Mr. G. Batten,
Director of Environmental Services

Dear Mr. Batten,

I was very concerned to receive the enclosed letter from Ashton Keynes School.

I have had endless problems with this location, as you know, as I have sent you correspondence in the past. The school, the Parish Council and I have had a lot of pressure and sometimes abuse, from the residents of Gosditch.

The School has worked very hard to try and alleviate the problems – and now this happens. Understandably, they feel aggrieved and let down by County.

I would be most grateful if this could be looked into.

I look forward to hearing from you.

Carole Soden
