Ref WK/201712621

The Greyhound Bromham

I wish to strongly oppose the variation to the Greyhounds premises licence on the following grounds

The premises are in the middle of a quiet village and extending the entertainment to 0000 will cause the noise level to be high too late into the night and when in the past entertainment has been outside the building, it can be heard up to 1 km from the pub and to run such events until 0000 would be anti social to the rest of the village. So what things are being put in place inside and outside to keep the noise level to a minimum to protect the local villagers.

Increasing the retail hours to 0100 will mean that the villagers will have to put up with cars and people leaving the premises for at least an hour after that time which is unfair for the homes around the pub many who have to work weekends and in my view is unwanted and unwarranted invasion into villagers lives

Also the pub has no car park of its own and is using the village car park next door to which in recent years has had some vandalism and anti social behaviour at late at night.

I believe that 12hrs opening time is more than sufficient for the villagers of Bromham

Your faithfully
Miss K.M. Hobbs

Good morning

Thank you for your objection to the above variation application.

your representation will now be forwarded to the applicant for their information.

A hearing will be arranged for the application to be heard before the Licensing Sub-Committee. Your representation will therefore form part of the report which will become a public document, and can be viewed on the Wiltshire Council website once published. You will also be invited and expected to attend the hearing to demonstrate your concerns in at this forum.

I would like to point out that the applicants have included the following further conditions within the variation, which would form part of the licence if granted:-

Windows and Doors to be kept closed after 23:00 hrs

Contact telephone number made available to local residents which can be used to report noise disturbance

Prominent notices to be displayed on all exit doors requesting patrons to leave the premises quickly and quietly and respect the neighbours

Carry out regular monitoring of noise to the outside area of the premises to ensure no disturbance to local residents

The applicants have had an opportunity to read through representations already received over the variation and have responded with the following:-

The application to extend the hours to serve alcohol from midnight to 1.00am was to appease a number of local drinkers who prefer to use the Greyhound rather than the Social Club.

However Danny does not want to create unnecessary problems in the village and is happy to remove this part from the application to vary.

He will apply for Temporary Event Notices to cover specific events and monitor if there are any issues with noise or public nuisance.

With regard to the application to extend the music from 11.00am to Midnight and the opening hours to public from 9.00am to 10.00am we would like this to be granted.

I hope this compromise allays the fears of local residents who have objected to the variation but if you want to discuss further please do not hesitate to contact.

As mentioned above the applicants have requested to remove the extension of alcohol sales to 01:00 hrs, therefore this will remain at 00:00 hrs.

In view of the above modification please consider this amendment to the application and let me know if you would like to proceed with your representation or withdraw. Please can I ask that you respond to me by end of today 3rd July with your decision.

Dear Ms Grant

Thank you for your reply and after reading your email I wish my objections to the change to the Greyhound licence to stand.

I note the removal of the drink time limit from the application.

As for the conditions to which you list I feel that these in the main are contradicting themselves and will be impossible to enforce, because if the Greyhound thought they could, they would not be giving a phone number out for people to complain. Would this number be private and confidential. (I do not think so).

As for keeping doors etc closed I do not see that this is going to work as people will be coming and going all night.

Also I would not be ringing the pub late at night/ early hours of the morning about the noise/antisocial, if I had to make a call it would be to the police or Wiltshire Council anti social team to sort it out.

There is not a social club in Bromham. The social club was closed a few years ago and then turned into a pub. The pub (The Owl) is next to village hall which is run as a commercial business.

Your faithfully

Miss K.M. Hobbs
