## LOCAL DEVELOPMENT DOCUMENT PROFILE

### SOUTH WILTSHIRE CORE STRATEGY

#### Document Details

Role and Subject	Will set out the Council's vision and key principles for development in the Salisbury District. Its foundation will be a wide spatial analysis of the district's features and an appraisal of key objectives derived from sources including national and regional planning guidance and the Community Strategy. At its heart will be the delivery of viable and vibrant communities based on the principles of sustainability. The Core Strategy will aim to balance the competing environmental, social, and economic pressures by prescribing a sustainable strategy for the future development of the district and where it envisages that development will be focused. The Core Strategy will include a Key Diagram to show a clear spatial plan of the key elements. It will be a transitional document until the publication of the Wiltshire wide Core Strategy which will supersede this document.
