29 October 2009

Dear Community Area Board members,

You are warmly invited to the formal signing and launch of the Bradford on Avon Community Area Carbon Neutral Declaration. This will be at the Fat Fowl on Saturday 12 December at 12.00 midday. Drinks and nibbles will be available from 11.30 am.

The signing ceremony will take place at the same time as the global climate change negotiations in Copenhagen, and marks Bradford on Avon's own commitment to working for a low carbon future. Climate Friendly Bradford on Avon will be sending a representative to the Copenhagen talks, & we hope to be able to arrange a live link-up.

The Declaration commits signatories to supporting community action to make the Bradford area carbon neutral by 2050, as well as working to cut carbon dioxide emissions from the activities of their own organisations. Ensuring that Bradford on Avon is a "first mover" in developing low carbon lifestyles will bring major social, economic and environmental benefits. The support of the Community Area Board will be vital in achieving these goals.

A copy of the Declaration is attached. Please confirm by November 30th who would like to attend on behalf of the Community Area Board, and don't hesitate to get back to me with any questions.

Kind regards

Richard Craft
Chairman, Climate Friendly Bradford on Avon
