The issues highlighted were:</p> <ul style="list-style-type: none"> • Waste Disposal and collection - problematic for over 4 years with a lack of provisions in certain areas for the collection of cardboard and plastic. • Speeding through villages – funding needed for the use of 30mph stickers on wheel bins to alleviate the problem. • Traffic and Parking in Pewsey – limited parking in centre which is strictly enforced, flexibility needed. • Parish Councils taking over services in certain areas – Extension of Parish Steward Scheme. • Safety of crossing roads in Pewsey – problematic areas with no pavements, poor visibility on corners etc needing attention. • Employment – problems for younger people who have a lack of transport to get to outside areas. • A345 traffic calming needed – particularly at school junction, in the village of Oare. • Maintenance of ‘rights of ways’ – not often dealt with causing problems. <p>The Chair thanked the public for their input and informed them that issues sheets on the matters raised should be handed at the end of the meeting and updates would be brought to the next meeting</p>

Acting as a voice for the community taking up issues with the relevant partners. • The Community Plan is amended each year to reflect the current targets and concerns. In the last year the CAP has been busy converting roles to fit with the new unitary council, adapting the boundaries etc and the new reshape is intended to work well with the Area Board. • The Partnership has working groups for each part of the plan, each with their own goals to improve the plan. • These groups include a Transport group, Health group, Economy Group (Chamber of Commerce), Planning group, Pewsey neighbourhood (community safety) group and many more. 	

	<ul style="list-style-type: none"> There are areas of the plan that are not currently covered by a working group and any suggestions and offers towards this will be welcomed by the CAP.

Some of the points raised were;</p> <ul style="list-style-type: none"> In the future updates would be provided on incidents in the area by a representative at each Area Board meeting.
