

**"Closure" of superseded A350**

**Objectors to location of restriction**

Mr. and Mrs. Stainer  
Outmarsh Farm  
Semington

Mr. and Mrs. Pearce  
The Halt  
561 Outmarsh  
Semington

Object that the advertised location of the "bus only" restriction and closure except permit holding agricultural vehicles was south of their properties, thus cutting them off from Semington village. They would prefer the closure to be to the north of their properties.

The location at the existing layby had been chosen because the extra width enabled a more commodious layout. However, a site assessment indicates that an acceptable layout can be achieved at a location north of their properties. A meeting has taken place with the parties and they are happy that this revised location will meet their wishes. This location would not alter the overall effect and intention of the proposed restriction.

The plan attached (**Appendix 1A**) shows the location of both the original restriction and the proposed revised location.
