| What is the Community benefit of your project, and approximately how many people will benefit? (IMPORTANT: PLEASE DO NOT TYPE IN PARAGRAPHS – THIS SECTION IS LIMITED TO 1500 CHARACTERS ONLY (INCLUSIVE OF SPACES) The Global Village Film Festival aims to expand the outreach work we do to include young people aged 11-19. Film is a fun, contemporary way to engage and motivate young people. We aim to give the youth of the Corsham area an opportunity to have a voice and share with a wider audience their understanding and appreciation of their local and wider communities using the medium of film. We will work with up to 50 young people. 25 will make up a forum to choose and screen the best short films on YouTube from different global communities. Another 25 will be involved in film making workshops in the February half term holiday. During these workshops students will make five short films facilitated by local film makers, focusing on their communities. We aim to keep the cost of these workshops as low as possible to make them accessible to people from all parts of the community. The best films from around the world via YouTube and the five films created by the young people will be screened at the Pound in Corsham during the Film Festival. This will be a free event, which the young people involved in the project will help organise and publicise. The young people involved will have the opportunity to share their views, thoughts and feelings with a large audience (drawn from a similar age group) that loves film. For the young filmmakers involved seeing their work on a big screen in front of large appreciative audience will be a very positive learning experience that they will never forget. | | | | | | |
| NWDC will not meet future running costs for projects. Please tell us how these will be met in the future None - this is a one-off project. It may be repeated in future festivals, which we would aim to fund ourselves if proven to be successful. | | | | | | |

The Global Village Film Festival (run by Film @ The Pound) has been running for six years and each year our audience grows. The Committee are keen to involve more young people in this successful community event. We recognise this age group can be difficult to engage, and feel that film/YouTube is a medium which will appeal. We aim to work with young people in the Corsham area to introduce them to the technology and techniques of filmmaking and staging a film event, thus building new skills and empowering them to share their views with thier community. We will work with the three local Secondary Schools and youth groups. The work made will be screened at the Pound during the Festival and can be included on the Wiltshire website for young people, Sparksite, as well as on our own website and posted on YouTube. Through these websites they will be able to share their work with the wider community. The films made during the half term holiday will involve local business in the community. Working with professional filmmakers, the young people will learn to create short, positive films on community themes. They will also help organise and publicise the screening event, helping them learn new organisational and business skills. We aim to make the screening a free event to maximise attendance of the target audience of young people.
