The Northerly entrances to the Recreation Ground and Playground are not easily accessible by the disabled, people in wheelchairs and the very young in pushchairs. The Town Council has provided equipment in the play park for the disabled and feel that easy access is essential. The people who will benefit from this range in age from babies to the elderly. The elderly will have the benefit of being able to access the Recreation Ground which has a path for the disabled leading off the SW corner along the River Park.

Wiltshire Council will be unable to meet the ongoing costs of your project. Please describe, therefore, how you will ensure the financial sustainability of your project beyond the period of this grant (if successful)?

There will be no ongoing costs. The Town Council will maintain it in the future

The path for the disabled which this access will tie in with was built in partnership with Natural England, Sustain the Plain and the Town Council. At that time the community was consulted and it was realised that not only the elderly in wheelchairs and the disabled but also the many young children who are pushed around would also benefit. Easy accessibility to the river will encourage another section of the community to take up fishing as a sport - the Town Council sell day tickets during the season. The equipment in the Playground for the people with special needs was provided by a local organisation called 'Special Needs of South Wiltshire' (S.N.O.W.) through local fundraising. Easy accessibility is important.
