

PUBLIC QUESTION AND ANSWER SESSION

Written Questions

No written questions were received in advance of the meeting.

Open Forum

1. Do we know where the private sites may be?

North Wiltshire District Council have looked at sites that we do not own but need to make sure that a) they meet the criteria and b) the landowner is happy to go through the consultation process.

2. What is the definition of 'reasonable'?

The consultation document lists the questions that the landowner is required to agree to whereupon the site would then be assessed by our own rigorous criteria.

3. Would the Gypsies and Travellers at Thingley be re-sited bearing in mind there are electricity pylons overhead?

No. When the decision to allow the land at Thingley to be used for this purpose the criteria was different and not as intensive as it is now.
