What is the Community benefit of your project, and approximately how many people will benefit? Waste Not Want Not wishes to secure funding to help publicise the extension of its client base to include all Senior Citizens (previously only OAP's on Pension Credit were allowed to purchase goods). From regular dealings with the elderly, many are on the border line of qualifying for Pension Credit and few are cash rich, even if they own their own properties. Therefore, many senior people struggle to replace the home necessities when required which can have a detrimental impact on their quality of life. By extending its client base, as described above, Waste Not Want Not should be able to help a much larger section of the 25,000 people aged 60 or over, resident in North Wiltshire, achieve a more pleasant and comfortable lifestyle. (2001 Census showed 24,339 over 60's) Waste Not Want Not wishes to publicise the extension of its client base as widely and as quickly as possible. To achieve this the project is seeking funding to cover the likely cost of advertising in local magazines, parish publications and 'free' newspapers. WNNW currently covers 85% of its cost through the sale of goods with the shortfall being met by third party funders such as Chippenham Borough Lands Charity and Westlea Housing. WNNW aims to be self sufficient by increasing sales over a period of time without the need to increase prices beyond the reach of those that the charity is trying to help.	
NWDC will not meet future running costs for projects. Please tell us how these will be met in the future WNNW currently covers 85% of its total costs - shortfall made up by other funders

3 – Additional information to support and strengthen your application e.g consultation, community involvement, energy efficiency measures

Waste Not Want Not is concerned that by only helping senior citizens on Pension Credit it is failing to meet the urgent needs of many pensioners who are struggling to maintain a reasonable standard of living as they are often asset rich, but cash poor.

Pensioners that are fortunate to be 'cash rich' are unlikely to want to purchase goods from the Waste Not Want Not project

Waste Not Want Not offers valuable work experience and volunteering opportunities to members of the local community, including those recovering from mental health, drink or drug issues, or young members on Government Training schemes for the unemployed..

Waste Not Want Not helps to protect the environment by diverting unwanted goods away from landfill,
