If successful, how will you spend your grant (e.g. erect a youth shelter)? The grant will be spent to support direct consultation with children as part of the mediation process undertaken by their parents, who are separating or divorcing. The funds will be used to provide separate sessions for children.

What does your project aim to achieve? This project aims to give children a voice and make them feel part of the decision process when their parents are separating. This will help children come to terms with the break-up of their family and reduce the resentment children feel if their feelings are not taken into account. Children will come through divorce or separation less vulnerable to developing emotional or behavioural problems associated with family break-up.

**Section 3 - Additional information to support your application e.g. consultation & community involvement**

We provide a high quality service to enable families to deal as effectively as possible with the changes brought about by separation and divorce and family re-structuring. A high proportion of our clients have low or no income and mediation is paid for by the Legal Services Commission. However, separate sessions for the children are not funded by the Legal Services Commission. We believe directly involving the children and making their voices heard will make a real difference to how children cope with this change. This will result in a reduction in children's anti-social behaviour, drug and/or alcohol problems, school truancy and an improvement to the mental health of young children.
