Part 9

If there are any other facts relating to the application which ought to be brought to the attention of the registration authority (in particular if any person interested in the land is believed to dispute this claim that it has become a town or village green) full particulars should be given here. (Continue on back if necessary.)

The owner and his agents will dispute this village green application because of an impending planning application (S/2004/847) Salisbury District Council.

The residents of North-East districts of Mere wish to retain it as a village green having used it as such for over 20 years.

Peasehill has had a long usage by Mere residents going back several hundred years and before the construction of the A303 by-pass was used as an access to the Downs and considered part of the lower downland.

The A303 by pass bi-sectioned the hill (1972) and the land we are applying to register became a green pocket on its own. Since

the early 1980s the owner was done nothing to maintain or husband it. Where necessary residents have maintained the land for many years and well in excess of the statutory 12 years required by squatters rights.

Since the building of the by-pass the downs are more difficult to access, (particularly for unaccompanied children because of traffic in White Road) and Peasehill is seen as a bit of the downland still safely and easily accessible and a haven for wild life with protected species. Residents have continued to use this land for the pastimes indicated - it is not fenced off and is used regularly by residents local to the area.
