

APPENDIX A : SAVED LOCAL PLAN POLICIES AND ASSOCIATED GUIDANCE

Saved Local Plans

The table below sets out where current Local Plan policies will be transferred to as part of the process of evolving towards the Local Development Framework. Until the relevant LDD is adopted, the current Local Plan policies will remain '**saved**' for the determination of planning applications until new LDF policies are adopted in the relevant DPD.

NAME	EXISTING ADOPTED LOCAL PLAN POLICIES TO BE INCORPORATED
Local Plans	
North Wiltshire Local Plan 2011 (Adopted and 'saved' until June 2009)	All policies 'saved' until June 2009 unless replaced by relevant DPD's http://liveinternet.northwilts.net/index/env/planning/localplans/localplan2011.htm . An application will be made to the Secretary of State to save relevant policies by 22.12.08
Wiltshire and Swindon Waste Local Plan 2011 (All 'saved' policies to be carried forward until replaced by emerging Core Strategy/DC policies)	<p>Policy No & Name</p> <p>2 The Need for Waste Development and Regional Self Sufficiency – this policy provides the basis upon which <i>need</i> for development can be assessed.</p> <p>5 Safeguarding Preferred Areas and Waste Sites – this policy sets out the Councils' approach to safeguarding potential and permitted waste management facilities.</p> <p>6 Environmental Protection, Human Health, and Amenity and Transport – this policy provides a 'long-list' of criteria against which applications for waste management facilities should be judged.</p> <p>10 Waste Audits – this policy aims to build upon the principles of the waste hierarchy by seeking to influence the process of re-development. It aims to reduce the overall amount of wastes produced as a function of development</p> <p>11 Materials Recovery and Recycling Facilities – this policy sets out the Councils' approach to determining applications for waste management facilities located outside the preferred sites listed in Schedules 1 and 2.</p> <p>12 Inert Waste Recovery / Recycling Facilities – this policy sets out the Councils' approach to determining applications for waste management facilities located outside the preferred sites listed in Schedules 1 and 2.</p> <p>13 Scrapyards - this policy sets out the Councils' approach to determining applications for scrapyards located outside the preferred sites listed in Schedules 1 and 2.</p> <p>14 Provision for Recycling in New and Refurbished Developments – this policy aims to increase opportunities for small-scale recycling in major new development proposals.</p> <p>15 Indoor Composting – this policy sets out the Councils' approach to determining applications for indoor composting facilities located outside the preferred sites listed in Schedules 1 and 2.</p> <p>16 Outdoor Composting - this policy sets out the Councils' approach to determining applications for outdoor composting facilities located outside the preferred sites listed</p>

to assess and mitigate effects on the water environment.

Policy 18 Riparian Buffer Zones – this policy seeks to protect the integrity of water bodies and water courses.

Policy 19 Sites of International / National Nature Conservation Importance – this policy sets a broad hierarchical approach to ensuring that sites of international / national nature conservation interest are protected from the adverse effects of minerals development.

Policy 20 Sites of Local Nature Conservation Importance – this policy sets out criteria for ensuring that minerals proposals do not materially affect local nature conservation interests.

Policy 21 Habitat Protection and Enhancement – this policy seeks to ensure that there is no net loss of habitat as a result of minerals development.

Policy 25 Archaeology of National Importance – this policy seeks to protect archaeological sites and features of national importance.

Policy 28 The Safeguarding of Disused Canals – this policy aims to ensure that the route and vertical alignment of disused canals are safeguarded from minerals development.

Policy 29 Airfield Safeguarding – this policy seeks to protect the integrity of airfield safeguarding zones and Salisbury Plain from the adverse effects of minerals development.

Policy 33 Wider Benefits of Restored Mineral Workings – this policy sets out the principles to be applied by the MPAs when considering the use of voluntary agreements to secure long-term public benefits from restored mineral sites.

Policy 35 Preferred Areas for Sharp Sand and Gravel - this policy identifies a series of sites for minerals extraction.

Policy 36 Sharp Sand and Gravel Proposals Outside Preferred Areas – this policy provides a context for assessing proposals for sharp sand and gravel extraction on sites that fall outside the Preferred Areas in the Upper Thames Valley.

Policy 37 The Winning and Working of Soft Sand – this policy provides a policy context for determining applications for soft sand extraction.

Policy 38 Extensions to Sand and Gravel Workings – this policy sets out the basic criteria for assessing applications to extend sand and gravel workings.

Policy 39 The Winning and Working of Crushed Rock – this policy sets out the basis upon which applications for new or extended crushed rock quarries would be considered.

Policy 40 Alternative and Secondary Aggregates – this policy sets out criteria for assessing proposals for minerals recycling / reception facilities. It also seeks to promote and support proposals for use and re-use of alternative aggregates.

Policy 41 Borrow Pits – this policy sets out criteria for assessing proposals for borrow pits related to specific construction projects.

Policy 43 Access to Mineral Workings in the Upper Thames Valley – this policy sets

out a package of highway improvements in the Upper Thames Valley (C116 / C124; proposed Eastern Spine Road) to support the implementation of the Preferred Areas.

Policy 44 Highway Requirements of Mineral Workings in the Upper Thames Valley – again, this policy relates to the development of the Preferred Areas and the need to ensure that affected sections of the local highway network (C116 / C124) are improved to accommodate vehicle traffic.

Policy 45 Nature Conservation in the Cotswold Water Park – this policy aims to ensure that proposals for minerals development (including restoration and after-use) in the Cotswold Water Park are compatible with the nature conservation objectives of the area as well as contributing to overall biodiversity.

Policy 47 Restoration of Mineral Workings in the Upper Thames Valley – this policy applies specifically to the issue of restoring the Preferred Areas in the Upper Thames Valley.

Policy 48 Landbanks for Cement Raw Materials – this policy provides a basic commitment to maintaining stocks of permitted reserves of cement raw materials (chalk and clay) to serve the Westbury Cement Works.

Policy 49 Preferred Areas for Proposals for Cement Raw Materials – this policy identifies Preferred Areas for cement raw materials in the vicinity of the Westbury Cement Works and criteria for determining any applications.

Policy 50 Proposals for Raw Materials for Cement From Outside the Preferred Areas for chalk and Clay – this policy provides an ‘exceptions’ test for assessing proposals for chalk and clay extraction for cement uses outside of Preferred Areas.

Policy 51 Non-Aggregate Minerals for Non-Cement Uses – this generic policy seeks to provide a broad context within which applications for all non-aggregate minerals development can be assessed (e.g. applications for building stone, agricultural chalk etc.

Annexe 1 Site Assessment Criteria – this element of the Adopted Minerals Local Plan sets out a range of criteria to be adhered to by applicants when considering submitting applications for minerals development in the Upper Thames Valley.
