

<b>Draft Reforming Community Services Task Group – Work Plan 2008</b>			
<b>Subject</b>	<b>Timescale for the Task Group</b>	<b>Evidence / Action Required</b>	<b>Background</b>
Minor Injury Units	July 2008 and review	Update from PCT	MIU services are bedding in and require monitoring
Neighbourhood Teams	PCT Board receiving update in July, Task Group update to follow	Info on implementation, impact on patients and other services	NTs are roughly a year old and their impact on community health services as a whole can begin to be measured
Maternity Services	Within 6 months	Task Group to receive analysis on the maternity model for Wiltshire from the PCT	The PCT has been looking at maternity services in conjunction with the recommendation from the OSC to look at the viability of domino units
Primary Care Centres	Within 2 months	Task Group to hear about plans for each PCC as they come forward	Business cases for PCCs are now being developed and will go before the PCT Board over the next few months
Visit to Malmesbury Primary Care Centre	Within 2 months	Task Group to visit the new PCC to see the first new development in the county	Malmesbury project was given the go ahead prior to PfC, but has been redeveloped as part of RCS and is the first new style facility to be completed
Mobile diagnostics	Within 6 months	To understand where docking facilities for mobile services will be located and what mobile services are likely to be on offer	Mobile diagnostics were discussed as part of the PfC in conjunction with the PCC development programme
Beds at Chippenham Hospital	July 2008 and review.	PCT to update the Task Group on plans for beds at Chippenham	Bed numbers at Chippenham have been reduced, but not to the number originally planned
