<u>Minute No..</u>	<u>Summary of Issues Discussed and Decision</u>
1	<p><u>Highways and Transport Matters</u></p> <p>The event began by providing context about highway infrastructure and its importance in Wiltshire.</p> <p>An overview was presented of how highways in Wiltshire were funded and what investments were being planned by the Council for the future. This included initiatives to tackle speeding and flooding.</p> <p>The presentation then focused in specifically to Corsham, highlighting the following specific issues:</p> <ul style="list-style-type: none"> • Highway Maintenance • Active Travel • Town Transport Plan • Flooding • Corsham Station <p>Corsham Town Council also gave a short presentation highlighting their input into highways and transport priorities in the area.</p> <p>Their overall strategic priorities included:</p> <ul style="list-style-type: none"> • Environment and Climate Change • Business and the Economy • Community Wellbeing • Transport and Highways <p>Pointing specifically to their transport priorities:</p> <ul style="list-style-type: none"> • Affordable, well-connected and regular public transport. • Well-maintained roads and routes for walking and cycling. • Lower traffic speeds and improved road safety measures. • Plans in place for new transport infrastructure. <p>The PowerPoint slides are attached to the minutes.</p>
2	<p><u>Question and Answer Session</u></p> <p>The panel then opened the meeting up to the floor and invited questions and comments from those present. They also explained that they would provide written responses to the questions submitted in advance of the meeting which</p>

would be attached to the minutes.

- A question was asked about work on white and yellow lines in Colerne, to which it was stated that inspections would be taking place. Prioritisation is given to the highest built-up areas and through a specific set of criteria.
- Much attention was given to a question about ongoing issues, including two very serious collisions on Bradford Road. Comments from attendees included safety concerns for children, the inconsistency of speed limits and enforcement of those limits, and the current junction layout.

It was noted that a Cabinet Member decision was being made on this particular issue on the reduction of the speed limit. Site visits had been made and the concerns of local residents had been considered amongst many other factors, including guidance from various transport groups. Steps to ensure drivers slow even further outside the school situated along the road were also being taken.

It was accepted that further communication and collaboration with local residents was needed.

- Issues on Vellay Hill were raised where there was a 30mph limit which was not being adhered to. Enforcement measures were asserted to be in place and police officers do attend, however it was stressed that this was balanced between multiple areas of concerns. Traffic management and calming measures were in place, and arguments made for different interventions were being considered.
- A question was asked on the use of data from Speedwatch cameras and their effectiveness in catching speeding motorists and enforcement through fines and other penalties. It was responded that attendance to the next area board meeting would be sought from PCC's office to answer this question in more detail, but difficulty procedurally with deploying Speedwatch cameras was explained and it was stressed that there was no wish to leave a situation that was unsafe.
- Further questions were asked on certain road projects that would require attention including:
 - A degrading pavement on the road into Corsham from Gastard.
 - Flooding on the junction between Skynet Drive and Park Lane
 - Issues with a lack of cat's eyes on numerous roads causing issues when driving at night
 - A double pedestrian crossing in Box which was in need of repair.

It was reassured that all of these issues were known, and work had either

	already begun or was due to start soon.
3	<p><u>Session Summary and Next Steps</u></p> <p>Those who submitted written questions would receive written responses. This document is still being prepared and will be published separately to these minutes.</p> <p>The board thanked those who attended and gave their views and concerns.</p>
4	<p><u>Apologies for Absence</u></p> <p>Cllr Caroline Thomas</p>
5	<p><u>Minutes</u></p> <p><u>Resolved:</u></p> <p>The minutes from the 12 October 2023 were approved as a true and accurate record.</p>
6	<p><u>Declarations of Interest</u></p> <p>There were no declarations of interest.</p>
7	<p><u>Chairman's Updates</u></p> <p>The Chair updated the board on the following items:</p> <ul style="list-style-type: none"> • Police and Crime Commissioner's Annual Report 2023 • Cost of Living Update
