Cllr Jerry Kunkler</li> <li>c) Health and Wellbeing Group – Cllr Stuart Wheeler</li> </ol>

10	<p><u>Pewsey Area Board - Agreeing Priorities for 2021-22</u></p> <p>The Area Board considered the report of the Community Engagement Manager (CEM), Richard Rogers, which provided an overview of the Community Area Status Report. The Community Area Status Report combined the main messages gathered from local data and discussions with the local community. From these discussions and the gathering of evidence, the information provided a base from which priorities were identified that the Area Board could focus its resources upon.</p> <p>The Area Board then considered the following priorities for the Pewsey Community Area for the forthcoming year:</p> <ul style="list-style-type: none"> <li>• Positive activities for young people – Cllr Kunkler</li> <li>• Climate change – Cllr Kunkler</li> <li>• Transport and access with strong links to loneliness and Isolation – Cllr Oatway</li> <li>• Mental health (community approach) – Cllr Wheeler</li> </ul> <p>It was noted that each Area Board Councillor would champion one or more of the priorities. The priorities would then feed into a rolling work plan detailing how each priority is progressing, with regular update reports to the Area Board.</p> <p><b>Resolved:</b></p> <ol style="list-style-type: none"> <li><b>1. That the Area Board approves and adopts the 4 initial priorities with councillor champions as identified above.</b></li> <li><b>2. That the Area Board prioritise its resources including funding upon the agreed priorities.</b></li> </ol>
11	<p><u>Partner Updates</u></p> <p>a) <u>Wiltshire Police</u></p> <p>Insp Al Lumley provided a verbal update from Wiltshire Police, which included detail about a slight increase in assaults in the last quarter, but mainly categorised as assaults within the family. There had been an increase in the number of calls received about missing persons, generally these were young people playing truant or elderly people wandering off. They were all found and returned to their homes. Insp Lumley referred to Operation Ardent, which was a national objective in relation to abductions, child exploitation, county lines and human trafficking. The Area Board congratulated Paul Whiteside who had recently been appointed as a regular police officer in Pewsey from a PCSO.</p> <p>Insp Lumley responded to questions about the police organisational structure chart for the Pewsey Area, he indicated that work on the chart</p>

was available on the Police website and would be available for Parish Council's. Insp Lumley also commented on the frequency of Police reports for Parish Council's and indicated that he would take this forward.

b) Wiltshire Fire and Rescue

Dave Adamson, Station Manager provided an update from Dorset and Wiltshire Fire & Rescue Service, which included detail about reducing the level of risk and harm from fire, interaction between the Protection Team and Local authorities, private landlords and tenants, on call recruitment, inspirational safety education, advice for people living with dementia, road safety, winter safety and the total number of calls for Pewsey Fire station.

c) NHS Wiltshire Clinical Commissioning Group

There was no written report.

d) Healthwatch Wiltshire

The written report was noted.

e) Older People's Champion and Partnership for Older People (POPP)

Cllr Wheeler reported that there had not been a meeting of the Group since the local elections in May 2021.

f) Pewsey Community Area Partnership (PCAP)

Dawn Wilson explained that a Health and Wellbeing meeting had not taken place, although the membership had been combined with the covid response group as the same people were on both groups. Work was ongoing with Shalbourne Connect and walking groups.

Susie Brew commented on Pewsey Vale Tourism and in particular provided an update on the 'Walkers Are Welcome' project and the 'Itineraries' Project

Colin Gale commented on the bus proposal and had received an acknowledgement from Bill Grewcock from Wiltshire Council and understood that the proposal was being considered as a grant application. Both Pewsey and Bedwyn Rail User Groups were keeping in contact with Devizes Gateway Team about proposals for the new station. Discussions were also taking place with Transwilts about a community rail partnership. Colin made it clear to Transwilts that the proposals must not have a negative impact on current services but only improve them.

	<p>g) <u>Town and Parish Councils</u></p> <ul style="list-style-type: none"> <li>Rushall Parish Council – Colin Gale raised an issue about the condition of the road through Rushall. He explained that the road had been closed for some time as Highways were about to undertake some repair works. There was a need to make further urgent repairs to the road and Colin asked for Area Board support to action these. Members confirmed that they supported the actions requested and would contact the Cabinet Member for Transport, Waste, Streetscene and Flooding about the issue.</li> </ul>
12	<p><u>Community Engagement Manager - Delegated Decisions</u></p> <p>The Area Board considered a report about Community Engagement Manager delegated decisions which included the following proposal:</p> <p><i>In order to expedite the work of the Area Board and to deal with urgent matters that may arise between meetings, the Community Engagement Manager, following consultation with the Chairman (or in their absence, the Vice Chairman) of the Area Board, may authorise expenditure to support community projects (including youth, health and wellbeing and community area transport) from the delegated budget of up to £5,000 per application between meetings of the Area Board. The Community Engagement Manager should seek the views of all Area Board members to obtain a majority in support, prior to the expenditure being agreed.</i></p> <p><i>Decisions taken between meetings will be reported in the funding report to the next meeting of the Area Board explaining why the matter was considered urgent or necessary to expedite the work of the Board. Where a significant number of urgent matters arise between meetings, a special meeting may be called, following consultation with the Chairman to determine such matters.</i></p> <p>The Community Engagement Manager (CEM), Richard Rogers explained that due to changes in the Area Board operational model, as detailed above in the Chair’s announcements, the Area Board would be reducing the number of ‘business’ meetings to four a year. The proposal above would provide the CEM with the flexibility needed and allow him the ability to respond to community need outside of formal Area Board meetings. He stressed that the views of all Area Board members would be sought prior to expenditure decisions being made.</p> <p><b>Resolved:</b></p> <p><b>To approve the above proposal.</b></p>
13	<p><u>Community Area Grants</u></p> <p>The Area Board considered a number of applications for Community Area Grant</p>

	<p>funding. The Chairman invited the local Councillor to introduce each application, following which a representative of the applicant was given an opportunity to give a brief overview of their project to the Area Board.</p> <p>The Area Board also considered introducing an upper limit awarded for grants. It was suggested that £3,500 would be a suitable maximum amount awarded by the Area Board for the forthcoming year.</p> <p><b>Resolved:</b></p> <ol style="list-style-type: none"> <li><b>1. That a maximum amount of £3,500 be introduced for the award of individual grants during the forthcoming year.</b></li> <li><b>2. To award the following grants:</b> <ol style="list-style-type: none"> <li><b>a. Upavon Allotment Society - £1000 towards an extension of water supply to teenager plots on Upavon Allotments – Youth Grant.</b></li> <li><b>b. ## Chairman's Announcements

<b>Subject:</b>	<b>Ash Dieback</b>
<b>Web/ Email contact:</b>	<b>Email queries: <a href="mailto:Communications@wiltshire.gov.uk">Communications@wiltshire.gov.uk</a></b>

### Key messages:

- This is a serious public safety issue and landowners are responsible for dealing with it on their land.
- There is an urgent need for all landowners to identify ash trees growing alongside the highway, public rights of way and in public spaces that are showing signs of this disease and take action.
- Trees on private land away from public access can be left, the resulting dead wood, will continue to provide essential habitat for a range of wildlife including insects, nesting birds, roosting bats and a whole range of other small mammals.
- It is important that we replant our woodlands, hedgerows and parklands
- There is a range of local and national funding opportunities available for replanting
- Our ecologists and landscape officers can offer advice to landowners on tree management and replacement, including replacement funding opportunities.

### Video:

The Ash Dieback [video](#) explains why ash dieback is an issue that ALL landowners in Wiltshire need to take action to address. It outlines the help available from Wiltshire Council and signpost to other national organisations that can offer advice and funding to plant replacement trees.

### Background:

Ash Dieback or Chalara Dieback of Ash is a disease which is expected to lead to the decline and death of most of the ash trees in Britain. 90% of woodland Ash trees nationwide are likely to be affected over the next five to 15 years.

Ash Dieback is already affecting trees in all parts of Wiltshire, and the council, along with other large landowners is working to address the impacts of the disease.

In trees alongside the highway, rights of way and in public spaces, this can pose a risk of injury to people and damage to property. There is an urgent need for all landowners to identify Ash trees growing alongside the highway, public rights of way and in public spaces that are showing signs of this disease and remove or significantly reduce these trees in order to avoid risks to the public or to property.

Once infected, trees decline quickly, often dying within two growing seasons. Trees rapidly lose timber strength, leading to branches and trees falling.

The loss of so many ash trees will have a dramatic impact on our landscape, both visually and from the numerous benefits they provide. It will affect our

## ***Chairman's Announcements***

carbon cycling and water cycle, will leave crops and housing more exposed to the effects of weather and result in a direct loss of wildlife species that rely on trees and woodland areas.

It is important that we replant our woodlands, hedgerows and parklands with the most appropriate, alternative species of native trees and shrubs, in order to maintain the unique landscape character of Wiltshire, and to ensure that sufficient habitat continues to support the varied range of wildlife species that rely on these for food and shelter.

There is a range of local and national funding opportunities available for planting whole woodlands, or just sections of hedgerow with standard trees, or small copses.

Our ecologists can help landowners with land that could accommodate trees, to assess its suitability for planting and the most appropriate tree species.

The council is developing a Green and Blue Infrastructure Strategy for the county as well as a Nature Recovery Strategy. They will identify the existing natural areas of high value for people and wildlife, but also where further planting would be of most additional benefit.

Our ecologists and landscape officers are available to offer advice to landowners on tree management and replacement, including replacement funding opportunities.

## Chairman's Announcements

<b>Subject:</b>	Wiltshire Council draft Climate Strategy Consultation
<b>Web contact:</b>	<a href="http://www.wiltshire.gov.uk/climate">www.wiltshire.gov.uk/climate</a>

Consultations on both the draft Wiltshire Climate Strategy and Our Natural Environment Plan start on the 1<sup>st</sup> of September and run until 23.59 on the 17<sup>th</sup> of October 2021.

Information on both consultations are available as follows:

- Information about the Climate Strategy and to sign up for the online events see: [www.wiltshire.gov.uk/climate](http://www.wiltshire.gov.uk/climate)
- Information about Our Natural Environment Plan see: [www.wiltshire.gov.uk/planning-bio-green-blue-infrastructure](http://www.wiltshire.gov.uk/planning-bio-green-blue-infrastructure)

Comments can be submitted through the two online surveys via the above links.

### Climate Strategy

This strategy has been developed after Wiltshire Council acknowledged a climate emergency and pledged to become carbon neutral as an organisation by 2030. The document has deliberately been kept simple to encourage a wide readership. The UK Climate Change Committee estimates that local authorities can influence one third of emissions in their area. This makes public engagement and buy-in from organisations and businesses critical to tackling the other two thirds – as well as advocating for strong government action. This high level strategy sets out our objectives and areas of focus while remaining flexible. As the world around us evolves in terms of knowledge, legislation and policy, technology and the market, we will adapt to take advantage of these opportunities. Detailed delivery plans will be developed, and in recognition that we are facing an emergency, we are already taking action on a number of fronts.

### Our Natural Environment Plan - Green and Blue Infrastructure (GBI) Strategy

This strategy looks at the future for Wiltshire's natural environmental assets focussing on the need to address climate change adaptation and mitigation, halt and reverse biodiversity loss and contribute to the health and wellbeing of Wiltshire's residents.

'Blue infrastructure' means water courses such as rivers, lakes, canals, ponds and wetlands, while 'green infrastructure' covers plant life such as fields, woodlands, hedgerows and parks, and the GBI Strategy will set a clear vision, goals and principle to guide delivery through partnership working. Having a strong GBI will help mitigate against the effects of climate change through nature-based solutions such as, increased water retention in the land to

## ***Chairman's Announcements***

reduce the risk of flooding, maintain and improve biodiversity, and help to provide improved access to the countryside.

A Community Environmental Toolkit is available to support communities wanting to develop local projects and can be downloaded here:  
<https://www.wiltshire.gov.uk/article/3854/Community-Environmental-Toolkit>

The GBI strategy will inform the development of new policies in the emerging Local Plan and other council documents such as the Local Transport Plan and set the framework for a new Local Nature Recovery Strategy that will identify biodiversity net gain sites (a new requirement in the Environment Bill).

### Consultation events

There will be a series of online and in-person events covering both strategies where people can find out more and ask questions. To join the online events, people must sign up in advance. The full schedule of events is as follows:

- 9 September, 6pm, online launch event with Claire Perry O'Neill.
- 15 September, 10.30am-11.30am, first engagement webinar.
- 30 September, 7pm-8pm, second engagement webinar.

Library drop-in sessions:

- 14 September, 10am-midday, Salisbury Library
- 23 September, 10.30am-midday, Devizes Library
- 27 September, 10am-midday, Chippenham Library
- 7 October, 10am-midday, Trowbridge Library

All Local Councils have been sent a letter and a poster regarding the consultation and events. Please publicise the strategy consultations in your communities and online.

## DORSET & WILTSHIRE FIRE & RESCUE SERVICE

### WILTSHIRE AREA BOARD REPORT

#### Community Safety Plan

DWFRS Community Safety Plan can be found on the DWFRS website;  
<http://www.dwfire.org.uk/community-safety-plan/>

#### Prevention

We are committed to making a real difference to the lives of people in Dorset and Wiltshire. Our aim is to reduce the level of risk and harm to our communities from fire, targeting those most at risk. We do this primarily through our Safe and Well visits.

A Safe and Well visit is **FREE** and normally lasts about one hour covering topics such as:

- Using electricity safely
- Cooking safely
- Making an escape plan
- What to do if there is a fire
- Keeping children safe
- Good practice – night time routine and other points relevant to you
- Identifying and discussing any further support the occupier may need

Are you or anyone you know:-

- Over the age of 65?
- Need a smoke detector?
- Have a long-term health condition?
- Suffer from poor hearing or sight loss?
- Would you struggle to escape in the event of a fire?

If you can answer yes to more than one of these questions, then please call us on 0800 038 2323 or visit <https://www.dwfire.org.uk/safety/safe-and-well-visits/>

## Protection

On-going interaction by Protection Team members with Local Authorities, Private landlords and tenants regarding fire safety-related matters: external cladding systems; fire detection and warning systems; fire resisting doors (& self-closers); combustibility/fire resistance of construction materials; commercial and residential sprinklers systems and water-mist suppression systems

### **General Enquiries**

If you have a general fire safety enquiry regarding commercial property, please email [fire.safety@dwfire.org.uk](mailto:fire.safety@dwfire.org.uk) and the Fire Safety Team will respond in office hours.

### **Fire Safety Complaint**

If you wish to tell us about fire safety risks in commercial premises, such as locked or blocked fire exits, you have three options:

- You can email the fire safety department at [enforcement@dwfire.org.uk](mailto:enforcement@dwfire.org.uk)
- Call 01722 69 1717 during office hours (9am-5pm).
- Call our Service Control Centre on 0306 799 0019 out of office hours (5pm-9am)

## On Call Recruitment

Have you always wondered if you could join the fire service, but haven't had the opportunity to find out more? Have you found yourself seeking your next challenge, keen to give back to the local community or wanting to learn new skills including leadership and teamwork? Then becoming an on-call firefighter is for you.

As a paid position, on-call firefighters commit anywhere between 40 to 120 hours per week, during which time they must be able to respond to the station immediately.

Many have 'normal' jobs during the day, then upon their return home make themselves available overnight or during the weekends. Some of our crew respond from their workplaces during the day, and we are very grateful to their employers for releasing them to perform their vital duties.

Anyone over 18 years old can apply (although you can also apply once you are 17½) you must be able to respond and attend the fire station within 5-8 minutes, you have a good standard of physical fitness (i.e. you are generally active), and you must have the right to work in the UK.

Further information on becoming an On Call Firefighter can be found at [www.dwfire.org.uk/working-for-us/on-call-firefighters/](http://www.dwfire.org.uk/working-for-us/on-call-firefighters/) or should you have any questions, you can call **01722 691444**.

## Recent News & Events

### Student accommodation

#WelcomeToLifeAtUni

There are things you can do to improve your safety and security as a student, especially if you're moving into new accommodation.

Every year, around 350 18-24 year olds are injured in accidental house fires started by cigarettes, smoking materials and cooking. Therefore, you need to make sure that you're familiar with the basics of fire and gas safety, as well as home and personal security.

By taking a few sensible precautions, you can help protect yourself from injury – or worse:

## Get sweeping for Chimney Fire Safety Week

Dorset & Wiltshire Fire and Rescue Service (DWFRS) is again supporting the national Chimney Fire Safety Week, which runs this year from 30 August until 5 September.

Organised by HETAS – the Heating Equipment Testing and Approvals Scheme – as part of the Government's Fire Kills campaign, the awareness week calls for homeowners to act responsibly and get their chimneys swept by an approved sweep. This prevents chimney damage, and, in worst cases, household fires.

## Be one of us

Dorset & Wiltshire Fire and Rescue Service exists to make life safer for people. To do this, we need a dedicated, professional team of Operational and Corporate staff with a diverse range of skills, knowledge and expertise.

We rely on our staff to help us achieve our priorities and objectives, and we aim to develop and maintain a healthy, safe, well-trained workforce which is representative of our community.

We acknowledge that our workforce does not yet represent the communities we serve. In order to broaden our representation, we need to ensure that members of our community have an opportunity to understand our Service, what we do, our values and our culture. We use positive action approaches to help better inform our communities on how we operate and the careers available within the fire Service.

For further explanation on positive action and other aspects of what we do, please visit:-

## Safety outdoors

Fire safety doesn't stop when you leave the house. We want you to keep safe when spending time outside. With more people taking to camping, caravanning, barbecuing and general outdoor leisure, always consider the fire risks.

Why not check out the Fire Kills campaign leaflet on [Fire Safety Outdoors](#) – lots of handy advice!

## Children and young people asked for their views on LGBTQ+ support services

Healthwatch Wiltshire would like to hear what children and young people think of local health and support services for young LGBTQ+ people.

We're asking anyone aged 11-25 who identifies as Lesbian, Gay, Bisexual, Transgender, or who is questioning their sexual or gender identity, to share their experiences of support they've received and tell us what support they'd like to see in their school, college or workplace and in their local community.

Our Young Healthwatch Wiltshire volunteers have devised a short, anonymous survey to gather your views which will be shared with NHS leaders and other decision makers to help improve local services.

Young Healthwatch volunteer Robyn Moore said: "We know that people who identify as LGBTQ+ are more likely to experience mental ill health and we are particularly keen to hear what children and young people think of the support available in Wiltshire and what else they would like to see.

"Please take a few minutes to share your views - all feedback is completely anonymous and will be treated in confidence."

Take part in the survey here:  
[smartsurvey.co.uk/s/LGBTQx](https://smartsurvey.co.uk/s/LGBTQx)

We will also be at Salisbury Pride Festival on Saturday 4 September and at the Be Active 2021 Showcase in Devizes, on the same day.

## Community Engagement Report – Pewsey

### June 28th to Sep 20th 2021 - Priorities Update

#### 1. Young People

- PCAP orking with the area board led on 2 activity days during the summer and a request for funding to run a third in November has been submitted
- The Blue Bus will be starting up again in Burbage and Upavon in October and a request is in for an additional 6 months funding. Volunteers have started to be identified and Upavon Camp are also interested to get involved.
- A virtual LYN has been established and a meeting will take place on 28th Sep at 2pm
- The Wiltshire wide Youth Survey is live but will be promoted widely from now onwards. Pewsey Vale School will encourage their students to complete it.

#### 2. Climate Change

- Wiltshire Council’s climate strategy is out for consultation and area boards are being asked to consider how they can contribute through local action
- Several people have been identified who are keen to help take this priority forward and an engagement will be set up to discuss this and decide on some local actions

#### 3. Health and wellbeing

- Health and wellbeing group met on 20th July and has taken on a wider remit of support within the community. Many of the activities that had been suspended are now active again
- Engagement has taken place with Meadow Court, Pewsey to help residents understand what is available within the community and to encourage integration

#### 4. Transport and access

- An initial discussion meeting was held to discuss the investment into public transport in the Pewsey Vale using the £671k Bus Back Better money, the £1.2m Rural Mobility Fund and the wider bus service Improvement Plan. The hope is that this can help provide many of the desired local improvements.

A 5 year average is used to monitor the condition of the network due to the surveying regime of undertaking a 50% network length

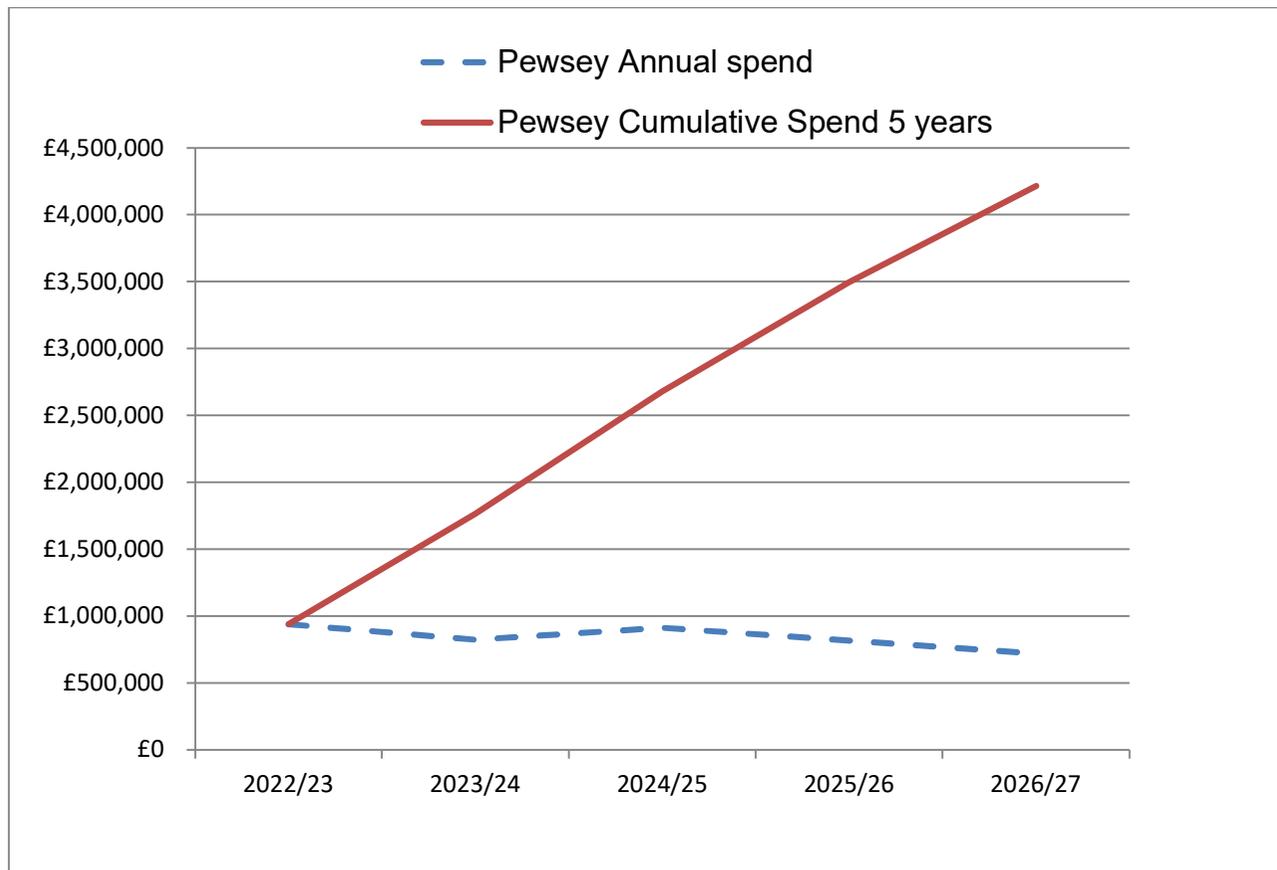

The graphs show that even with a deteriorating network the targeted maintenance schemes are generally improving the overall condition of the roads within Wiltshire, a rolling 5 year programme and funding process is designed to allocate resources to those areas with a higher percentage of poor roads based on their network length.

**The target is for all area boards to be at the same low level of around 20% of the network requiring some form of maintenance**

Some schemes have been postponed due to covid issues, i.e. if they are on the route to a vaccination centre or to a key industrial area, these works have been moved to 2022/2023, potential budget issues may mean they are delayed for longer. Works around industrial areas that could effect businesses have also been delayed as to not compound the difficulties of lockdown. **The condition table is to be updated, NOTE CHANGES IN YEARLY SPENDS DUE TO BOUNDARY CHANGES**

<b>Report To</b>	<b>Pewsey Area Board</b>
<b>Date of Meeting</b>	<b>Monday, 20 September 2021</b>
<b>Title of Report</b>	<b>Pewsey Area Grant Report</b>

## Purpose of the Report

- To provide detail of the grant applications made to the Pewsey Area Board. These could include; community area grants, health and wellbeing, young persons grants and Area Board initiatives.
- To document any recommendations provided through sub groups.

## Area Board Current Financial Position

	Community Area Grants	Young People	Health and Wellbeing
<b>Opening Balance For</b> 2021 / 22	£ 33487	£ 14135	£ 7700
<b>Awarded To Date</b>	£ 20533.43	£ 1000	£ 0
<b>Current Balance</b>	£ 12933.57	£ 13135	£ 7700
<b>Balance if all grants are agreed based on recommendations</b>	£ 8963.57	£ 7935	£ 7700

## Grant Funding Application Summary

Application Reference	Grant Type	Applicant	Project	Total Cost	Requested
<a href="#">ABG213</a>	Area Board Initiative	CEM	Open Blue Bus for Burbage and Upavon	£3400.00	£3400.00
<p><b>Project Summary:</b>            The Open Blue Bus were funded by Pewsey Area Board to fund a monthly session for 12 months in the villages of Burbage and Upavon. The key purposes of this was to provide support for young people, to encourage those within the villages to explore what longer term support they could offer and to identify and train local volunteers. Due to COVID, the session had to be suspended in March 2020 having delivered 9 sessions. The bus will start again in October 2021 and run for 3 months. Unfortunately this has offered no continuity nor time to develop a longer term plan. This funding request is to provide 6 additional months service for both areas. In addition the Open Blue Trust will provide some sessions with the Trenchard Lines Camp in Upavon to explore whether this is a provision that is required longer term.</p>					
<a href="#">ABG204</a>	Community Area Grant	Easton Royal Playground Fundraising Group	Easton Royal Playground	£470.00	£470.00

<a href="#">ABG198</a>	Community Area Grant	All Cannings Village Hall	All Cannings Village Hall Double Glazing Windows and Doors	£9388.00	£4694.00

Application Reference	Grant Type	Applicant	Project	Total Cost	Requested
<b>Project Summary:</b> The project is to replace windows and doors in the Village Hall that have come to the end of their useful life.					
<a href="#">ABG203</a>	Youth Grant	Pewsey Community Area Partnership known as PCAP	Outdoor Festive Fun in Pewsey	£3800.00	£1800.00
<b>Project Summary:</b> To provide a 10m x10m icerink for one day from midday until 7pm. To be fully staffed by the provider who will also supply the skates, a gazebo for changing skates, lighting and music. All covered by the suppliers PL insurance. This size of rink will accommodate 34 skaters, so this will provide 437, 30 minute slots.spare capacity will be offered for a small charge on the day. This event will be marketed to all 10 schools around the Vale including Pewsey Vale School. I will share information with the school on how to book slots for this event. I will also make myself available to take bookings in the leisure centre and two local business have also offered to help with booking slots. We will make a small charge to recover some funds to support this event. Other larger towns all have a Christmas event which is attended by families and young people. The aim of this event is to provide a fun seasonal activity outside for the young people of Pewsey Vale and their families to support mental health and well-being following this chaotic year. The aim is for the activity to be something only accessible in a larger city to promote spending a day in Pewsey supporting local businesses and the Christmas fair. Pewsey is 24 miles from Swindon and Salisbury which is difficult for those without easy access to transport.					

## 1. Background

Area Boards have authority to approve funding under powers delegated to them. Under the Scheme of Delegation Area Boards must adhere to the Area Board Funding and Grants Criteria. This document is available on the council's website.

Three funding streams are available to the Area Board, each with an annually awarded amount. These funding streams are as follows:

- Community Area Grants (capital)
- Young People (revenue)
- Health and Wellbeing (revenue)

The Area Board will be advised of the funding available prior to their first meeting of each financial year.

## 2. Main Considerations

2.1. Councillors need to be satisfied that the applications meet the requirements as set out in the Area Board Funding and Grants Criteria and that the health and wellbeing and young persons funding guidelines have been adhered to.

2.2. Councillors must ensure that the distribution of funding is in accordance with the Scheme of Delegation to Area Boards.

2.3. Councillors need to consider any recommendations made by sub groups of the Area Boards.

## 3. Environmental & Community Implications

Grant funding will contribute to the continuance and/or improvement of cultural, social and community activity and wellbeing in the community area, the extent of which will be dependent upon the individual project.

## 4. Financial Implications

Councillors must ensure that the Area Board has sufficient funding available to cover the grants awarded.

## 5. Legal Implications

There are no specific legal implications related to this report.

## 6. Human Resources Implications

There are no specific human resources implications related to this report.

## 7. Equality and Inclusion Implications

Community Area Boards must fully consider the equality impacts of their decisions in order to meet the Council's Public Sector Equality Duty.

Community Area Grants will give local community and voluntary groups, Town and Parish Council's equal opportunity to receive funding towards community based projects and schemes where they meet the funding criteria.

## 8. Safeguarding Implications

The Area Board has ensured that the necessary policies and procedures are in place to safeguard children, young people and vulnerable adults.

No unpublished documents have been relied upon in the preparation of this report.
