Project Title/Name	Brambles Outdoor learning Classroom Environment		
What is your project about and what does it aim to achieve? <i>Important: This section is limited to 600 characters only (inclusive of spaces).</i>	We at Brambles are a new charity run preschool, we are aiming for forest school status next year, a very unique quality in this area. To establish this we need to make an outdoor classroom. This would consist of an outdoor gazebo for outdoor learning in all weathers, outdoor easels, outdoor picnic benches, and outdoor toys/learning equipment. The aim being to do the majority of the children's learning outside in all weathers where possible. We have members of the committee who can devote time to build and make any structures needed. We would like to involve and benefit the community as much as possible. This will not only benefit children at Brambles but those at Figheledean C of E Primary school, because we will be holding their breakfast clubs and potentially after school clubs too.		
In which community area does your project take place? (Please give name – see section 3 of the grants pack)	Amesbury Area Board

Where will your project take place?	Brambles Pre School
When will your project take place?	December/January 2011
How did you discover there was a need for your project (please provide evidence) and how will your project benefit your local community? <i>Important: Please do not type/write in paragraphs – This section is limited to 1200 characters only (inclusive of spaces)</i>	<p>We as a new CHARITY run setting knew at some point we would need help to improve what we can offer, when Figheldean School approached us about breakfast/after school clubs we felt this needed to be sooner, rather than later. We firmly believe that outdoor learning is the way forward for education and we have such a beautiful setting in which to do this. We have a large amount of support from local councillors and community members, not to mention very hands on committee.</p> <p>We are involving the community on 30th October 2011, to get them to come along to our open day and see what we can offer, hopefully we will gain even more support from the community, we would like to do this again after the project is complete to continue involvement.</p> <p>This preschool will benefit the community by offering a positive and unique form of education to the area, which would in turn benefit the local primary school. This is a unique opportunity to offer our local community, a new and exciting learning experience.</p> <p>The majority of the children that attend our preschool are military, and a few members of the committee are also from the army based at Larkhill & Bulford, Therefore there is a wider benefit to military families who want their children to experience a new exciting way of learning.</p>
How many people will benefit from your project?	All the children at Brambles, currently 11 and growing fast, All the children at Figheldean Primary school attending breakfast and after school clubs, potentially another 30+ children. The parents of these children who are mostly military families. The local children of Figheldean to whom we would like to offer summer camps and holiday adventure activities when facilities allow.
How does your project demonstrate a direct link to the local community plan for your area? www.wiltshire.gov.uk/areabords Please provide a reference/page no.	providing Pre-School facilities for the community to ensure young couples are able to work and support their families’.

Could your project be funded from your reserves?	Yes <input type="checkbox"/> No <input type="checkbox"/>
Is your project urgent (having to be completed in this financial year? If you answer YES please provide evidence elsewhere on the application form	Yes <input type="checkbox"/> No <input type="checkbox"/>

Any other information about your project.

We are a charity run setting that moved to the community rooms in Ablington and opened 12th September 2011. When we moved in we had to put decking down, put a fence in, build planters and put hand rails in to make the building useable to us. We also had to box in the boiler and gets radiator pole covers. All at our expense to make the building suitable for children and Ofsted approved. Not only did we pay for all this but our committee also made the decking/fence/planters/hand rails devoting a lot of time to do so. It is now that our reserves are low and we are establishing ourselves that we would very much appreciate financial help. With this help we will be able to not only continue to extend our unique learning objectives but also we will be able to extend out offering to the wider community – Figheldean school and the children of Figheldean to whom we could offer holiday clubs in the half terms in the near future.

We appreciate that we are asking for a large amount of money but hope that when you consider our application you consider what we will give in time to building and setting up the outdoor classroom, all of which without our hands on committee would cost hundreds of pounds.

5. What is the desired outcome of this event / initiative?

To promote Village community engagement. The event is being organised by the villagers, with the villagers and for the villagers and local community, which will strengthen the bonds of village life and encourage more opportunities for residents to participate in local activities. It is hoped that greater participation in local events and groups will prompt more interest in the village, engage with younger people and possibly introduce employment.

The events are being organised through general meetings with the Parish Council in liaison and support.

7. Costs/quotes/ match funding?

The aim of the events are planned to support organisations within the village, which will be self-funding. This application is to ensure there is sufficient funding to meet meeting costs, insurance costs and unexpected expenses. The Parish Council will consider setting aside further funding from its precept for 2011/2012. To be considered at the next budget meeting.

Much of the funding for events will be created by the event, such as the fee to enter the Scarecrow Trail. However, local groups, such as the W.I. are funding the children's afternoon and the Methodist Church group are holding a Soup and Sweet event with funds being donated for the Celebration.

The Parish Council are considering setting aside funding from the precept of 2012/13 to be discussed at the next budget meeting.

8. Additional information

The village has called two meetings to date to consider the possibilities and to plan the events for the weekend. There were over 25 persons at each meeting, which was very encouraging. Plans for a programme of daily events over the weekend are being considered and will expanded as further ideas come forward. The commitment shown by members of the village to the celebrations for the Queens Jubilee 2012 and the Olympics will ensure its success. Other supporting Information

Our village has always been one for others to look up to, but with the very difficult times we live in at the moment, we feel that many people have lost their way. We lost our shop and Pub and we feel that we need to find another way of bringing everyone together.

We have held 2 very successful 'Street Parties' on the Market Square. VE Day celebrations and the Queens Golden Jubilee Celebrations. We had a very successful evening in the Hall for the Royal Wedding earlier this year. These events have all been well supported and we are sure that the one we are planning for June next year will also be a huge success.

All we need is a little help with funding to be able to start planning activities and to this end we would request a bit of financial help from the Council

Here's thanking you all in anticipation.
