## Introduction

Welcome to the annual Best Value Performance Plan (BVPP) for North Wiltshire District Council.

The purpose of the plan is to report on the Council's performance during 2006/07 and to set out performance and improvement measures for 2007/08 and the subsequent two years.

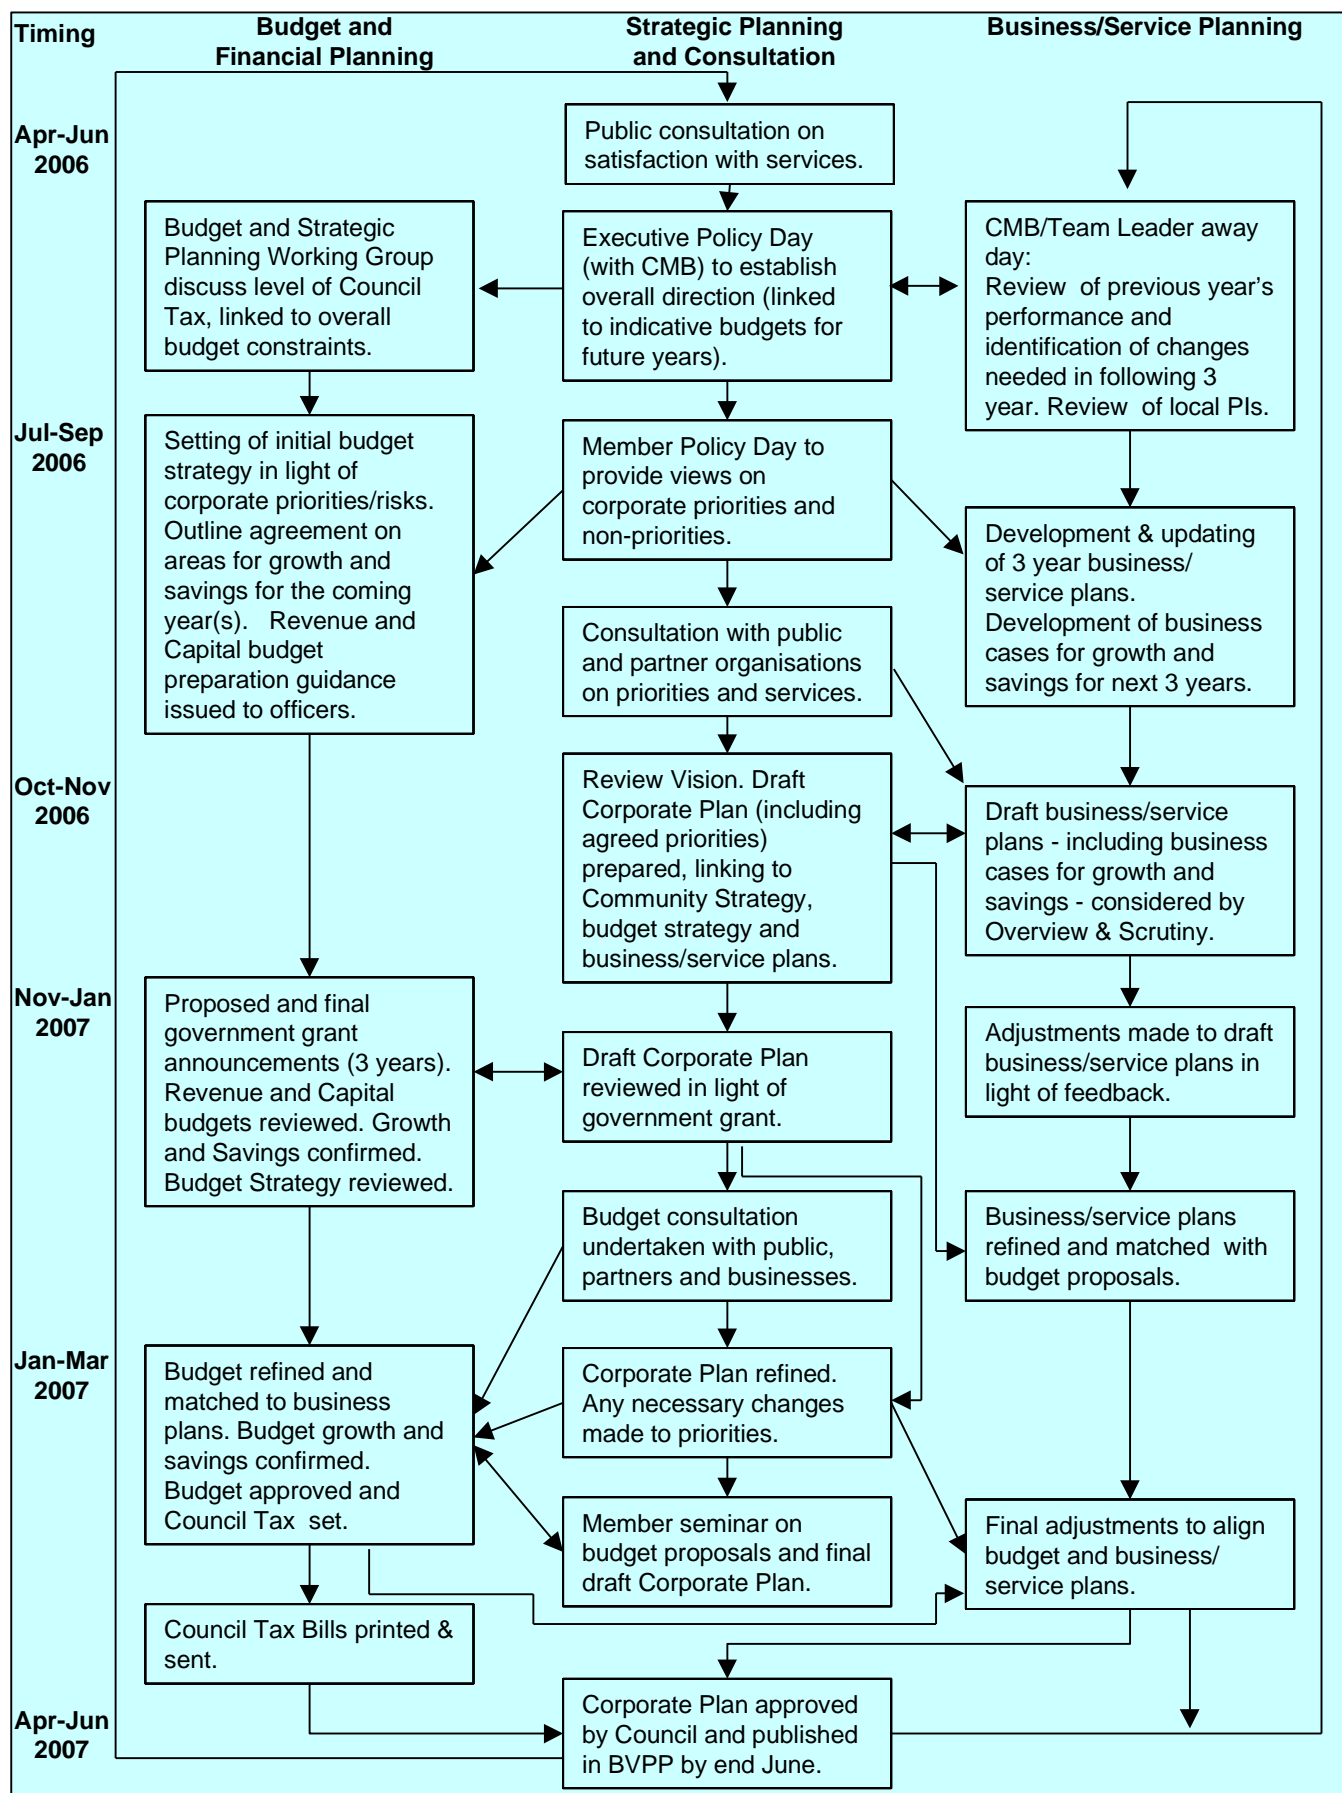

It addresses key priorities, including progress on agreed delivery targets, and summarises the Council's improvement planning activities, including those undertaken following the Comprehensive Performance Assessment (CPA) and subsequent inspections.

The BVPP is a statutory duty and it forms part of the Council's performance management process. To provide a comprehensive report on the Council's performance and to meet statutory requirements, it includes:

- A brief summary of the authority's strategic objectives and priorities for improvement, reflecting its corporate/business planning processes and community strategy
- Details of arrangements for addressing the authority's improvement priorities, particularly the opportunities and weaknesses identified in CPA and the outcomes that are expected to be achieved as a result.
- Details of performance:
  - Assessment of direction of travel in performance
  - Outturn performance over the past year on all Best Value Performance Indicators (BVPIs)
  - Targets for the current year and subsequent 2 years for all BVPIs
- A brief statement to certify that all individual contracts awarded during the past year which involve a transfer of staff comply, where applicable, with the requirements in the Code of Practice on Workforce Matters in Local Authority Service Contracts.

The BVPP's principal audiences are likely to be the staff and elected members of the authority, groups and organisations with an interest in the activities of the Council, the regulatory bodies and central Government. It is available to those who request it and can be found on the Council's website at [www.northwilts.gov.uk](http://www.northwilts.gov.uk)

## Policy and Budget Framework

## North Wiltshire Community Strategy

The Council adopted the North Wiltshire Community Strategy in November 2005. The Community Strategy sets out a wide range of issues under eight strategic themes, that need to be addressed by service providers and other organisations working together through the North Wiltshire Local Strategic Partnership. The Corporate Plan addresses many of the issues raised in the Community Strategy. Detailed action plans have been developed by the North Wiltshire Partnership with key service providers, including the Council. These action plans are linked into the Corporate Plan.

### Key Strategic themes and issues raised in the North Wiltshire Community Strategy

<b>Social Care &amp; Health</b> <ul style="list-style-type: none"> <li>• Support for vulnerable people</li> <li>• Access to health care services locally</li> <li>• Difficulties using public transport to access health services further away</li> <li>• Concerns over the numbers and availability of doctors and dentists</li> <li>• Appropriate health provision in line with housing development</li> <li>• Better access to services such as advice and counselling for young people</li> </ul>	<b>Transport</b> <ul style="list-style-type: none"> <li>• The lack of an integrated transport system</li> <li>• Poor road conditions</li> <li>• Speeding vehicles</li> <li>• Heavy Goods Vehicles on rural roads</li> <li>• A desire to see more cycle routes</li> <li>• Affordability of public transport</li> <li>• Particular groups including older and young people are isolated and unable to access service due to problems with Public transport provision</li> </ul>

## Corporate Plan 2007/10

North Wiltshire District Council undertook a major review of its Corporate Plan during 2006/07, to produce a clearer, more focused plan to guide the Council's work for the next three years, based on feedback from customers, communities (e.g. links to the Community Strategy) and elected members.

The context for the Corporate Plan is illustrated by the following diagram, which shows how external views and strategies feed into the Corporate Plan, which in turn drives the service planning and delivery of services to the community.

Following two Policy Days – to which all members were invited – a clear vision for the future and three corporate priorities were agreed – all underpinned by the Council's Mission:

### ***Improving North Wiltshire***

**Vision:** *Vibrant, diverse and healthy communities living in a clean and safe environment*

**Priorities:**

1. **Community:** *To promote vibrant, safe and inclusive communities*
2. **Environment:** *To protect and enhance the local environment*
3. **Customers:** *To put our customers at the heart of everything we do*

Each priority was underpinned by a number of goals, indicating what the Council hopes to achieve in the next 3-5 years. One or more community focused actions was agreed against each goal, setting out measures by which the Council's achievements can be judged. The Corporate Plan was considered by the Executive and the Overview and Scrutiny Committee before being approved by the Council in February 2007. As part of their policy development work, members also agreed a number of non-priorities. The priorities and the non-priorities were used to guide the budget decisions for 2007/08.

The Priorities, Goals and Actions from the Corporate Plan are set out on page 11.

The Corporate Plan priorities, goals and actions do not cover in depth everything that the Council has – or chooses - to do. Like all Councils, North Wiltshire District Council undertakes a wide range of mandatory services (where it has a specific duty to provide a service) and discretionary services (where it chooses to provide services to benefit local communities). A summary of all the services provided on page 29.

The **non-priorities** identified by members through the Policy Days in 2006/07 were as follows. These views informed the setting of the budget for 2007/08 and beyond:

Service Area	Reasons & Notes
North Wilts Festival	<ul style="list-style-type: none"> <li>• Festival has achieved its original aim for business community and is now entertainment-focused;</li> <li>• WOMAD is coming to North Wilts which would compete; consultation shows it is not important to many residents; Festival is not easy to access for areas of the district away from Chippenham;</li> <li>• Festival uses considerable officer time &amp; resources</li> </ul>
Think Before You Park Campaign	<ul style="list-style-type: none"> <li>• Campaign is over now decriminalisation of car parking enforcement has been introduced and awareness has been raised.</li> </ul>
Culture - Promoting local tourism	<ul style="list-style-type: none"> <li>• Duplication of services by other bodies.</li> </ul>
Culture – Arts Centre	<ul style="list-style-type: none"> <li>• Continue support to Pound Arts Centre but don't increase arts support.</li> </ul>
Strategic Co-ordination of Health	<ul style="list-style-type: none"> <li>• Duplication of services by other bodies.</li> </ul>

## Corporate Plan 2007/10 Priorities, Goals and Actions

### 1. Community: *To promote vibrant, safe and inclusive communities*

#### **Housing** – Maximise the opportunities for affordable, accessible and decent housing for all:

- **Delivering 450 new affordable homes over the next three years** – work with registered social landlords to enable 450 new affordable homes to be provided (through Council funding and the planning system) within 3 years
- **Improve housing conditions across the District** – enable 165 homes for vulnerable households to reach the decent homes standard within 3 years
- **Increase prevention of homelessness** – Reduce the number of households in temporary accommodation by 30% within 3 years

#### **Community Safety** – Work with partner organisations to reduce crime and the fear of crime:

- **Reduce Anti-Social Behaviour** - Appoint District-funded Anti-Social Behaviour Officer within 1 year.

#### **Economy** - Support a diverse and thriving economy:

- **Redeveloping Town Centres** - Produce Development Briefs for Bath Road in Chippenham and Phase 3 (including Phelps Parade) in Calne within 1 year
- **Helping local projects to succeed** – provide more than £200,000 of grants each year.

#### **Transport** - Help meet transport needs, especially in rural areas:

- **Review parking strategy for the future** - Consider Parking Strategy by December 2007 and implement schemes arising from Strategy by agreed timetable.
- **Identify rural and community transport needs** – Identify community transport schemes by December 2008.
- **Implement, where beneficial, Residents' Parking Schemes** - Progress towards the introduction of Residents' Parking Schemes within 3 years (in partnership with Wiltshire County Council).

#### **Culture/healthy lifestyles** – Creating opportunities to encourage people of all ages to get involved in leisure activities:

- **Improving leisure opportunities** – Secure future for leisure centres within 2 years
- **Improving access to the countryside** – Support the further development of the Cricklade Country Way leisure corridor by submitting a further bid for Lottery funding by the end of May 2007.
- **Providing a new Arts Centre** - Open the Pound Arts Centre by the end of May 2007.

## 2. Environment: *To protect and enhance the local environment*

### **Waste & Recycling** – minimise waste and increase our recycling rates:

- **Improving the amount you recycle** – Sorted Weekly Collection of waste (one week refuse; one week recyclables) to be phased in within 2 years.
- **Helping you to recycle green waste** – Increase green waste collection areas to cover 10% of households in the District within 1 year.

### **Climate change** – take action to reduce the impact of climate change on our activities and to promote energy awareness to our customers:

- **Improve the energy efficiency of Council-owned buildings** – Implement programme and recommendations from Carbon Trust Report within 3 years.
- **Provide advice and guidance on sustainable energy and climate change to customers, suppliers and communities** – Carry out awareness campaign and demonstrate improvements in home energy efficiency of 7.5% within 3 years.

### **Controlled Development** – protect our countryside and built environment through our planning activities:

- **Identifying land for future housing and employment needs** - Set policy framework (through Local Development Framework work) to provide infrastructure improvements and promote the rural economy in accordance with agreed timetable
- **Support the development of mixed and sustainable communities** - Publish a protocol for the achievement of new community infrastructure facilities and affordable housing (for example through the use of Planning Agreements) within 3 months and publish the results of this work in an annual monitoring report.

### **Cleaner streets** – improve the cleanliness of our local roads and public open spaces:

- **Maintaining public open spaces and cleaning up grot spots**– Introduce litter response squads within 2 years and introduce quality maintenance standards for all public open spaces within 3 years.
- **Promoting more care for our local environment** - Carry out awareness and enforcement campaign to respect the environment, linked to late night economy within 1 year.

### 3. Customers: *To put our customers at the heart of everything we do*

#### **Performance & Satisfaction** - Improve our service performance and customer satisfaction:

- **Improve service performance** – Benefits, Recycling and Planning national Performance Indicators to be in the top 50% in the country within 2 years
- **Making sure we meet high standards of customer service** – Increase overall customer satisfaction by 10% within 3 years (based on 2006/07 baseline figures)

#### **Equality of Access** - Make it easier for all our customers to access our services:

- **Creating a one-stop-shop to deal with all your enquiries** – Establish customer contact centre to deal with 80% of enquiries at first point of contact within 1 year (90% within 2 years; 95% within 3 years)
- **Improving access to local Council services** – Expand the use of technology and increase take-up of online services by 20% over 3 years (based on 2006/07 baseline figures).
- **Training staff and councillors to understand diversity** - Achieve level 3 of the Equality Standard for local government within 1 year.

#### **Consultation & Communication** - Listen and talk with our residents, young people and businesses:

- **Listening to young people** – Hold a minimum of 2 consultations a year with young people to link into decision making.
- **Support Community Area Partnerships and Community Plans** - Make decisions based on the Community Strategy and the five Community Plans and publish an annual report to demonstrate this support.

#### **Training & Development** – Develop our staff and Councillors to give their best to residents:

- **Invest in our elected members who represent you** - Sign up to the South West Charter for Member Development within 1 year and achieve the standard within 2 years.
- **Develop our employees to deliver better services** - Deliver workforce development plan to equip the Council for the future within 1 year.

#### **Budget** - Use your money effectively and efficiently and explore new ways of working:

- **Use your money and assets effectively and efficiently** - Meet all our efficiency targets as set by central Government each year
- **Carry out more joint working with other authorities to deliver savings** - Achieve savings from shared services and joint working with other authorities equivalent to one quarter of Government efficiency targets within 3 years.

## Council Priorities – A backward look at 2006/07

The previous Corporate Plan for 2006-09 included the key priorities for the Council for 2006/07 and the actions to address these priorities. The priorities were chosen in response to local people's views, the North Wiltshire Community Strategy, national targets and legislative duties.

The Corporate Priorities for 2006/07 were:

1. **Customer Focus, Equality and Diversity, and Partnership Working**
2. **Waste and Recycling**
3. **Housing**
4. **Cleaner, Safer and Better Streets**
5. **Spatial Planning (including Local Plan/Local Development Framework)**
6. **Buoyant Economy**
7. **Healthy Lifestyles (including Sports Development and Arts Development)**
8. **Car Parks and Decriminalisation**

This section establishes progress against these priorities in 2006/07 and provides appropriate performance information for the year. Key performance indicators (KPIs) for 2006/07 were introduced in 2005/06 to measure progress against these priorities and have been included for information.

Key for KPIs:

Quartile (for 2005/06 District councils)		Trend		Target	
Top Quartile		Improvement from 2005/06		On target	
2 <sup>nd</sup> Quartile		Similar performance		Within 5% of target	
3rd Quartile		Reduced performance		Off target	
Bottom Quartile		No 2005/06 data	N/A	No target	N/A

Priority 1 - Customer Focus					
<b>Achievements in 2006/07</b>	<ul style="list-style-type: none"> <li>Customer Contact Team awarded Charter Mark in recognition of its high standard of customer service, which was retained in a re-inspection.</li> <li>Use of Call Centre extended to Cleansing and Amenities department.</li> <li>Major upgrade of Customer Relationship Management System (CRM) complete, which will allow for improved comments and complaints system and Freedom of Information recording.</li> <li>Access Strategy for the Council approved, and agreed values and standards approved by the Wiltshire Customer First Group ( Wiltshire County Council and Wiltshire District Councils).</li> <li>Benefits Freephone operational for enquiries about Council Tax Benefits and Housing Benefit.</li> <li>Continued work with benefits Performance Development Team and implementation of the Benefits Action Plan has delivered improved processes and performance.</li> </ul>				
2006/07 KPI	2006/07 Actual	Performance Comparisons			Comments
		Quartile	Trend	Target	
% of customers seen by dedicated reception staff from Customer services & Planning within 15 minutes	80.30%	N/A			Drop in performance in due to Customer Services Officers not being at full establishment.  In future this figure will be measured against the new national target time of 10 minutes.
% of customers dealt with at the first point of contact by reception staff	92.95%	N/A			There has been a significant increase in the number of visitors to the Council.
% of visitors surveyed who said they were satisfied by the overall quality of service provided	96.9%	N/A			High levels of satisfaction achieved
% of calls to contact centre answered within 20 seconds	65.14%	N/A	N/A		1 <sup>st</sup> year for the collection of this PI. Lower performance in April and May due to Council Tax demands and the date of 1 <sup>st</sup> installment being brought forward.
% of calls to contact centre dealt with at 1 <sup>st</sup> point of contact	57.22%	N/A	N/A	N/A	1 <sup>st</sup> year for the collection of this PI and targets will be set in relation to this baseline.

% of customers satisfied with telephone service	98.7%	N/A	N/A	N/A	1 <sup>st</sup> year for the collection of this PI and targets will be set in relation to this baseline.
Average time for processing new benefits claims	53.8 days	4	↑	R	Improvement in performance of 19 days from previous year, with a final quarter performance of 40 days. Through working with the improvement team and with increased staffing levels, targets have been set to be in the top 50% of district councils by 2009
Average time of processing change in circumstances for benefits claims	35.3 days	4	↑	R	Improvement in performance of 16 days from previous year, with a final quarter performance of 22 days. New procedures to expedite the information gathering process are expected to result in performance being in the top 50% of district councils by 2009.
Accuracy of processing benefits claims	94.6 %	4	↓	R	Due to a national shortage of benefit administration staff it has been necessary to recruit largely inexperienced staff and train them in house. Delivery of a comprehensive training/ development plan is expected to improve future performance.

Priority 1 - Equality and Diversity (including young people and older people)					
<b>Achievements in 2006/07</b>	<ul style="list-style-type: none"> <li>Level 2 of Local Government Equality Standard attained and assessed by the IDeA.</li> <li>Disability Equality Scheme and 3 year Action Plan adopted.</li> <li>Youth Strategy drafted and consulted on.</li> <li>Young People's Council now meeting on a monthly basis.</li> </ul>

		Quartile	Trend	Target	
Equality Standard for Local Government	Level 2	N/A			Level 2 attained due to work on equality impact assessments, equalities training for members and staff, and improvements to the Council's website.  Level 3 is required by March 2008.
Quality of Race Equality Scheme	84.21 %				The Council's Race Equality Scheme is now incorporated into the Council's corporate Equalities & Diversity Policy.
% of employees with a disability	3.32 %				There has been an increase in the number of employees with a disability. A Disability Equality Scheme and action plan was adopted in December 2006 and includes actions to improve employment opportunities for people with disabilities .

Priority 1 - Partnership Working	
<b>Achievements in 2006/07</b>	<ul style="list-style-type: none"> <li>Continued support and funding for the five community planning partnerships, with over 80% of Community Area Awards being awarded to projects relating to Community Plans.</li> <li>Draft Action Plans developed for the eight strategic themes within the Community Strategy.</li> <li>Partnership Evaluation of Core Services grant to Citizens Advice Bureau complete and recommendations are being implemented.</li> <li>Funding surgeries held for community groups to promote the Community Area Awards Scheme and to assist community groups to access additional funding from other sources.</li> <li>A Compact development session took place for representatives from teams across the Council. The session was delivered with support from Wiltshire County council and CVS North Wiltshire.</li> </ul>

Priority 2 - Waste and Recycling					
<b>Achievements in 2006/07</b>	<ul style="list-style-type: none"> <li>Continued roll out of opt-in green waste service, with a customer base increasing to 3,106.</li> <li>Review of refuse and trade waste rounds complete, with new rounds fully operational, resulting in fewer missed collections.</li> <li>Climate Change Group established and Strategy drafted. AWARE (A Way for All to Respect the Earth) days held to promote Climate Change reduction measures at a community level, with a programme in place for 2007/08.</li> <li>Joint Waste Strategy approved.</li> <li>Improved recycling rate of 21%</li> <li>Waste minimisation levels in the top 25% of all district councils.</li> </ul>

		Quartile	Trend	Target	
% of household waste recycled	16.41%				
% of household waste composted	4.65 %				
Kg waste collected per head	368.6kg				Because more waste is being recycled the total waste collected increases. This PI measures waste sent to landfill plus waste recycled (including garden waste).

Priority 3 - Housing					
<b>Achievements in 2006/07</b>	<ul style="list-style-type: none"> <li>A total of 109 Disabled Facility Adaptations were completed during the year, which has assisted more than a hundred people to remain in their home, exceeding the target of 90.</li> <li>Review of Housing Advice service complete. Advice service brought in house and combined with existing homelessness service to provide a new prevention service.</li> <li>New Private Sector Renewal Strategy and Policy completed and approved.</li> <li>5 local housing needs surveys completed for the parishes of Ashton Keynes, Hilmarton, Brokenborough, Brinkworth and Sherston.</li> <li>137 new affordable homes completed during 2006/07</li> <li>Achieved a reduction in the number of young people in B&amp;B of 20% over the year and have not placed any young people in unsuitable accommodation.</li> <li>New Empty Homes Strategy approved.</li> <li>Homelessness Strategy 2006/2011 now completed.</li> </ul>

		Quartile	Trend	Target	
Number of affordable homes delivered	137	N/A			There is a rolling target of 450 completions over 3 years for which we are on schedule. The majority of new affordable housing development is through planning gain where development timetables are in the hands of the private developers and subject to fluctuations in the housing market.

Length of stay of homeless households in temporary B&B accommodation.	5.34 weeks				In 2005/06 10 families were in B&B. In 2006/07 we reduced the number of families in B&B by 50% to 5. Although it is not acceptable for families to spend long periods in B&B, we only use B&B as a last resort and often the families we place there are those with issues to resolve such as financial difficulties or history of being unable to sustain a tenancy. These families are inevitably more difficult to rehouse into permanent sustainable accommodation. We are actively working with partners and agencies such as the PCT and social care services to ensure these families are assisted to move into permanent housing with sufficient support to enable them to sustain their tenancies.
Length of stay of homeless households in temporary hostel accommodation.	29.69 weeks				<p>Over the year 10 families who were previously in hostel accommodation were rehoused. This compares to 13 families in hostel accommodation rehoused in 2005/06. Although the amount of time families have spent in hostels has increased, the actual number of families being placed into hostels is continually reducing.</p> <p>We have been working with Westlea Housing Association to build self-contained units in Chippenham. As these replacement units are self-contained they are not classed as hostel accommodation therefore, from May/June we will no longer be placing any families into hostels.</p>

Priority 4 - Cleaner, Safer and Better Streets					
<b>Achievements in 2006/07</b>	<ul style="list-style-type: none"> <li>Local Public Service Agreement 2 target around street cleanliness exceeded.</li> <li>Public convenience provision reviewed, with the transfer of Colerne, Purton and Lyneham agreed in principle and the Closure of Box and Biddestone in 2007 resolved.</li> </ul>

## Capacity

Although the following Indicators do not relate directly to Corporate Priorities, they do reflect the Corporate Aims of the Council.

The theme of Improving North Wiltshire is carried through into the our four Corporate Aims, which are:

1. To create a customer service culture by investing in and empowering those who serve the public.
2. To ensure high quality, cost effective services.
3. To enable the provision of responsive, accessible and fair services delivered with courtesy and care.
4. To safeguard and enhance the assets and resources of North Wiltshire and the wider community.

These Corporate Aims set out the approach that we take to all our work.

		Quartile	Trend	Target	
The percentage of council tax collected.	97.70 %	3	↑	A	Collection has improved during the year, especially in relation to arrears. Additional staff are now in place in Benefits and Customer Contact, which will assist improvement.
The percentage of NNDR collected.	98.63 %	3	↓	A	Resource issues in Revenues and Benefits have hampered performance. Additional staff are now in place in Benefits and Customer Contact, which will assist improvement.
Invoices paid on time	82.73 %	4	↓	R	
Working days lost due to sickness absence	13.27 days	4	↓	R	There has been an increase in the number of long-term sickness absences across the majority of business areas.  The Council will be setting in place a more active approach to attendance management.

Major planning applications decided within 13 weeks	66.67 %	2		A	Although we achieved the Central Government target of 60%, we hoped to achieve a target of 70%. After significant changes were made to the way we deal with Major applications from January, our performance rose to 75% for the period Jan – March 2007. We expect this rise in performance to continue next year.
Minor planning applications decided within 8 weeks	74.17 %	2		A	Due to an unusually large amount of Major applications received, resources had to be diverted using officers who would usually deal with Minor applications to deal with Major Applications in order to meet the national target.  We have now implemented a new back office planning system, which will link with the GIS system. This together with a constant review of our systems should result in speedier processes and a subsequent increase in performance every year.
Other planning applications decided within 8 weeks	89.21 %	2		G	With the implementation of the new planning back-office system and a constant review of our procedures, we expect a steady increase in our performance over the next 3 years.

## User Satisfaction Survey Results

## **Statement Regarding Contracts**

During 2006/07, the Council devolved the Corsham Tourist Information Centre, to Corsham Area Development Trust. Corsham Area Development Trust took over the running of this service from October 2006. This was not a contract subject to tender.

The devolution of the service involved the transfer of 1 member of staff under the TUPE (Transfer of Undertakings (Protection of Employment)) Regulations.

On 20 February 2007, 350 North Wiltshire Leisure Limited employees were transferred to the Council under the TUPE Regulations as part of an interim arrangement. These employees were then transferred to DC Leisure on 31 March 2007 under the TUPE Regulations.

The Council confirms that any future contracts involving the transfer of staff will comply with the requirements in the Code of Practice on Workforce Matters in Local Authority Service Contracts (set out in ODPM Circular 03/2003), and the relevant TUPE and employment legislation.

## Analysis of Performance Information

	2003/04	2004/05	2005/6	2006/07
<b>Top Quartile</b>	12	13	12	10
<b>2nd Quartile</b>	13	8	16	19
<b>3rd Quartile</b>	17	9	14	20
<b>Bottom Quartile</b>	19	11	15	22
<b>No information</b>	15	18	20	24
	76	59	77	92

The above chart and table illustrate the number and proportion of North Wiltshire District Council BVPIs in different quartiles for the last 4 years. This analysis gives a useful illustration of how the Council's performance compares with other district councils over the past 4 years.

In comparison to other district councils, the Council's overall performance improved from 2003/04 to 2004/05, stayed the same from 2004/05 to 2005/06, and has deteriorated from 2005/06 to 2006/07. BVPIs were equally spread across the 4 quartiles for 2005/06, but have a higher proportion in the bottom two quartiles in 2006/07.

The number of indicators in the top two quartiles (top 50% of district councils) has dropped from around 50% in 2004/05 and 2005/06 to 40% in 2006/07. The number of indicators in the worst quartile has increased from 26% to 31% in 2006/07.

Nb. Quartile information is collated from all English district councils. The majority 2006/07 BVPIs have been compared with 2005/06 quartile data, as 2006/07 comparisons are not yet available.

The increase in number of BVPIs for 2006/07 relate to the three-yearly Best Value satisfaction surveys carried out.

	2003/04	2004/05	2005/6	2006/07
<b>On Target</b>	32	28	21	40
<b>Within 5 %</b>	6	4	7	7
<b>Off target</b>	21	12	19	33
<b>No target</b>	17	15	30	12
	76	59	77	92

The above chart and table illustrate the number and proportion of North Wiltshire District Council BVPIs that have met, missed or are within target for the last 4 years.

The number of BVPIs that have achieved target performance has increased from 47% in 2005/06 to 50% in 2006/07. The proportion of BVPIs that have missed target remains relatively high (around 40%). Commentary on performance and reasons for not meeting targets for individual BVPIs are given in the Detailed Performance Indicator Information at Appendix 1.

Targets for 2007/08 and the subsequent 2 years have been revisited by officers and approved by Strategic Managers. Targets take into account any national or regional targets, local priorities, trends and history, comparison with other authorities, budget and resources, customer expectations and any external influences outside the control of the service providers.

	2003/04	2004/05	2005/6	2006/07
No comparison	32	10	34	19
Reduced	9	16	19	28
No change	8	10	5	7
Improved	27	23	19	38
	76	59	76	92

The above chart and table illustrate the number and proportion of North Wiltshire District Council BVPIs that improved, got worse or stayed the same over the last 3 years.

The chart shows that for the first time in four years the proportion of indicators that have improved has increased in 2006/07.

Commentary on performance and reasons for reductions in performance for individual BVPIs are given in the Detailed Performance Indicator Information at Appendix 1.

## **Data Quality**

North Wiltshire District Council is committed to securing the quality of data used to manage and report on performance.

The Council adopted the Data Quality Strategy in February 2007, which sets out a clear framework for securing a high standard of data quality within North Wiltshire District Council, thus ensuring all performance information is accurate, timely and reliable.

The overall vision for data quality is that we get things right first time and to achieve this, our data quality objectives are:

1. To make clear what we expect from staff and partners in terms of data quality.
2. To ensure that relevant staff have the skills and resources to provide the required standards of data quality.
3. To provide a robust framework in which high standards of data quality are delivered.

This Strategy and the Council's arrangements for data quality have been developed in line with the Audit Commission's Key Lines of Enquiry (KLOE) for Data Quality.

All officers responsible for the production of performance information are made aware of data quality requirements. Quality assurance arrangements including internal audit, senior management verification, analytical review and programmed quality checks are applied to ensure all performance information is reliable, accurate and timely.

## CPA Improvement Plan Update

This document sets out the strengths and weaknesses highlighted in the Council's Comprehensive Performance Assessment report in 2004. It provides a summary of progress made against all weaknesses and shows the outcomes we hope to achieve. It also provides a summary of any next steps to be taken.

(NB: the Weaknesses identified in italics were not included in the CPA report but were added by Corporate Management Board to the improvement plan.)

There were 4 key lines of enquiry (KLOE) and 9 areas of focus in the CPA report. Each area was scored out of 4, where 4 is the highest mark.

### KLOE1: What is the Council hoping to achieve?

#### AMBITION (Scored 2)

##### Strengths:

- Corporate plan provides clear view of medium term corporate ambitions, with SMART action plans
- Council has led major programmes of urban and rural regeneration
- Strong political and managerial leadership
