This is a project that has the support of the Town Council and local Youth Development Service and has attracted funding of £9500 to build the track. This additional funding will ensure that the track build uses material to complete it that will reduce wear in areas where erosion is most prominent.

Young people have developed the project and been involved in the process of track design. They will also be involved in providing labour to help with the construction of the track where possible.

The track will become a key feature of the site with coaching sessions taking place there and other young people being encouraged to get involved and take up biking.
