20MPH SPEED LIMIT - NESTON VILLAGE, CORSHAM

Purpose of Report

To consider the comments received following the formal advertisement of a proposed 20-mph speed limit for the village of Neston, Corsham and to recommend an appropriate way forward.

Consultation

The consultation ended on 28 August 2023.

During the consultation period a total of five comments were received.

The proposals have been developed following prioritisation by the Corsham Local Highways & Footway Improvement Group (LHFIG) and endorsement by Corsham Area Board.

Options Considered

To:

- (i) Implement the proposals as advertised.
- (ii) Abandon the proposals.

Reason for Decision

The proposals are intended to improve traffic conditions by reducing the speed limit to 20-mph on roads within Neston village. This is in line with national guidance and the changes are proposed following a detailed speed limit assessment by the Council's term consultants. Collectively, these changes should provide a positive impact on road safety. The proposals will also be in accordance with both Priority 2 and Priority 4 of the Council's Business Plan.

INTENTION TO MAKE DECISION/DECISION MADE

I approve that:

- (i) The proposals be implemented as advertised.
- (ii) The objectors be advised accordingly.

This decision was published on 10 November 2023 and will come into force on 20 November 2023.
