ROXTONS

GREAT DURNFORD ON THE RIVER AVON, WILTSHIRE

We are delighted to invite you to join our exclusive weekend syndicate at Great Durnford on the Hampshire Avon

The Great Durnford Estate is exquisite sporting estate, tucked away in the famous Woodford valley on the river Avon – an untouched valley surrounded by undulating chalk downland, yet easily accessible from London via M3 and A303. Roxtons are extremely fortunate in being able to offer this unique fishing syndicate to its clients for the forthcoming season.

The fishing comprises about a mile of the Avon at and above Great Durnford. The river is surprisingly wide for the upper Avon and wonderfully kept with a huge number of trout, from small wild fish to quality, stocked browns of up to 5lb and occasionally larger. The river has recently been taken back in hand by the riparian owner who will carefully stock the stretch with fish of around from 2lb to 3lb. With a policy that all fish caught of 4lb and over, are returned to the river, assuring that fish will grow on to be genuine naturally large fish. This policy has been successfully used at Wilsford, the stretch above Great Durnford, by the same owner for some 10 years, resulting in many fish over 10lb.

The fishing will have at its focal point, a newly built traditional-style lodge, close to the river. The parking is nearby. The lodge will be fully equipped, an idea opportunity for riverside dining, with ample space for tackle storage.

The syndicate will comprise four rods on Saturdays and four rods on Sundays through the season. Rods will have four guest days and will be allowed to keep a brace of trout (under 4 lbs) on each fishing day. The season will run from 1st May to 30th September each year. Guest days will be allocated on a strictly rotational basis and will be issued to each member, before the start of the season.

The syndicate price, for the first season, is

£1,600 + vat for one rod, plus 4 guest days.

One Sunday rod available

We think this represents extremely good value for this quality of fishing, in comparison to other syndicates.

Please contact John Russell, or Tessa Good, if you would like to walk the fishing, or to discuss this further.
