3 - Additional information to support and strengthen your application e.g. consultation & community involvement

Mother's with children in the specified age range have requested the additional equipment as they feel that their younger children are unable to take full advantage of the playing field and its current range of equipment due to the fact that it is mainly targeted towards the older age groups.

The smaller children are thus excluded from full participation in benefiting from safe play by virtue of their age and size.

The equipment is being supplied for self installation which will be carried out by Parishioners thus saving an installation cost of £641:00. (Six hundred and forty one pounds)
