(IMPORTANT: PLEASE DO NOT TYPE IN PARAGRAPHS – THIS SECTION IS LIMITED TO 1500 CHARACTERS ONLY (INCLUSIVE OF SPACES))

This application supports the education and learning principles within the North Wiltshire community plan. It will also help drive new childcare providers to the area, which will support the families and community already in Purton, as some families are having to go outside of the area. A large number of children within the village will have access to this equipment either directly linked to this group or via other groups which we will support. We want children regardless of age, culture or background to have access to toys that will stimulate and aid in their growth. Not all families are priveledged and have access to these types of toys or equipment. The toys will be put into groups and loaned as a whole, this will support a particular learning need, project or homework study. We want the children of Purton to learn about themselves, others and their environment and repect it for years to come.
