## **PROGRAMME FOR INTEGRATED TRANSPORT SCHEMES IN 2018/19**

### **Purpose of Report**

To agree the transport schemes to be funded in 2018-19 from the Local Transport Plan (LTP) Integrated Transport Block Allocation.

### **Consultation**

Wiltshire's third LTP was developed in consultation with local councils, community groups and other stakeholders. The LTP integrated transport programme has subsequently been developed to reflect the aims of LTP3 and the transport aspirations of local people.

Many of the projects recommended for funding in 2018-19 have been identified by the local community through the development of community area plans, area transport strategies, and school travel plans, or through the Area Board's Community Area Transport Groups, or have been initiated by Swindon and Wiltshire's Local Enterprise partnership.

### **Options Considered**

It is proposed that the LTP Integrated Transport Block Allocation be allocated to the development and delivery of transport schemes that support community aspirations where these are consistent with the goals, objectives and transport strategies set out in the LTP:

- Local Safety Schemes
- School travel plan improvements
- Projects that support economic growth, promote accessibility and safety, and improve the environment
- Traffic management

No other options have been considered.

### **Reason for Decision**

To ensure that the LTP Integrated Transport Block Allocation is prioritised and targeted towards schemes that meet the Council's transport policies and goals.

## DECISION MADE

I approve that the proposed funding allocations for integrated transport projects in the county in 2018-19, as outlined in **Tables A to D of Appendix 1** of this report, be approved.

This decision was published on 8 June 2018 and will come into force on 18 June 2018.

**The following supporting documents are attached:**

- Appendix 1 - Table A - Local Safety Schemes
- Table B - School Travel Plan Improvements
- Table C - Supporting Economic Growth, Promoting Accessibility and Safety and Improving the Environment
- Table D - Traffic Management

**The following supporting documents are available from the officer named above:**

None
