

WOODFORD**LETTERS OF OBJECTION/SUPPORT**

LETTER FROM	OBJECTION	
R. G. Newman Heron Wood Middle Woodford R. Gulliver Swan Cottage Middle Woodford R. & V. Gibson Kingfisher Cottage Middle Woodford	1.	All object to the retention of the 40mph restriction between Middle and Lower Woodford. Their properties front this relatively straight section and consider it should be lowered to 30mph. There is concern regarding the safety along this “faster” length.
C. Harman Magnolia Cottage Lower Woodford		Expresses strong support for the proposal and believes the lower speed limit will make a real difference to safety in the Woodford Valley.
D. Thody Wessexford Upper Woodford		Requests that any signing is kept to a minimum so as not to “urbanise” the attractive “tourist trail”.

Comment

The group of four properties is set apart from the main area of Middle Woodford.

However, the matter has been discussed further with the Police and it is considered acceptable to extend the 30mph restriction to cover these properties.

Summary

The proposals should be amended to extend the 30mph restriction southwards to cover the properties as requested.

Recommendation

The orders be re-advertised to incorporate the southern extension to the 30mph restriction in Middle Woodford.
