

Update for Chippenham Area Board

Update from	Kington Langley Parish Council
Date of Area Board Meeting	2 nd November 2009

Headlines/Key Issues

- Additional Neighbourhood Watch signs are on order and will be placed at carefully chosen sites.

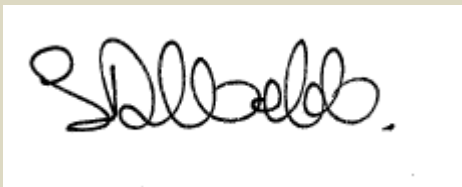

Projects

- The pond in Kington Langley has been receiving much needed attention thanks to the local community who have assisted in cleaning and clearing it so much so that the local moorhens have again nested there.
- Millennium Footpath - This is a footpath that runs through the village of Kington Langley providing safety for pedestrians - provided and funded by the Parish Council. To complete the paths top surfacing it is necessary to take out an additional loan. The Parish Council would appreciate any assistance from the Area Board in this venture.

-
- Church Bend Footpath - Another footpath part funded by the Parish Council and the Area Board. This provides safe passage from the school to the village hall/ This is now well underway and again will provide safety for pedestrians especially as the village has no street lighting.

Future Events/Dates for the diary

- The next Parish Council meeting will be held on 9th November commencing at 7.40pm in the meeting room of the Village Hall.
