4. Performance and Other Local Issues

Performance in Warminster and its surrounding villages continues to be good with a **9% reduction in overall crime for this reporting period.**

This equates to 102 less crimes compared to this time last year.

Thefts from motor vehicles continues to be a challenge especially whilst vehicles have been parked at our favourite local walking locations/carparks/villages.

The vehicles specifically targeted have been those where valuable items handbags etc have been left inside/on show.

Whilst these matters appear to have occurred predominantly during the daytime hours when there has been the likelihood of passersby/witnesses the offenders commit these offences when people are some considerable distance away from their cars.

Police suspect that the offenders for these particular offences often park up their own cars and wait or hide nearby waiting to see if others place valuables in the boot/hide them under blankets.

Please DO NOT leave your valuables in unattended cars at anytime – despite car alarms and good security measures – windows are being smashed and thefts from cars continue. YOU can help yourselves.

Please report anything suspicious via the 101 number.

There has also been a particular increase in reports of anti social behaviour and over recent weeks.

It is fully understandable that with the light evenings and nicer weather that people will want to visit and enjoy our beautiful surroundings especially those on our doorstep at Shearwater, Smallbrook Meadows and the Town Park however there needs to be some shared understanding about what behaviour is acceptable so we can ALL enjoy ourselves.

Antisocial behaviour of any kind is not welcome at any of our other local places where many of our local community choose to relax and enjoy themselves when they can.

Further to this it should be remembered whilst we perhaps apportion blame to the youth within our towns for the majority of Anti Social behaviour many reports are actually due to neighbourly disputes and generally a lack of understanding and patience with each other.

Please be mindful of others difference – age ranges, levels of tolerance etc all play a part in understanding what makes people behave the way they do and often with some consideration reports of antisocial behaviour can actually be managed without police involvement.
