- The Chairman drew the Committee's attention to a letter received from Mr Ilsley, a representative of the Tenant's Panel, outlining the Panel's concerns over the positioning of

bus stops in the Parsonage Road/Earls Court Road area of Amesbury and their impact on traffic flows and road safety and that the Tenant's Panel intention to campaign for a crossing at the junction of these roads.

The Chairman informed Mr Ilsley that Councillor Brown, Portfolio Holder for Environment and Transport, would take this matter up with the Tenant's Panel in an attempt to address their concerns.

Catherine Wiltshire, a neighbour to "Gladwin", spoke on behalf of herself and other neighbours in objection to the proposals outlined in the previously circulated report of the Head of Development Services. Mr Richard Moulton, an agent for the applicant, spoke in support of the proposals. Town Councillor Mr Westmoreland, speaking on behalf of Amesbury Town Council, informed the Committee that the Town Council had no objections to the applicant's proposal.

Following receipt of these statements and a site visit that afternoon, the Committee considered the previously circulated report of the Head of Development Services in addition to the schedule of late correspondence circulated at the meeting.

**RESOLVED** - That the proposed variation to set the garage units back by 1 metre and to increase the gap between the dwellings and garage units is accepted to the approved scheme.

#### **747. S/2003/0087 - FULL APPLICATION - ERECTION OF A NEW DWELLING AND DEMOLITION OF EXISTING OUT-BUILDING AT LITTLE OLD THATCH BEECHFIELD, NEWTON TONY, SALISBURY FOR MRS L WITNEY**

Mr Jonathan Ross, of Relph Ross Partnership, agents for the applicant, spoke in support of the above application. Parish Councillor Mr Dewfall, speaking on behalf of Newton Tony Parish Council informed the Committee that the Parish Council objected to the above proposal as it considered it to be an overdevelopment of the site and would have a detrimental impact on the street scene.

Following receipt of these statements and a site visit that afternoon, the Committee considered the previously circulated report of the Head of Development Services in addition to the schedule of late correspondence circulated at the meeting.

**RESOLVED –**

a) That the above application be **refused** for the following reasons:

1. The proposed development, situated in such close proximity to adjoining residential properties represents an undesirable sub-division of an existing residential curtilage resulting in a cramped form of development which detracts from the residential amenity of the adjoining residents, contrary to policy G1(i) of the Adopted Salisbury District Local Plan.
  2. The proposed development would lead to the division of an attractive open garden in a prominent position within the Conservation Area. The loss of such an area with its associated features and its replacement with an enlarged access and new dwelling adopting the distinctive orientation of Little Old Thatch in relation to Beechfield itself would be detrimental to the existing character of the Conservation Area. As such the proposed development is contrary to policies CN12, CN14 and CN17 of the Adopted Salisbury District Local Plan and to policy HE7 of the Wiltshire Structure Plan (2011).
  3. Having regard to the size and shape of the plot and the proposed position of the dwelling in close proximity to a Grade II Listed Building, it is considered that the proposed dwelling and its associated infrastructure would harm the existing setting of this important building. The proposal is therefore contrary to policy CN9 of the Adopted Salisbury District Local Plan and policy HE7 of the Adopted Wiltshire Structure Plan (2011).
  4. The proposed residential development is considered by the Local Planning Authority to be contrary to policy R2 of the Adopted Salisbury District Local Plan because appropriate provision towards local public recreational open space has not been made.
- b) That the applicants be informed that the reason given above relating to Policy R2 of the adopted Local Plan could be overcome if all the relevant parties can agree with a Section 106 Agreement, or, if appropriate by a condition, in accordance with the standard requirement of public recreational open space.

Dear Mr Lander,

**YOUR REF: GBOW/TRO/AMES**

- 1) THE COUNTY OF WILTSHIRE (VARIOUS ROADS, AMESBURY)(40mph SPEED LIMIT) ORDER 2003**
- 2) THE COUNTY OF WILTSHIRE (PORTON ROAD, AMESBURY)(DE-RESTRICTED ROADS) ORDER 2003**

The above orders were considered by Members of the Northern Area Committee of Salisbury District Council at their meeting on 27<sup>th</sup> February 2003.

The Committee voted unanimously to object to the 40mph speed limits proposed. It is considered that a maximum 30mph limit should be imposed in the interests of road safety, as the roads concerned bisect large housing estates and are frequently crossed by children, mothers and toddlers and others *en route* to schools and shops in the town centre.

It was also resolved to recommend that the 30mph speed limit be extended further out along Porton Road, to a location just south of Mills Way (near to the currently designated 40mph signs), as the last phase of housing development at Butterfield Down, now nearing completion, borders Porton Road at this point.

The Northern Area Committee would be to hear your comments on this second issue.

Yours sincerely,

Andrew Buckwell
