57 High Street

Reasons for Objecting

1. The residents in this area have no off-street parking.
2. The parking does not create significant obstruction to through traffic.
3. The removal of the parking would increase vehicle speeds.

Comments

1. The Town Council requested the inclusion of this restriction in the proposals.
2. The Town Council has considered its objections and have subsequently resolved that the proposals should not be implemented, as the current parking acts as traffic calming.
3. In the circumstances, it is recommended that the proposals for Pewsey Road not be implemented.
