**Questions from Mrs Helen Stuckey**

On 18th March 2016, the council updated the Inspector on the Schedule of Work and stated that Officers will be formally reporting to Cabinet on 19 April 2016 to provide an update on the Chippenham Site Allocations Plan and in particular, regarding whether the schedule of work is likely to: (i) result in significant proposed modifications to the submitted Plan due to a different development strategy being identified; or (ii) support a development strategy broadly consistent with the submitted Plan. A copy of the report will be available on 11 April 2016 when the Agenda is published.

I have read the "Draft Chippenham Site Allocations Plan: Update" submitted to support Agenda item 7 but it does not contain the promised update on "whether the schedule of work is likely to result in significant proposed modifications" or not. Why not? Or will an update be presented at the Cabinet meeting itself?
