

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
5/ SCI/ 1 South West RDA	States that the SCI document would appear to fulfill all statutory requirements.	Welcome support.	No change.
6/ SCI/ 2 South West RSL Planning Consortium	States support for the SCI in principle.	Welcome support.	No change.
7/ SCI/ 3 Hilperton Parish Council	States that the Parish Council doubt that any form of SCI will have a useful outcome.	The SCI seeks to provide a clear statement of how the District Council will involve the community in delivering its numerous services. The District Council believes that the SCI will provide useful information to the community.	No change.
10/ SCI/ 5 W M Morrison Supermarkets plc	States that they have reviewed the SCI document and note that it allows for the involvement of groups, such as WM Morrison Supermarkets plc, in a variety of ways. On this basis, they do not believe it necessary to submit formal objections to the SCI.	Welcome support.	No change.
11/ SCI/ 5 The Rygor Group	States support for the SCI.	Welcome support.	No change.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
15/ SCI/ 6 Wessex Water	States general satisfaction that the SCI document provides sufficient opportunities for Wessex Water to comment on the production of the West Wiltshire LDF.	Welcome support.	No change.
16/ SCI/ 7 Government Office for the South West	Suggests that the SCI should address the general reader more. It should be more accessible and concise and should read much less like a corporate report to members and officers. States that the SCI is the first point of contact for members of the public in understanding the new system and how they can get involved, if they wish to do so.	Agreed. The District Council has sought, through the consistent use of plain English and format of the SCI document, to make the SCI as accessible as possible. This has included the provision of an executive summary at the very beginning of the document and a sign-post diagram, which clearly directs readers to the sections of the SCI of interest to them. However, the District Council believes that the document can be made more accessible through the production of a short explanatory leaflet, which sets in simple terms how members of the community can become involved in the planning process.	Prepare a short explanatory leaflet to supplement the core SCI document.
17/ SCI/ 8 Persimmon Strategic Land (Western)	Suggests that the document be simplified with a less theoretical approach allowing for involvement of developers, local landowners and their representatives in the process.	1. Agreed. Produce a supplementary leaflet as per Ref 16/ SCI/ 7. 2. The District Council considers that the community is composed of a wide variety of individual people and bodies and that the SCI should be as inclusive as possible. The District Council does not believe that the SCI excludes developers, local landowners or their representatives	1. As per Ref 16/ SCI/ 7. 2. No change.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
1/ Summary/ 1 Councillor Sarah Content	Suggests that the document needs to be signposted, at an early stage, to demonstrate what is realistically possible from a consultation exercise.	Agreed. Amend the sign-posting section to incorporate a statement about the limitations of community engagement.	Amend Sign-posting section.
16/ Consultation/ 1 Government Office for the South West	Suggests that it is unclear whether the SCI document has been through Regulation 25 stage of consultation. Suggests that clear evidence be provided to demonstrate that the any consultation with bodies that the District Council are required to consult, such as the Regional Planning Body has been taken into account.	Agreed. Provide details of those bodies consulted during the informal consultation exercise. Upon submission of document to the Secretary of State produce a Statement of Pre-Submission Consultation.	Provide additional information under Appendix D to clarify the level of consultation and identify those consultees that took part in the informal consultation exercise.
1/ Length/ 1 Councillor Sarah Content	Suggests that the length of the document may cause problems for some elements of the community.	Agreed. Produce a supplementary leaflet as per Ref 16/ SCI/ 7.	As per Ref 16/ SCI/ 7.
7/ Length/ 2 Hilperton Parish Council	Suggests that because of the documents length, the SCI is most user-unfriendly. Suggests the provision of a precis.	Agreed. Produce a supplementary leaflet as per Ref 16/ SCI/ 7.	As per Ref 16/ SCI/ 7.
1/ Para 1.5/ 1 Councillor Sarah Content	Suggests that the wording 'something' be replaced with a more positive statement.	Agreed. Delete the word 'something' and replace with amended text.	Amend Paragraph 1.5

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
14/ Para 1.5/ 2 Persimmon Homes (Wessex) Ltd	Suggests that there is no clear definition of what is meant by 'community'. Suggests that there is little mention made of the need to involve the development industry	The District Council believes that the community is extremely diverse. Consequently, the SCI seeks to be all inclusive. The definition of the term 'community' is clearly expressed through this paragraph, subsequent sections of the SCI and through Appendix F.	No change.
17/ Para 1.5/ 3 Persimmon Strategic Land (Western)	1. Suggests that the SCI needs to recognise the importance of the development industry in delivering investment within the district. 2. Suggests that the SCI should include greater emphasis upon the genuine exchange of views during roundtable sessions and workshops. 3. Suggests that developers have an important message to get across about their positive role	1. The District Council acknowledges the important role of the development industry in helping to achieve the objectives of West Wiltshire LDF. However, the District Council does not wish to place emphasis upon any one member of the community above the rest. 2. The SCI provides sufficient flexibility for a wide variety of consultation methods to be used during the LDF process, including roundtable sessions and workshops. The District Council will utilise these methods where appropriate. 3. The SCI seeks to provide a clear statement of how the District Council will involve the community during the delivery of it's numerous services. It is not intended to be publicity vehicle for any one section of the wider community.	No change.
14/ Para 1.16/ 1 Persimmon Homes (Wessex) Ltd	Suggests that the SCI runs the risk of being unfocussed and too generalised if it seeks to address the whole range of consultations that the District Council seek to undertake with the community. Suggests that the SCI would be	The SCI clearly sets out, under sections 5 and 6, how the community can become involved in the LDF and development control process. Section 4 of the SCI provides a template/ mechanism of how the	No change.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
	better if it focussed upon the various town planning processes.	community will be engaged by the District Council as a corporate body. This section provides valuable links between the District Council's planning functions and corporate and community strategies.	
17/ Section 2/ 1 Persimmon Strategic Land (Western)	Suggests that there are additional benefits arising from community involvement that need to be identified. Namely, greater transparency, reducing conflicts, reducing the time and cost of public local inquiries and obtaining and providing value for money.	Agreed. Make minor changes to Paragraphs 2.1 - 2.5 to reflect these additional benefits.	Amend Paragraphs 2.1 – 2.5.
1/ Para 2.11/ 1 Councillor Sarah Content	Suggests that the wording of the last sentence be amended to explain that there are occasions when the District Council is limited or constrained by statutory requirements.	Agreed. Amend paragraph to include reference to the constraints imposed by statutory requirements.	Amend Paragraph 2.11.
1/ Para 2.13/ 1 Councillor Sarah Content	Suggests that the text provide a brief explanation why the District Council are using a Scottish model and why such a model works for West Wiltshire.	Agreed. Amend text to provide a brief explanation of why a Scottish model has been adopted by the District Council.	Amend Paragraph 2.13.
1/ Para 2.16/ 1 Councillor Sarah Content	Suggests that the word 'typically' be replaced by a less sensitive term.	Agreed. Amend the paragraph text.	Amend Paragraph 2.16.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
1/ Para 3.2/ 1 Councillor Sarah Content	Suggests that a cross reference between the term 'front loading' and the Glossary section be provided.	Agreed. Provide a cross-reference to the glossary.	Amend Paragraph 3.2.
1/ Para 3.6/ 1 Councillor Sarah Content	Suggests that the term 'prominent local developers' be changed to 'developers', in order to accommodate the sensitivities of local residents who may not consider developers as being representative members of the local community.	Agreed.	Amend Paragraph 3.6.
1/ Para 3.15/ 1 Councillor Sarah Content	Suggests that the wording be amended to be more explicit in providing an explanation that this is an evolutionary process, and that as contact between hard to reach groups and the District Council increases, they in turn become less hard to reach and become more integrated within the wider community.	Agreed.	Amend Paragraph 3.15.
16/ Section 4/ 1 Government Office for the South West	Supports the District Council approach towards producing a Corporate SCI.	Welcome support.	No change.
15/ Section 5/ 1 Wessex Water	States that the SCI does not provide a clear and concise summary of the various elements of the LDF. Suggests that the Section should include a clear summary identifying the various	The SCI clearly identifies the constituent documents that together will make up the West Wiltshire LDF. The SCI also clearly identifies the various stages of development that LDDs need to go through. The	No change.

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
	elements of the LDF, their various stages of development and who will be consulted at each stage.	opportunities for community involvement are also clearly signposted within the SCI.	
16/ Section 5/ 2 Government Office for the South West	Suggests that the document does not fully identify how the community and other bodies can become involved in a timely and accessible manner. Suggests that the District Council is relying on traditional written representations as the key method of achieving this.	<p>Agreed. The District Council acknowledges that there are many different methods to enable successful community engagement. These methods are numerous and subject to constant change. The District Council acknowledges that innovative methods of engagement can be particularly useful in reaching 'hard to reach' sections of the community. The SCI reflects this position under Section 3.</p> <p>The District Council believes a flexible approach that accommodates new methods of consultation as they develop, to be of greater value than a rigid list of different consultation mechanisms. The District Council will amend the text of Paragraphs 5.46 – 5.56 to provide an outline of the communications channels available to the community.</p>	Amend Paragraphs 5.46 – 5.56.
16/ Section 5/ 3 Government Office for the South West	Supports the District Council's summaries of the types of LDDs and Sustainability Appraisal Reports that will be produced.	Welcome support.	No change.

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
17/ Section 5/ 4 Persimmon Strategic Land (Western)	Suggests that this section of the SCI document is unnecessarily complex and jargonistic - particularly, in that the SCI is intended to show the public how they can become involved in the activities of the council. Suggests that the section is deleted.	<p>The District Council acknowledges that the language and the content used within a SCI may deter some members of the community. The SCI seeks to explain complex systems and processes. The District Council has sought, through the consistent use of plain English and format of the SCI document, to make the SCI as accessible as possible. This has included the provision of an executive summary at the very beginning of the document and a sign-post diagram, which clearly directs readers to the sections of the SCI of interest to them.</p> <p>Section 5 sets out the basic mechanisms of how the District Council will engage the community as corporate body. This Section is very important in demonstrating the linkages between District Council's corporate and community strategies and the West Wiltshire LDF.</p>	No change.
3/ Para 5.2/ 1 West Wiltshire Local Strategic Partnership	Suggests that the paragraph be re-worded to clarify statements made in the proceeding paragraphs.	Amend paragraph to explain that Minerals and Waste Plan remain the responsibility of the County Council.	Amend Paragraph 5.2.
1/ Para 5.3/ 1 Councillor Sarah Content	Suggests that the fact that the LDF relates specifically to West Wiltshire needs to be brought out.	Agreed. Amend the paragraph text to make specific reference to the West Wiltshire LDF.	Amend Paragraph 5.3.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
1/ Para 5.6/ 1 Councillor Sarah Content	Consider providing a list of those groups informally consulted somewhere within Appendix D - to incorporate a cross reference.	Agreed. Amend Appendix D to include a list of those consultees involved during the informal consultation exercise.	Amend Appendix D.
14/ Para 5.7/ 1 Persimmon Homes (Wessex) Ltd	States that whilst the need to offer flexibility in consultation is appreciated, unfettered consultation and extending deadlines to meet special needs must be balanced against delivering the statutory planning functions in a timely and efficient manner.	The SCI clearly states that statutory timetables will be adhered to when specified. However, in all circumstances where there are no statutory timetables, the District Council will seek to apply the consultation standard set out in the adopted Wiltshire Compact Code of Practice.	No change.
17/ Para 5.13/ 1 Persimmon Strategic Land (Western)	States that the statement 'early involvement will allow a consensus to develop' is wrong. Suggests that constructive engagement which is able to assimilate a variety of opinions and approaches rather than building a consensus to the lowest common denominator is needed.	There is sufficient flexibility within the SCI to allow for constructive engagement between the District Council and the community during the initial stages of community involvement. It is entirely appropriate for a consensus to emerge from the early stages of the LDF process. Indeed, building consensus at an early stage of the process is one of the key objectives of 'front loading'.	No change.
1/ Para 5.14/ 1 Councillor Sarah Content	Suggests that the wording 'where necessary' be amended as it appears to suggest that the District Council will only do the bare minimum.	Agreed.	Amend Paragraph 5.14.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
9/ Para 5.16/ 1 Home Builders Federation	Suggests that the District Council should not place excessive reliance upon activity based community involvement. States that some members of the community find these activities time consuming. Suggests that the District Council allow for a basic level of participation including the submission of written responses. Suggests that notification of progress should be made in writing to all consultees, either by email, or letter.	The SCI provides sufficient flexibility to allow for a wide variety of different consultation mechanisms where appropriate. The SCI clearly sets out (under Paragraph 5.11) the minimum consultation standards that will be applied. Further information on making representations is outlined in detail under Paragraphs 5.46 – 5.56.	No change.
1/ Para 5.17/ 1 Councillor Sarah Content	States that not everyone within the community reads newspapers. Consequently, suggests that an extra sentence be added to make explicit that the District Council are aware of the limitations of press publicity.	Agreed. Provide a single sentence amendment that acknowledges the District Council's awareness of the limitations of press publicity.	Amend Paragraph 5.17.
17/ Para 5.17/ 2 Persimmon Strategic Land (Western)	Suggests that housing developers should be identified as key target stakeholders.	The SCI seeks to be an inclusive document. The District Council considers that housing developers have been treated equitably within the SCI. The development industry is identified under Appendix F as a specific group within the wider consultee community.	No change.
1/ Para 5.19/ 1 Councillor Sarah Content	Suggests that the final sentence be amended to identify the other methods of consultation that the District Council will use to launch consultation exercises.	Agreed. Amend paragraph 5.19 to include an appropriate selection of consultation methods, which the District Council will use to launch consultation exercises.	Amend Paragraph 5.19.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
3/ Para 5.19/ 2 West Wiltshire Local Strategic Partnership	States that no explanation has been offered to explain how consultation on the 'Issues and Options' stage of the DPD process will be undertaken.	The SCI clearly sets out (under Paragraph 5.11) the minimum consultation standards that will be applied. Further information on making representations is outlined in detail under Paragraphs 5.46 – 5.56.	No change.
17/ Para 5.29/ 1 Persimmon Strategic Land (Western)	Suggests that it is unclear which process the Council will be using to carry out consultation on alternative sites proposed by objectors.	Agreed. For clarity, amend Para 5.29 by making reference to the consultation process to be used to assess alternative sites suggested by objectors.	Amend Paragraph 5.29.
14/ Para 5.32/ 1 Persimmon Homes (Wessex) Ltd	Suggests that the SCI is unclear and ambiguous as nowhere does the SCI set out what these requirements for consultation will actually comprise.	The minimum standards for consultation are set out under Paragraph 5.11.	No change.
3/ Para 5.33/ 1 West Wiltshire Local Strategic Partnership	States that the process of appraising LDDs is now mandatory both in terms in compliance with the Planning Act 2004 and European Union Directive. Continues by stating that the Government's view is that the strict requirements of SEA can be combined with the more generic SA notwithstanding that the two are quite distinct. Suggests that the District Council would be well advised to provide a statement within the SCI that SEA and SA are two distinct processes both of which will need to be satisfied in order to ensure that future DPDs are sound.	Agreed.	Amend Paragraph 5.33.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
12/ Para 5.40/ 1 English Nature	States that they are pleased to note that English Nature is listed as a statutory consultee.	Welcome support.	No change.
1/ Para 5.42/ 1 Councillor Sarah Content	Suggests that this is the one paragraph within the document that is difficult to understand. Suggests that the paragraph be re-worded into something understandable.	Agreed. Re-write Paragraph 5.42.	Amend Paragraph 5.42.
16/ Para 5.46/ 1 Government Office for the South West	Suggests clarification to allow members of the community to see how their representations have been taken into account and what changes were made in response.	Agreed. Make amendments to Paragraphs 5.46 - 5.56 to demonstrate how representations have been taken into account during the process.	Amend text in Paragraphs 5.49 – 5.53.
1/ Para 5.48/ 1 Councillor Sarah Content	Amend the wording 'They must clearly' to 'The representations must clearly'.	Agreed. Amend paragraph text.	Amend Paragraph 5.48.
1/ Para 5.53/ 1 Councillor Sarah Content	Amend the spelling of the word 'Council'.	Agreed. Amend spelling.	Amend Paragraph 5.53.
1/ Para 5.53/ 1 Councillor Sarah Content	Suggests that the author should establish whether a group or individual can now make a written representation to the District Council Cabinet and Full Council - not just a verbal representation -	Agreed. Delete the word 'verbal' to permit greater flexibility in making representations to Cabinet or Council.	Amend Paragraph 5.53.

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
	and amend the text to reflect this position.		
14/ Section 6/ 1 Persimmon Homes (Wessex) Ltd	Suggests that there is very little practical guidance within this section on how the development industry could consult with the community.	The SCI provides sufficient flexibility to allow for a wide variety of different consultation mechanisms to be used. Developers can discuss and agree appropriate consultation methods with the District Council. This process is outlined under Paragraph 6.54.	No change.
16/ Section 6/ 2 Government Office for the South West	Supports the District Council's explanation of how the community will be consulted on planning applications.	Welcome support.	No change.
3/ Para 6.18/ 1 West Wiltshire Local Strategic Partnership	Suggests that reference should also be made of how Wiltshire County Council will be involved in respect of their duties as local minerals authority.	Agreed. Amend text to incorporate Wiltshire County Council's responsibilities as the local minerals authority.	Amend Paragraph 6.18.
12/ Para 6.18/ 2 English Nature	1.Suggests that the paragraph wording be amended so that it no longer reads as if English Nature has the same remit as English Heritage. 2. Suggests that the wording be amended to include 'for protected sites, species and nature conservation' after English Nature. 3. States that although the	Agreed. Amend paragraph text to provide greater clarity of English Nature's role within the development control process.	Amend Paragraph 6.18.

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
	wording uses the 'regional offices', it should be noted that the 'English Nature Area Team' should be consulted.		
1/ Para 6.25/ 1 Councillor Sarah Content	Suggests that the text provides an explanation on who 'we' refers to - does this mean the Planning Department?	Agreed. Amend the paragraph text to clarify that 'we' refers to the District Council as local planning authority.	Amend Paragraph 6.25.
1/ Para 6.28/ 1 Councillor Sarah Content	Suggests that the paragraph wording should state when comments will be acknowledged.	Agreed. Amend paragraph text to make reference to how quickly representations will be acknowledged.	Amend Paragraph 6.28.
1/ Para 6.29/ 1 Councillor Sarah Content	Suggests that the author checks the consistency of the wording; is it 'local ward member' or just 'ward member'?	Agreed. Amend text to reflect factual position.	Amend Paragraph 6.29 if appropriate.
1/ Para 6.30/ 1 Councillor Sarah Content	Suggests that the wording be changed to 'Anyone who attends a planning meeting has the opportunity to speak'.	Agreed.	Amend Paragraph 6.30.
1/ Para 6.32/ 1 Councillor Sarah Content	States that the paragraph makes the statement that third parties will be advised in writing but fails to identify when they will be advised.	Agreed. Amend paragraph text to make reference to how quickly representations will be acknowledged.	Amend Paragraph 6.32.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
1/ Para 6.35/ 1 Councillor Sarah Content	States that the paragraph makes the statement that persons will be advised in writing of the planning decision but fails to identify when they will be advised.	Agreed. Amend paragraph text to make reference to how quickly persons will be notified of a planning decision.	Amend Paragraph 6.35.
1/ Para 6.45/ 1 Councillor Sarah Content	States that the paragraph makes the statement that parties will be advised in writing but fails to identify when they will be advised.	Agreed. Amend paragraph text to make reference to how quickly parties will be notified in writing.	Amend Paragraph 6.45.
1/ Para 6.53/ 1 Councillor Sarah Content	Suggests that the text provide more details of the likely timetable of the process.	Agreed. Provide additional text to provide a brief explanation of how the preparation of site-specific development briefs will be managed.	Amend Paragraph 6.53.
1/ Para 6.54/ 1 Councillor Sarah Content	Suggests that the text provides an explanation on who 'we' refers to. Asks whether there should be an active involvement/ role for ward members in identifying who should be consulted?	<ol style="list-style-type: none"> 1. Where the SCI text uses the term 'we', reference is made to the District Council either as a corporate body, or as the local planning authority. 2. Where appropriate member involvement will be welcomed. However, it is not necessary to go into such detail within the text. 	No change.
1/ Para 7.7/ 1 Councillor Sarah Content	Suggests that the text should state how regular the review process will be.	Agreed. Amend the text of paragraph 7.7 to include an explanation of the likely review cycle.	Amend Paragraph 7.7.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
16/ Resource Implications/ 1 Government Office for the South West	Suggests that there is too little information on contingencies.	Agreed. Provide further information on how risks will be met.	Amend Paragraph 7.4.
16/ Monitoring/ 1 Government Office for the South West	Suggests that the mechanisms and methods for review of the SCI are unclear. Suggests that there is a need for further clarification on what will trigger review.	Agreed. Provide further detail under Paragraphs 7.7 - 7.10.	Amend Paragraphs 7.7 – 7.10.
17/ Appendix B/ 1 Persimmon Strategic Land (Western)	Suggests that the term stakeholder be included within the Glossary section of the SCI.	Agreed. Incorporate the term within the Glossary.	Amend Glossary to include a definition of the term 'stakeholder'.
3/ Appendix C/ 1 West Wiltshire Local Strategic Partnership	States that there are nine tests of soundness. Suggests that the Appendix be amended to include the additional two tests.	Agreed. Amend Appendix C to incorporate the additional two test of soundness.	Amend Appendix C.
1/ Appendix D/ 1 Councillor Sarah Content	Suggests that the text be changed to read 'Key individuals in core bodies'.	Agreed. Amend Appendix D text.	Amend Appendix D.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
2/ Appendix F/ 1 Highways Agency	States that the Highways Agency appreciates that the District Council's intention is not to list all bodies for consultation. However, suggests that the Highways Agency, as statutory consultee, should be individually mentioned by name.	Agreed. Amend Appendix F to incorporate a list of Key Consultees, including statutory consultees and those other key consultees that are likely to remain constant.	Amend Appendix F.
4/ Appendix F/ 2 Environment Agency	Suggests that it would be valuable to the reader to include a list of statutory consultees who will be involved throughout the process.	Agreed. Amend Appendix F to incorporate a list of Key Consultees, including statutory consultees and those other key consultees that are likely to remain constant.	Amend Appendix F.
8/ Appendix F/ 3 Robert Hitchins Ltd	Suggests that Appendix F include all bodies to be consulted such as specific developers/ land owners/ agents. States that Robert Hitchins Ltd has extensive land within the district area and would wish to participate in the preparation of the LDF.	Appendix F seeks to provide a generic but inclusive list of all of the varied parties that will be consulted throughout the LDF process. No single list could be completely comprehensive or definitive. The District Council seeks to maintain an accurate and up to date LDF consultation database. Those bodies that wish to take part in the LDF process can have their details placed on the database. The database is subject to the Freedom of Information Act.	No change
9/ Appendix F/ 4 Home Builders Federation	Suggests that Appendix F include all bodies to be consulted. States that the current list precludes an organisation from checking its inclusion within the list. The inclusion of a list enables organisations/ bodies to check whether like minded bodies are	Appendix F seeks to provide a generic but inclusive list of all of the varied parties that will be consulted throughout the LDF process. No single list could be completely comprehensive or definitive. The District Council seeks to maintain an accurate and up to date LDF	No change.

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
	involved in the process and provides clarity and openness to the consultation process.	consultation database. Those bodies that wish to take part in the LDF process can have their details placed on the database. The database is subject to the Freedom of Information Act.	
12/ Appendix F/ 5 English Nature	States that it is not clear from the generic list whether other countryside or conservation groups will be consulted. Suggests that a list of organisations to be consulted would ensure that all appropriate bodies are included.	Agreed. Amend Appendix F to incorporate a list of Key Consultees, including statutory consultees and those other key consultees that are likely to remain constant.	Amend Appendix F.
13/ Appendix F/ 6 South West Regional Assembly	Acknowledges that the lists set out in appendices are not exhaustive. 1. Suggests that the District Council may wish to consult specific regional organisations on specific applications, DPDs and SPDs such as Regeneration South West, South West Tourism and Culture South West. 2. States that the RPB is likely to become a statutory consultee in the development control system in due course and that when this role commences the list of statutory consultees should be updated.	Agreed. 1. Ensure that these specific regional organisations are added to the District Council's LDF consultation database. 2. Ensure that the RPB is added to the list of specific key consultees at the head of Appendix F.	Add the Regional Planning Body to Appendix F.

Statement of Community Involvement

Appendix 1

Consultee Reference	Summary of Representation	Proposed Response	Amendment to SCI
14/ Appendix F/ 7 Persimmon Homes (Wessex) Ltd	Supports the inclusion of the development industry within the generic list of consultees.	Welcome support.	No change.
16/ Appendix F/ 8 Government Office for the South West	1. Suggests that Appendix F include a list of the specific statutory consultees in addition to the generic list already produced. 2. Suggests that the District Council produces a longer list of general consultation bodies. 3. Suggests that the SCI clearly explain how the list of consultees will be identified and kept up to date.	1. and 2. Agreed. The District Council will introduce, at the head of Appendix F a list of key consultees that will be made up of statutory consultees and those general consultees that are likely to remain constant. 3. Agreed. Provide a paragraph, either within the SCI body text, or as a footnote to Appendix F, which explains how the District Council will maintain its databases and allow access to this information under the Freedom of Information Act.	Amend Appendix F.
17/ Appendix F/ 9 Persimmon Strategic Land (Western)	Suggests that the appendix does not emphasise the role of the development industry and/ or housebuilders or local landowners.	Appendix F seeks to provide a generic but inclusive list of all of the varied parties that will be consulted throughout the LDF process. Appendix F makes specific reference to the development industry.	No change.
