Late Representations

Local Residents

Several neighbours have written to highlight an error in the report to Committee in respect of recommended conditions. Condition 15 requiring submission and agreement of a Construction Method Statement has excluded the following criteria (j) that was agreed at the previous Committee meeting.

This is an error in report drafting and the criteria as follows should be included within condition 15:-

j) construction traffic may only access the site from Old Hardenhuish Lane via the entrance to Sedgewick House;

In addition two local residents wrote to reiterate their previous objections which were reported to the previous Committee and to emphasise that they remain strenuously opposed to the development.
