deletions are shown in ~~strike-through~~
additions are shown in underlined italics

~~General~~ Policies *for BPEO and Need*

Policy 1

Sustainable Waste Management and BPEO

To assist in achieving sustainable waste management and the BPEO, planning applications for waste management proposals must demonstrate to the satisfaction of the WPAs that they have had regard as appropriate to the need to:

- (a) contribute to an adequate and integrated network of waste management facilities;
- (b) maximise opportunities for waste elimination, reduction, re-use, recycling/composting and energy recovery in that order of priority;
- (c) reduce consumption of, and efficiently use, primary resources;
- (d) minimise the distance waste has to be transported;
- (e) maximise opportunities for transporting waste by rail or water;
- (f) protect and enhance environmental, economic, social and community assets
- (g) optimise the use of previously developed or used land or buildings; and
- (h) conform to the precautionary principle.

Policy 2

The Need for Waste Development and Regional Self Sufficiency

Waste management proposals ~~that will have significant adverse impacts~~ will only be permitted ~~, the proposal complies with other relevant Policies of this Plan and~~ where:

- (a) there is a demonstrated need to cater for Wiltshire and Swindon's waste arisings; or
- (b) there is a need to meet a demonstrated cross boundary requirement, which accords with the proximity principle, *and to provide for waste arising within the Plan Area;*
or
- (c) in the case of landfill, the development is ~~required to achieve satisfactory restoration.~~
needed for operational or restoration purposes

and where the need for the development outweighs any material planning objections.

Policy 3 Strategic Waste Management Facilities

Strategic waste management facilities (other than landfill/landraise) will be permitted at the locations in Schedule 1 provided the application demonstrates to the satisfaction of the WPAs that the proposal complies with ~~other relevant~~ Policies 1, 2 and 5 to 10 of this Plan. Proposals for strategic facilities at locations not identified in Schedule 1 will only be permitted:

- (a) where it can be demonstrated that the preferred areas for strategic facilities are no longer either available or suitable for the proposed development; or
- (b) where the proposal would meet a strategic requirement not provided for in Schedule 1.

Policy 4 Local Waste Management Facilities

Local waste management facilities will be permitted at the locations shown in Schedule 2 provided the application demonstrates to the satisfaction of the WPAs that the proposal complies with ~~other relevant~~ Policies 1, 2 and 5 to 10 of this Plan. Proposals for local facilities at locations not identified in Schedule 2 will only be permitted:

- (a) where it can be demonstrated that the Preferred Areas for local facilities are no longer either available or suitable for the proposed development; or
- (b) where the proposal would meet a local requirement not provided for in Schedule 2.

Policy 6 Environmental Protection, Human Health, and Amenity and Transport

Proposals for waste management facilities will only be permitted where it can be demonstrated that there will be is no significant adverse impact on the ~~surrounding~~ environment, human health or amenity. Applicants will need to demonstrate in their application that their proposals ~~have had due regard to~~ fulfil the following requirements:

- a) Safeguarding the amenity and character of any nearby dwellings, ~~and~~ settlements and other nearby, sensitive land uses, including urban green spaces, the countryside and degraded areas;
- b) Appropriate design of the site, buildings, structures and access roads, to minimise impact on adjoining land uses;
- ~~b~~ c) The control of noise and light emissions and their impact on existing areas or ~~planned~~ committed noise or light sensitive development or areas;
- ~~e~~ d) The control of air emissions, including smell;

- ~~d~~ e) Control of the impacts of traffic movement on the local highway network and the use of strategic and local lorry routes;
 - ~~e~~ f) ~~The~~ P -protection of the best and most versatile agricultural land;
 - ~~f~~ g) ~~The~~ P Protection and enhancement of the water environment, including protection from flood risk and the efficient use of water:
 - ~~g~~ h) ~~The~~ P Protection and enhancement of any affected designated sites of nature conservation, habitat and biodiversity, landscape, countryside, archaeological and/or cultural heritage importance, taking into account the ~~significance~~ objectives of the designations;
 - i) Protection of other features identified as being important for biodiversity, and any rare and protected species;
 - j) Protection of important local landscapes;
 - k) Protection of the settings of listed buildings, conservation areas and scheduled monuments;
