TEMPORARY SPEED INDICATOR DEVICE SITE ELIGIBILITY AND DEPLOYMENT CRITERIA

Purpose of Report

To review the eligibility and deployment criteria for the use of temporary Speed Indicator Devices (SIDs) on the highway network in Wiltshire and to recommend the adoption of revised criteria.

Consultation

None

Options Considered

To:

- (i) Adopt the revised criteria.
- (ii) Not adopt the revised criteria.

Reason for Decision

SIDs have proved to be an effective and popular means of raising awareness of vehicle speeds. The revised criterion allows SID deployment to continue in response to requests from local communities whilst being cost neutral to the Council.

DECISION MADE

I approve that the revised eligibility and deployment criteria for temporary Speed Indicator Devices be adopted.

This decision was published on 5 October 2015 and will come into force on 13 October 2015.
