Please note that following publication of the agenda, some minor errors within the conditions were identified.

Therefore, please note that condition number 3 and condition number 18 should read as follows:

Condition 3

The development hereby approved shall not commence until a Construction Management Plan (CMP) has been submitted to and approved in writing by the local planning authority. The CMP shall include details of the following relevant measures:

- i. An introduction consisting of a construction phase environmental management plan, definitions and abbreviations and project description and location;
- ii. A description of management responsibilities;
- iii. A description of the construction programme;
- iv. Site working hours and a named person for residents to contact;
- v. Detailed Site logistics arrangements;
- vi. Details regarding parking, deliveries, and storage;
- vii. Details regarding dust mitigation;
- viii. Details of the hours of works and other measures to mitigate the impact of construction on the amenity of the area and safety of the highway network;
- ix. Communication procedures with the LPA and local community regarding key construction issues – newsletters, fliers etc;
- x. Details of how surface water quantity and quality will be managed throughout construction;
- xi. Details of the safeguarding measures to deal with the following pollution risks:
 - the use of plant and machinery
 - wheel washing and vehicle wash-down and disposal of resultant dirty water
 - oils/chemicals and materials
 - the use and routing of heavy plant and vehicles
 - the location and form of work and storage areas and compounds
 - the control and removal of spoil and wastes
- xii. Details of safeguarding measures to highway safety to include:
 - A Traffic Management Plan (including signage drawing(s))
